

Aurora Power Lines Extended to New Fields

Aurora, Aug. 17.—E. G. Robinson of Canby, proprietor of the light and power system in this vicinity, is installing a new line in the Fisher mill area, and also installing a motor in the Stephens mill in this city. The new electric line is now completed to Molalla, and new patrons are being added to the list continually. Among the out of town consumers on the new extensions are: J. S. Fisher, saw mill, twenty five horse power motor; H. N. Smith, between here and Donald, who recently completed a one unit flour and grist mill, has installed a big motor, and L. L. Horshberger of Hubbard has just installed a seven and one half horse power motor in his seed cleaning mill at Hubbard, which takes the place of an oil burning engine.

It is the intention of a great number of people in the surrounding country to equip their premises for light and power service. The service would have been given several days ago, said Mr. Robinson, but for the delay in securing the necessary transformers. Within two days after their arrival, however, this section of the country was connected with an almost unlimited power service. Mr. Robinson says the transformer station at Hubbard is capable of handling twice the load it now carries, and speaking for the Molalla Electric company, he says it is prepared to care for all the electrical needs of this section of the valley.

Mr. and Mrs. Hauser of La Crosse, Wis., have been visiting at the home of Mr. and Mrs. W. J. Flick near here for a few days.

Wm. Ortman and wife returned yesterday from a short visit with the latter's parents at Stayton.

Several from here attended the services at the Wilsonville church Sunday afternoon and evening. The main feature of these services was special music.

Sheriff Needham's crusade against speed fiends has seemed to have a desired effect. The only accident that occurred Sunday was one which knocked off a Chevrolet roadster between here and Hubbard.

Some of the local Pythians went to Columbia Beach, near Portland, Sunday to attend the Pythian picnic, which is pronounced as having been a grand success.

G. A. Ehlen and family are spending the week on the beach at Netarts.

Cheese Factory at Silverton to Open Next Month

Silverton, Aug. 17.—The Evergreen Cooperative Cheese Co. is making arrangements to start the factory again the first of next month. It is understood that the Marlon creamery at Salem has made arrangements to sell milk to the factory. John Zohler will be retained as cheese maker. Mr. Zohler left yesterday for Tillamook to inspect the factories there and get a line on the equipment required to place the Evergreen factory in first class condition. The Evergreen people intend to make their factory second to none in the state.

Dry Spell Causes Water Shortage

Silverton, Or., Aug. 17.—The transition from rainy days of the previous month today's sunshine and unusual warmth has meant grief for the city water commissioners and superintendent. The sudden demand for water to irrigate lawns and gardens has been so enormous that the city's water capacity has been heavily taxed at certain hours of the day and patrons have not had sufficient water for irrigation. The result of the situation is that the water commissioners and superintendent have felt that the city has been exposed to serious danger of fire and a ruling of those officials has changed the schedule of irrigation hours from that of former years.

The city has been divided into two sections, one of which uses the water on even days of the month and the month and the other section on numbers designating odd dates. Persons east of Silver creek use the water on dates of even numbers and persons on the west side odd numbers. The result has been favorable to the city's supply.

Jefferson Way Notes

Davis Rees motored to Salem, Thursday.

Mr. and Mrs. F. C. Wilsey and family left Sunday for the coast, where they will spend a few days.

Mr. and Mrs. Toney, Zella Ratcliffe, and John Miller.

H. A. Smith was a Salem visitor Monday.

London, Aug. 17.—Danish police received a wireless from the American steamer Hoxie, en route for London yesterday, asking for help because of mutiny on board, says a Copenhagen dispatch. Motorboats, with armed men were instantly sent out, but no trace of the vessels has been found. The Hoxie sailed from Norfolk, Va., July 30 for Copenhagen.

Help Your Digestion

When acid-distressed, relieve the indigestion with **KI-MOIDS**. Dissolve easily on tongue—as pleasant to take as candy. Keep your stomach sweet, try KI-MOIDS. MADE BY SCOTT & BOWNE, MAKERS OF SCOTT'S EMULSION.

Paved Highway Strips Finished Near Mt. Angel

Mt. Angel, Aug. 17.—The county commissioners have nearly completed the strips of pavement east and north of this city and are getting ready to begin on the road between here and the Abiqua. The road north of town is paved as far as the cemetery and will be completed for a distance of two miles. Rapid work is being done by the crew having it in charge.

Chas. G. Lais left this morning for Toledo, Ohio, where he expects to spend the fall and winter.

Frank Omund, the tailor, has closed his shop here and left yesterday for Portland. Frank was just a little humiliated by the publicity he received a few days ago on account of his arrest, and has abandoned Mt. Angel as a town in which to pursue his vocation.

The baseball game at Woodburn Sunday between Mt. Angel and St. Paul resulted in a victory for Mt. Angel. The score was 16 to 11.

Like a Regular Man!

TRAIN your boy to prefer Schlitz to drinks which are apt to ferment in the stomach—and to coffee and tea which may cause nervousness and digestive disorders.

Wise fathers give growing boys all the Schlitz they crave. For Schlitz is a complete food as well as drink—made by a special process from the finest cereals and hops, it contains every element necessary to the human body.

Schlitz is fine to develop muscular energy, and to replace broken down tissue. Boys like Schlitz—like its satisfying "scratchiness" that quenches thirst.

Schlitz is healthful and pure—it is aged for months in glass-lined tanks to preclude biliousness—cooled in filtered air in plate glass rooms—filtered through white wood pulp—every bottle sterilized by the Pasteur process. The Brown Bottle protects Schlitz purity until it reaches your glass.

Who Says Pancakes?

Everybody does. Nothing strikes the inner camper like crisp, brown PANCAKES frying-pan size.

With FISHER'S PANCAKE FLOUR you don't have to tinker with the batter. You just add water from the nearest spring and there's a big bowlful of perfect batter ready—enough for the hungriest campful of campers.

We mix sweet, powdered milk and corn sugar right in with the choice buckwheat, wheat, corn and rice. That saves you adding milk and sugar and makes the fluffiest, richest flavored pancakes you ever tasted.

Be sure FISHER'S PANCAKE FLOUR goes into the next camp commissary.

PANCAKE FLOUR

BE CAREFUL WHAT YOU WASH YOUR HAIR WITH

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

The CHENEY

Enriched in Its Own Melody

The Cheney Violin Resonator

Carved from seasoned violin wood and suspended free from the cabinet walls, so that it can vibrate freely. The Cheney Violin Resonator adds quality and volume to Cheney reproductions.

The Cheney has that unusual quality of the violin — "THE LONGER YOU PLAY IT, THE SWEETER IT GROWS."

When first you choose it for your home, it plays more beautifully than ever you have heard music reproduced. And then as years go by, it sweeter and mellows in its own melody, constantly enhancing in value.

Cheney period cabinets are masterpieces of furniture craftsmanship. Refined, quietly elegant, they blend harmoniously into any setting.

C. S. HAMILTON
Salem Representative of the Cheney Talking Machine Company.
