

Hops Promise Big Fortune for Polk Growers

Dallas, Aug. 19.—Hop growers in this section will become rich in the next few years. Many of the big growers have their crops contracted for the next three years at 60 cents a pound, with England as the destination.

It would certainly startle eastern farmers to learn what this means in dollars and cents to the producers. It is considered a fair yield of hops if 2000 pounds are secured to the acre. This means that the hop men will take down \$1200 for every acre in the crop. And it costs about 15 cents a pound under present conditions to cultivate, pick and dry hops.

Take for instance the E. Clemens Horst company, near Independence. This concern has 430 acres in producing hops. This means that the company this year will receive for its hops over \$500,000. In this immediate section of Independence there are close to 3000 acres in hops, all about equally productive. Let the eastern farmer stop for a moment and figure what the harvesting of this crop means in real money.

There is a strong and insistent demand for hops, with a large acreage in Polk county suitable to the crop, that is now unused. There is no more profitable form of farming in the world, and there is apparently no danger of prohibition lessening the demand for the product.

Fight on League Opened in Dallas By Business Men

Dallas, Aug. 19.—The fight on the non-partisan league is to be one of competition, not of negotiation.

So much was evident at the preliminary conference held in the commercial club rooms Wednesday forenoon, at which representatives of the business interests appeared and laid their cards on the table and asked Polk county to look them over.

First and foremost Oregon's big business is not fighting to disorganize the dairyman's association, but is on the contrary financing the contest to keep the organization intact, and in addition is backing the measure legislating such organizations.

Robert E. Smith acted as the spokesman for the party of Portland men composed of Mr. Smith, F. J. Gollubur, Harry Pargaret and Lloyd Riches. Mr. Smith told the assembled business men that the non-partisan league is organizing in Oregon and is a menace to business. He pointed out what has been done by the organization in North Dakota and latterly in Minnesota, and asserted that more than half of the counties in Oregon are already organized. The league has set aside \$200,000 to make the fight in Oregon and the high officials openly boast that they will carry the next primary in Oregon.

After hearing Mr. Smith it was decided to refer the question to a commercial club session.

J. E. Richter, deputy in the sheriff's office, and his sister Mrs. Stuffer, left yesterday for Newport where they will visit for a week.

Misses Frankie Crider and Clarissa Vashaw are the guests of Miss Crider's aunt, Mrs. Frank Conard, at her cottage in Newport, for a few days.

Mrs. L. P. Yoakum and Mr. and Mrs. Scott Campbell and family visited with Mr. and Mrs. Plankington in McMinnville Sunday. Mr. and Mrs. Plankington were formerly Dallas residents.

Miss Laura Beebe was shopping in Salem the first of the week.

Polk County Court Circuit Court

Frank A. Syron et ux vs Charles M. Syron et al. Action for partition of property, filed. Complaint filed.

In re: guardianship of Guthrie minors, Lester A. and Franklin Wayne. Order of sale of real estate.

In re: estate of Joseph Ansel Haines deceased. Administrators authorized to pay amounts due Ida Haines Murphy to county treasurer.

In re: guardianship of Mildred Grable, a minor. Order of sale of real estate. Hort C. Bakun, guardian, files bond and oath on sale of real estate.

Goat Dairy Proves Most Profitable

Perrydale, Or., Aug. 18.—The problems to be solved on many a dairy farm are how to reduce the cost of production, make first class butter and cheese and sell at top prices. There are many theories advanced in this matter, but J. C. Fitzgerald, a farmer living north of here in Yamhill county, has the most unique one that has yet been introduced. He has launched out in the goat milk industry and claims that it is superior to cow's milk. Mr. Fitzgerald says that one can keep six goats on the feed required to keep one cow. One goat, said the dairyman, will easily supply milk for one family.

Theodore Frederick Long, a retired business man of Roseburg, has died after a lingering illness of several months.

Bar View Seems Favorite Resort For Salem People

Twin Rocks, Or., Aug. 17.—Although the heat in the valley during the past week has been intense, the record crowds of people from inland points to the Tillamook beaches failed to include as many Salemites as have arrived, principally at Bar View, which seems to be the most popular with Capital city people, of all these seven resorts.

A motor party which arrived at Neah-Kah-Nie Saturday from Salem included Governor Ben W. Olcott, Dr. W. H. Lytle, state veterinarian; Mrs. Lytle and Carl D. Gabrielson, manager of the automobile department, secretary of state's office. The party made only a one night stop at this resort, devoting Saturday morning to a climb up the sides of Neah-Kah-Nie mountain, where they enjoyed one of the most magnificent views obtainable along the Oregon coast. They then motored over the Seaside road to Cannon Beach, where they visit Mrs. Olcott over Sunday. A day at golf on the links at Gearhart preceded the return to the capital, Tuesday. Governor Olcott reported a delightful trip and was very enthusiastic in his praises of Neah-Kah-Nie.

Mrs. Joseph Godfrey, Miss Emma Godfrey and Fred Godfrey arrived last week for an extended vacation at Bar View beach.

Mrs. George Smith, who is spending the summer in the Miller cottage at Manzanita, made the automobile trip to Seaside Thursday with Mrs. Charles R. Wilson of Woodburn.

Mr. and Mrs. R. C. Dunbar, Mrs. A. M. Rawson, Robert Rawson and Miss Mary B. Rawson were included among the registrants at Hotel Elmore, Elmore Park, last week.

Among the recent visitors at Hotel Bay Ocean, Bay Ocean beach, were Mr. and Mrs. J. J. Roberts and the Misses Helen and Mildred Roberts.

Miss Irene Sapington, who is spending the summer at Bar View, made the trip to Bay Ocean at mid-week to be the guest of Mrs. L. G. Rushlow at Neah-Kah-Nie.

Mrs. Ray F. Shields and Dr. and Mrs. G. C. Bellinger motored in last week for a brief stay at the Taverna, Neah-Kah-Nie.

Miss Elsie E. Boynton and Mr. and Mrs. W. H. McAlvin arrived at Bar View recently for a short vacation.

Mr. and Mrs. W. M. Cherrington, Miss Lena Cherrington, Miss Dorothy Ricketts and J. S. Cherrington were a recent motoring party who arrived at the Hadley camp, "Jigs' Roost," Twin Rocks.

Dr. and Mrs. L. R. Springer are here with a party of friends from Independence for a fortnight's outing at Carter's cottages, Bar View.

Mr. and Mrs. J. O. Bozorth and Miss Inez V. Bozorth, now of Bay City, but formerly of Salem, are occupying their cottage at Twin Rocks for the remainder of the season. Miss Bozorth has recently accepted a position as assistant professor of the department of home economics at Montana State university.

Independence Briefs Independence, Aug. 19.—A number of town guests including Mrs. Lou Walton of Harrisburg, Mo., Mrs. Belle Nye of Calgary, Can., Miss Hattie Virgin of Missouri and Mrs. Gardin Hill Cochrane of Seattle were the inspiration last Tuesday for a delightful function when Mrs. John Dickinson entertained for the several visitors. The hostess requested her guests to bring thimbles. She provided them with a needle, thread and a square of cloth and requested them to outline some animal. The scene was converted into a menagerie. Mrs. Lou Walton and Mrs. Henry Dickinson were awarded the prizes. The ladies were then furnished with a supply of tissue paper and directed to make hats. The fingers soon transformed the "hats" into a millinery salon. Following this diversion Mrs. Dickinson

FEED NERVES PLENTY OF PHOSPHATE IN SUMMER

Keen Minded Men, Energetic and Successful Rely on It Asserts Prominent N. Y. Physician

Bitro-Phosphate a Godsend Men and women, nervous and fretful, easily upset and often fatigued, need plenty of organic phosphate, and the sooner they heed the advice the better their health will be.

In every one of the millions of cells that make up your body, phosphorus is a most important part. Your nervous system, your brain, your blood and even your bones must have a sufficient supply of phosphorus or weakness, nervousness and a general run down condition, as well as lack of normal mental power is sure to result.

Big men of affairs—mighty men who control industries because of sheer will power and nervous force, know this, or, if they don't, are clever enough to have a physician who does. Physicians more and more are realizing that Bitro-Phosphate, as dispensed at drug stores, is a necessity to over forty per cent of men and women, because present day foods do not contain enough phosphate to give the body and especially the nervous system the supply it needs.

Speaking on this very subject, Dr. Frederick S. Kelle, editor-in-chief of Physicians' "Who's Who," and a nationally known author of medical text books, in a most emphatic statement said: "If I had my way, Bitro-Phosphate should be prescribed by every doctor and used in every hospital."

Later Dr. Kelle said: "When the nerve tissue begins to lose its vitality, woman begins to lose her youth and vivaciousness. Her lively, pleasant disposition fades away—she becomes irritable, uncompanionable, moody and despondent. It would indeed be a god send if more men and women were aware of the efficacy of Bitro-Phosphate."

Hot weather is dreadfully keen and women who are weak, thin, nervous, timid and lacking in vigorous development because it saps their vitality almost to the breaking point.

To all such people Bitro-Phosphate is recommended because it is the one organic phosphate which, when absorbed by the system, will supply the element necessary for a vigorous, healthy body free from any suggestion of weakness or disordered nerves.

Your druggist has Bitro-Phosphate in the original package with complete instructions for best results. (adv)

Tractor Owners AND Garage Men

WE NOW HAVE A COMPLETE STOCK OF Gill Piston Rings

This piston ring absolutely prevents the escape of compression and the passage of oil.

The easiest ring on the market to install and is guaranteed to give absolute satisfaction.

We carry a complete line from standard to .032 oversize.
