Mrs. J. S. Graham and Mrs. C. E. Botsford are leaving today for Mrs. Graham's timber camp "Canyon Camp" a few miles from Salem.

Mr. and Mrs. R. E. Anderson and their house guests, the latter's sister, Mrs. G. V. Lerner and daughter of Seattle, their parents, Mr. and Mrs. Kliney Hall of Fort Dodge, Iowa, and their nephew, Merle Dayton, have just returned from Newport after enjoying the seashore for a fortnight.

Miss Lillian Applegate has gone to Medford to spend a month as the guest of her uncle and aunt, Colonel and Mrs. E. Sargent.

Miss Ellen A. Kinney, city librarian at Tacoma, will arrive in Salem Friday to be the guest of her brother, C. B. Kinney, Saturday evening they will with Mr. and Mrs. William McGil-

Amity Seeking Macadan Road To McMinnville

Amity, Aug. 19.—At a recent meeting of the Amity commercial club the question of grading and graveling the proposed road from here to McMinnville was introduced, and the fact that now is the time to get at work on the proposition was strongly emphasized. A committee of seven was appointed to meet the highway commission at Portland this week and make every effort possible to get the project through. If the committee is successful it will mean a paved road from Amity to the county seat, an improvement of vital importance. People who have talked with members of the commission claim that the matter has been given encouragement and it is believed that it will ultimately be consummated.

The contractors at work on the highway north of town have about completed the paving to city limits, and it is said that the work will be finished by the end of this week. On the Polk county division of the road, however, there is little hope of getting a paved road for some time. The road is left in a terribly bad condition and when the rain sets in, will be almost impassible in places. Citizens of McCoy, Perrydale and adjacent districts feel very much worked over the action of Dallas in the matter and a spirit of boycott seems to exist among some farmers and business men of that vicinity.

First Failure In Peach Coup For 20 Years

Mr. Aspenwald, in charge of the A. M. LaFollette farm in Mission Bottom, stated yesterday that the first peach crop failure ever known in the history of that place, which dates back more than thirty years, occurred this season. There will not be more than a bushel of peaches on the farm, he said, and what is growing are of a very poor quality. Early in the spring, said Mr. Aspenwald, we thought several of the trees were going to bear. They came in bloom and looked thrifty, but the blossoms soon fell off. The same is true all through this section, and Oregon will have to do without peaches this winter.

Mr. Aspenwald said, however, that the orchard never looked more favorable for a big crop next year than it does now. The cold weather last winter did not kill the trees, as it did in many parts of the valley, and the trees here are all healthy.

Mr. Aspenwald has had a great deal of experience in the production of berries. He had little this year for the reason that there were few berries grown on the farm. The yards were all well trained last fall and the vines up where the cold hit them. He has found in his experience, he said, that one year after another the vines will yield fully twenty five per cent more where they are trained, and he will train the yard again this season, expecting more favorable conditions during the winter.

The peach crop is the only failure among the fruit crops of the 1920 season.

Japanese Labor Opposes Union Bill

Tokyo.—Japanese labor is expressing opposition to a proposed measure authorizing labor unions which the government says will be introduced into the Diet. At present labor unions as known in other countries are not permitted by law.

Representatives of different labor associations in Tokyo have adopted a resolution declaring that the bill, as they interpret it, is so framed as to frustrate the real development of labor. The memorial adds that the law that would really satisfy the workers and that is really in great need must recognize the right of negotiating in a body and the right of going on a strike whenever occasion requires.

The government bill in question completely ignored these rights and according to the memorial was therefore calculated to encourage a complete application of the labor problem.

FLAMING, ITCHING SKIN DISEASES

Cause Untold Suffering that Could Be Avoided.

If you are afflicted with eczema, tetter, erysipelas, ringworms, pimples, acne, scaly eruptions, boils, irritations of the skin, or other similar disorders, you need not expect any real relief from local applications, and the sooner you discard their use the sooner you will be on the road to recovery, provided you will rely upon the use of S. S. S.

S. S. S. is one of the most satisfactory remedies for diseases of the skin because it goes direct to the seat of the trouble, and by cleansing the blood of all impurities and disease germs, it keeps the skin free from infection, and restores it to its normal healthy condition.

Mrs De Lashmunt Intered at Amity

Amity, Or., Aug. 19.—Mrs. Veda De Lashmunt was buried here on Friday, August 13. The body was shipped from Banning, Cal., where she died August 6th.

Veda White, daughter of Mr. and Mrs. T. A. White of this city, was born in Amity, March 5, 1893, and spent most of her life in this vicinity. She was a graduate of the Amity high school. April 25, 1915, Miss White was united in marriage to Victor C. De Lashmunt of McMinnville, and they made their home west of that city until her health began to fail. Last February, accompanied by her mother, Mrs. DeLashmunt went to Arizona and California where she hoped to regain her health but of no avail. The funeral services were held at the Christian church in this city, of which she had been a member for some time. Rev. Frank Purnell conducted the service and interment was made in the Amity cemetery. She is survived by her husband and mother. She was well known in this part of Oregon and held in high esteem.

Bobby Comes to Grief In Flight

Akron, O.—When Bobby Thomas left his home the other evening he promised his wife he would be home early.

But Bobby didn't keep his word. Then his better half started on the hunt for him.

When he was found, he said, "He was trying to escape here, he said, when he fell through a plate glass window in a grocery store."

Charged with malicious destruction of property, he was fined \$50 and costs in police court, and was severely reprimanded by his wife besides.

Paris Railroads Being Electrified

Paris.—Electrification of the Paris suburban railroad service, planned in 1910 and interrupted by the war, is becoming a fact on the state lines, and the program is expected to be completed in two years.

Electric power stations have been erected at several points, and wires have been strung on a considerable part of the lines, but the electric locomotives and other equipment are not yet ready.

The nearby stations, at first, will be served by the electric trains and the more distant points by the present steam system. The electrification is counted upon to relieve the bad congestion on all suburban lines.

Roseburg is facing an ice famine. The two local plants are unable to secure ammonia.

REMARKABLE RECOVERY

Philadelphia, Pa.—I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me.—Mrs. MARGARET DANZ, 1525 N. Alder St., Phila., Pa.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, proving beyond contradiction that this grand old medicine has relieved more suffering among women than any other medicine in the world.
