## Five Acres of Cherries Net Polk Man Big Profit

Dallas, Or., Aug. 25.—From a five acre patch of bearing cherry trees \$4498 was received by West M. Elliott, who lives a few miles south of Dallas. By taking your paper and pencil and figuring, you will find that \$899.60 was received per acre, with the cherries selling at 13 per pound.

Mr. Elliott is a member of the Oregon Growers' Co-operative association, and received the price for his product as set by the association, five-eighths of a cent was taken from the total amount received to defray the expenses of the organization.

Mr. Elliott has two acres of cherries on his farm, five of which are bearing, and next season, he expects a large yield. He has set his acreage so Lambert, Black Republicans, Royal Anns and Bings, and he found that the Royal Anns are the best bearers.

## Hop Harvest In Silverton Area Started Today

Silverton, Aug. 25.—Roy Morley, who owns a large hop yard northeast of this city, is among the first in the valley to begin picking. He started in early this morning with a full corps of pickers. Several others will begin picking the early hops tomorrow. It is said that hops in the vicinity of Silverton will be picked largely by women and children this year. A few of the men laid off at the mill this week on account of car shortage will be employed in the hop yards. But for the most part men are employed at other vocations. It is said, however, that growers are not finding any difficulty in securing help.

London.—George White and his wife, Mary, were sent to prison for a week because of cruelty to their children. They kept one child, a cripple, aged ten years, in a small room absolutely naked for months. He was found in a small back attic bitten from head to feet by vermin.

## Fire Destroys Abandoned Mill Near Silverton

Silverton, Aug. 25.—Fire yesterday afternoon consumed the old sawmill building two miles southwest of town known as Gordon's mill. The property belonged to Tegland & Larson, proprietors of the City Meat company.

Mr. Gordon had finished sawing the timber on the place which he had leased from Messrs. Tegland & Larson, and Monday finished moving his machinery to a tract of timber land several miles east of the city on the Abiqua river. Mr. Gordon, it is said, had been burning rubbish before moving and the fire spread and commenced burning in the sawdust pile. He supposed that the fire had all been extinguished, but it seems that a small live coal developed into a serious conflagration. But for the fact that many farmers in that vicinity rendered assistance more damage would have been done. The fire is still in progress in the sawdust, but further damage is not expected.

Besides the empty building several thousand feet of lumber and about fifty cords of slab wood were consumed. This belonged to Tegland & Larson. L. H. Myers also had considerable lumber on the premises, and this was also destroyed.

The slaughter house of the meat dealers was endangered and several times a small fire started in the roof. A little house close to the mill was damaged slightly by the fire. The mill building was of but little value except for the lumber it contained. The loss of the lumber and wood is greater than the loss of the building.

The mill caught fire from the smoke stack several months ago and came near burning at that time.

## Young People of Silverton Wed

Silverton, Aug. 25.—Harold Sater and Miss Ruth Dahl, both well known and popular young people of Silverton, will be married this afternoon at St. John's Lutheran church, Rev. J. C. Roseland officiating. The church has been beautifully decorated for the occasion and the ceremony will be performed in the presence of a large circle of relatives and friends. They will be at home in Silverton.

## Friends Wrestle; Leg Is Fractured

Mt. Angel, Or., Aug. 24.—A young man named Raymond, employed by the Benedictine Fathers, is suffering with a broken leg which resulted from a friendly wrestle just after lunch yesterday. Raymond and a young man named Merle, presumably commenced a wrestle and it developed that they were well matched. The struggle continued for some time with neither one going down. Finally they became so determined that a real knockout ensued. John Wits, another employee of the Benedictine farm, intervened and as he took hold of Raymond to prevent a serious injury the latter stumbled and fell backward, fracturing a bone in his lower limb. The young man was taken to the office of a local physician where the fracture was reduced. Raymond came here from California a few days ago to work on the farm.

Whooping cough and dysentery are prevalent among Hood River children. The diseases are in a mild form.

## Salemites Join Crowd Flocking To Beach Points

Twin Rocks, Or., Aug. 25.—The height of the August beach season finds the seven Tillamook resorts crowded as never before in the history. Every sort of accommodation has long been taxed to its limit and one is frequently stopped on the street by the query, "Do you know of any place we can rent?" Last week Bungalow City, Bayocean, the normal capacity of which is thirty-six families, was sheltering forty-one. A number of incoming auto parties, arriving at Rockaway without having previously engaged accommodations and finding all the cottages, permanent camps and hotels full, have been forced to make temporary camps on the beach while waiting for somebody more fortunately situated to leave and make room for them.

Last week we noted the arrival of more Salem people than at any previous time during the present season. The larger portion of these Capital-city vacationists came by machine, some of them making brief stops at several of the beaches.

Fishing for surf-fish from the jetty at Bar View is a very popular pastime with vacationists at that resort. H. M. Conrad, who with Mrs. Conrad, has been spending a fortnight's outing at the Wise Way, has been a particularly ardent devotee of the sport, and has made several fine catches of sea fish. A ten-pound rockcod which he captured one day last week is probably the largest fish of its kind to be caught here this season.

Mr. and Mrs. W. M. Hamilton motored in to Neah-Kah-Nie for a short stop at the Neah-Kah-Nie Tavern. They were also registered later in the week at Hotel Bayocean, Bayocean beach.

Mr. and Mrs. George H. Dunsford motored to Twin Rocks, Sunday, to spend a vacation with Mr. and Mrs. John M. Payne of Portland at Payne's Retreat.

Roy Tolls, son of Mrs. Leverett W. Tolls, Sr., has been taking an extended outing at Bar View. Mr. Tolls is a pianist of unusual ability and has been a valuable member of orchestras both at Bar View and Rockaway.

Mr. and Mrs. Clarence Reynolds spent last week at Twin Rocks enjoying the "Bechive" on the ridge.

Mr. and Mrs. H. W. Darby and daughter, and Mr. and Mrs. B. L. Darby and daughter were among the vacationists to arrive last week at the Johnson camp, Rockaway, where they have engaged Montana and Idaho cottages.

Mrs. J. G. Richardson and son are domiciled with a party of friends from McMinnville in Little Dew cottage, Villa camp, Bar View beach. They made a short stop previously at Rockaway.

A party of Salem people who arrived during the past week for a short vacation at the Tavern, Neah-Kah-Nie, included Roy F. Shields and Dr. and Mrs. G. C. Bellingier.

Miss Vera E. Howard is established until the end of the month at Oceana cottage, Camp Comfy, Rockaway beach. Earlier in the week she was registered at the Anderson hotel, Rockaway.

Fontenelle cottage, Rockaway, an attractive dwelling just completed near the spot, has been engaged by Mrs. M. Marnach, Miss Pauline Marnach, Mrs. E. L. Kappahns, Willard Kappahns, and Miss Pearl Kappahns. The party also made a brief visit to Bar View during the week.

Mr. and Mrs. J. A. Bernardi are among the recent arrivals at Bar View.

Mr. and Mrs. L. W. Parter and child were among the vacationists registered during the past week at the Saltair hotel, Saltair.

## Harvey O'Bryan Committed To State Hospital

Portland, Or., Aug. 25.—Following a secret examination at Mountainview sanitarium Monday afternoon, Barney O'Bryan, prominent insurance man, was committed to the state hospital at Salem and was taken there immediately by relatives. Dr. W. T. Williamson and H. W. Howard conducted the examination, finding O'Bryan suffering from chronic mania. His nervous condition has been causing his friends much alarm for months and of late he has been kept under observation at the sanitarium.

## Owners Petition For Pavement

Mt. Angel, Or., Aug. 24.—Property owners on that portion of Main street between the city limits and the county road which was just completed to the city limits, petitioned the city council at a meeting held Monday evening, asking for the extension of the hard surface. The distance to be paved is 1800 feet and there are seventeen property owners interested. The cost will be \$150 per running foot and the money in advance for the completion of the street. The council acted on the petition and the work will be employed to do the work. It is expected that the work will be completed this fall.

## Deceive Pipe To Be Replaced

Mt. Angel, Or., Aug. 25.—Defective pipe used in the construction of a new water system during the past summer, will be replaced by substantial iron piping, which has already been ordered and will be here in a few days. The engineer in charge of the construction refused to accept the work with the piping first ordered. The second order was placed with another house and is guaranteed. The council does not anticipate difficulty in getting proper adjustment, and a representative of the company has said in the presence of one or two members of the council that it is a poor job.
