A picnic given Wednesday August 26 by the members of the G. A. R. and the Women's Relief Corps was very pleasant for those attending. Many of the guests were visitors from Idaho and Polk county. During the afternoon Mrs. Arthur King gave several readings. Refreshments were served.

Hackenschmidt Story Doubted By Sport Fans

A phone conversation with Billy Stepp, sport writer for a Portland paper yielded no further particulars regarding George Hackenschmidt who is reported to have been in Salem during the first of the week.

Monday, a tourist who stopped at a local garage gave him name as that of the famous "Russian Lion" and later asserted that he was the heavyweight wrestler. He is said to have been accompanied by Mrs. Hackenschmidt. They were driving a Ford car of the "bug" type and stated that they were traveling north along the Pacific highway route, having left Arizona several weeks ago, and camping en route.

No reports have been received from Portland concerning the arrival of the well known athlete in that city, and sport fans are not inclined to credit the story.

Attempt Made To Assassinate Turkish Leader

Constantinople, Sept. 1.—An attempt has been made to assassinate Mustafa Kemal Pasha, leader of the Turkish nationalists near Tokat, a town 58 miles northwest of Sivras, according to an unconfirmed report.

GIVES BIRTH TO TRIPLETS, RESTS ONE DAY AND THEN DOES FAMILY WASHING

Mrs. Joseph Pagano, seven months in America from Italy, recently gave birth to triplets, two boys and a girl, in her home at Brooklyn, N. Y. The boys weigh four pounds each and the girl three and one-half pounds. Mrs. Pagano remained in bed but one day. The arrival of the triplets somewhat delayed her housework, but not for long. Two days later she did the family washing and ironing in time to welcome a throng of guests in the afternoon. This remarkable woman also found time to go on an extended shopping tour.

Oregon News

Portland, Or., Sept. 1.—Suit for \$428,053.74 was filed in the state circuit court here Tuesday by the Astoria Machine Iron Works against the United States fleet corporation. The money is sought in settlement of a contract entered into by the Oregon concern with the federal corporation which, according to the complaint, called for the building of a drydock at Astoria.

Portland, Or., Sept. 1.—The annual Columbia river salmon pack is on the increase, according to R. E. Clanton, state superintendent of hatcheries, who bases his assertion upon this season's chinook salmon pack which totaled 600,000 cases. It is the largest pack yet recorded and Mr. Clanton says this may be traced to the methods of fish culture adopted by Oregon in 1910, effects of which are now beginning to show.

"A total of about \$5,000,000 was paid salmon trollers and seiners through the Astoria banks this season," says Mr. Clanton, "and the retail value of the pack will be at least \$10,000,000. The largest check to a single seiner was for \$11,000."

Portland, Or., Sept. 1.—Louis Flora was fined \$300 in federal court here Tuesday and his automobile truck was confiscated by the government. Flora was convicted of operating a still near Bertha, Or. Testimony was that the truck had been used to haul the contraband liquor. Frank Olson paid \$200 to the government and Marvin Olson

paid a fine of \$300 after they had pleaded guilty to manufacturing liquor.

Portland, Or., Sept. 1.—Portland business statistics for August just ended show a steady gain since August a year ago. Bank clearings, building permits, electrical and plumbing permits indicate rapid growth for Portland.

Bank clearings for August, \$150,398,175, exceeded those of August, 1919, by \$12,221,460, when the total reached \$138,176,715. The balances last month, \$30,187,819, eclipse those of August, 1919, by approximately \$100,000.

Building permits for last month, 977 in all, represent a value of \$920,360 as compared with a valuation of \$828,840.

Merchants, bankers and business men generally report the city's prosperity far in excess of the seasonal expectations.

Portland, Or., Sept. 1.—All previous records for accidental deaths during a one month period in Portland were broken in August, according to the files of the county coroner's office. These records show a total of 18 deaths from accidental causes during August or two more than for the months of May. May held the record with a total of 16.

Automobile accident victims headed the list with a total of six for the month, followed by five fire victims, four of whom died as a result of the Elton hotel fire and three accidental drownings.

The Odd Fellows of Oregon will be represented at the sovereign grand lodge, which is to be held at Boston late in September, by Postmaster Hubbard of Baker.

Trade Increases With Germany

Washington.—Although a technical state of war still exists between the United States and Germany and Austria, trade with those countries is rapidly increasing. Reports of the department of commerce show that exports to Germany totalled \$22,176,079 during the 12 months ended last June 30 as compared with \$8,818,882 during the corresponding 12 months the year before. Imports from Germany has jumped from \$994,981 in 1919 to \$45,036,975 during the year ending July 1.

Exports to Austria as distinguished from Austria-Hungary were valued at \$11,847,127 as compared with nothing the year before. Imports from that country for the same period were valued at \$558,108.

Trade with Russia in Europe also showed a substantial increase in the past year. Exports increasing valued at \$34,639,901 as compared with \$11,000,000 the year before. Imports from that country, however, were valued at only \$2,443,288.

Manila To Have Large Theater

Manila.—Construction work will start soon. It is expected on The National Theatre, which is one of the largest and best equipped playhouses in the Far East. Government and city officials and business houses have purchased stock in the company which is to build the theatre. It is stated the building will cost \$500,000 and the equipment \$250,000. The theatre will have a seating capacity of 1,500. The seats are to be constructed for the tropics, with broad seats and wide arms.

Not a Citizen, Voted Many Times

Independence, Kan.—To have lived in Independence for 45 years and to have voted as long as the women of the state have been voting, and then to discover she was not even a citizen of the United States was the experience of Mrs. James Gillard, seventy-six years old of this city.

The discovery came when she decided to accompany her son to England. In making out the passport application she found that her husband had never taken out his second papers at the end of the five year period.

When Mrs. Gillard came over with her husband it took them fourteen days to make the trip. They traveled in the steerage. Now the mother and son are to return in a first-class cabin.

Women Organize Legion Division

St. Louis, Mo.—Representatives of the women's auxiliary of the American Legion are to gather here today, tomorrow and Friday for the purpose of forming a national organization of the auxiliary. The State organizations are to be known as divisions of the local organizations as units, under the plan which is to be presented to the women.

Newsboys, 63 & 72 Fight Over Stand

San Francisco.—Two "newsies" H. L. Kohlman and John Palmer, recently brought into court here for fighting for "possession of a downtown corner. Kohlman gave his age as 63 and Palmer said he was 72. They were reprimanded and left the courtroom arm in arm.

Union Boycotts Down Town Shops

Minneapolis.—The Minneapolis Trades and Labor assembly is said to have inaugurated a temporary boycott of downtown "loop" district merchants as a protest against the jailing of five officials of the assembly for contempt of court on account of having violated an injunction order against picketing a local theatre. The injunction order, which has been appealed, was based on a state statute prohibiting combinations in restraint of trade. The union men claim the injunction order is contrary to decisions of the state supreme court.

GIRLS IN BAD HEALTH

Hundreds of girls go to work day after day, afflicted with some ailment peculiar to their sex, dragging one foot wearily after the other, working always with one eye on the clock and wishing for closing time to come. Every such girl should rely on Lydia E. Pinkham's Vegetable Compound to restore her to a normal healthy condition, then work will be a pleasure. For forty years this famous root and herb medicine has been preeminently successful in controlling the diseases of women. Why don't you try it? (adv)

Ladders and Teeth

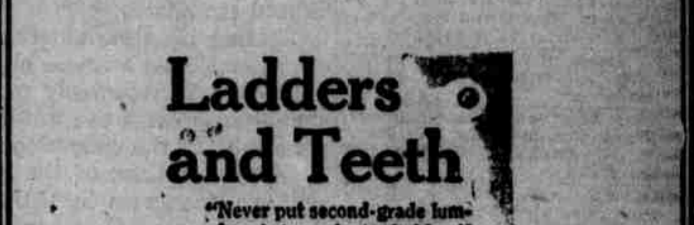

"Never put second-grade lumber into a long ladder." —Painless Parker.

Poor material is bad stuff to put into a ladder or into dentistry or into anything else. Nothing amounts to much if it isn't well made. In choosing a dentist, don't think only of price. Think more of how the work is done and what sort of materials go into it.

Under the E. R. Parker System the best dental materials only are used. The work is done as well as it can be and a fair price asked for it. This policy has built up the largest dental practice in the world.

When you think of TEETH, think of PARKER.

Registered Dentists Using E. R. PARKER'S System

It Is Said "Motoring Is Expensive"

That depends. Those who make that statement are not FORD OWNERS. We concede that gas, oil and tires have advanced, but Ford Owners, hardly feel the advance; and it is also a fact that Ford Cars are increasing their sales daily. People of discrimination are rapidly adopting the FORE COUPE or FORD SEDAN

Why Not? The Closed Cars are the coming Cars.

They are fitted with all conveniences. They will go anywhere an open car can go, and afford every occupant riding comfort; good ventilation; every protection from wind, draughts, heat, cold and rain. These beautiful, easy riding and reliable cars are the most economical to operate of any car built.

Less Cost in Gas, Oil and Tires

"The Ford" stands for reliability and economy. There are more Fords built than all other cars combined, and output increases daily.

Motoring Is Not Expensive

Henry Ford solved the problem, ask a Ford Owner. We can make Immediate Deliveries on Closed Cars

The Economy of Using Goodyear Small Car Tires

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers. They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy. The popularity of Goodyear Tires, of the 30x3, 30x3½ and 31x4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost. If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30 x 3 1/4 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3 1/4 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50
Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/4 size \$4.50 in waterproof bag
