

Deputies Find Law Violations By Autos Many

Scores of flagrant violations of the Oregon motor vehicle laws have been uncovered by the three field deputies operating out of the secretary of state's office...

In many cases violations of the law have been found to be due to ignorance, others have been willful violations and many have failed to comply with the law through indifference to its provisions...

Only one arrest has been made through the activities of the field deputies. Koser states, explaining that "it is not the purpose of the law or the intention of the inspectors to inflict any hardship upon the motor vehicle driving public..."

Violations of the traffic laws uncovered by the three field deputies, the statement sets out, include failure to register automobiles with the secretary of state, including the incident payment of the license fee, operation of cars with but one license plate whereas the law requires two...

Peace officers over the state generally have readily given their cooperation to the state deputies in rounding up offenders against the traffic laws, although in some instances the local authorities have been inclined to be "easy," the statement declares...

Many persons not yet 17 years of age are also reported to be driving cars in Oregon in violation of the provisions of the traffic law. Koser in his statement points out that any person who permits a person under that age to drive a car is guilty of a violation of the law the same as if the minor driving the car...

Farms Will Be Supplied with Electric Power

Twelve more farmers in the Liberty district living on the road between the Liberty school house and Jefferson road will soon be using electric light and power on their farms...

Many of the farmers will use electric motors, the electric power line which is being installed being of sufficient capacity to permit them to use motors as large as 15 or 20 h. p. if they wish to...

The modern farm will soon have practically all of the conveniences to be had in the city. The farmers who will be supplied with service from the above mentioned service are: O. Adams, S. J. Ogle, J. H. Emery, H. P. Cleveland, Roy V. Omart, James G. H. Wolfe, J. W. Westenhause, M. Dorman, Mary Seeger, Elmer A. Kurz, Carl F. Reef, J. E. Crothers.

"Fatty" Arbuckle IN "THE ROUNDUP" 7 REELS—His First Full Length Picture. COMING

REPORTS A TWENTY-FOUR POUND GAIN

"I have been benefited by Tanlac even beyond my belief and feel that it is time for me to talk for the benefit of others," said J. D. Wilson, secretary and general manager of the Algona Brick & Tile Co., of Algona, Iowa.

"For three years," continued Mr. Wilson, "I suffered from nervous indigestion and a general run down condition. My stomach was too weak to retain enough of what I ate to keep up my strength and I gradually went down hill all the time. What nourishment I took soured almost at once, and gas would press up against my heart causing palpitation, shortness of breath, and intense pain. My kidneys were in bad shape and the small of my back hurt almost constantly. No treatment or medicine did me any good, I lost weight all the time and was worried for fear I would never be able to get well."

"Finally a friend advised me to try Tanlac, and it has not only relieved all my troubles entirely but I have gained twenty four pounds in weight and feel that I have been given a new lease on life. I eat anything now. Why, yesterday I ate steak and onions for dinner and it is nothing unusual for me to eat pork, cabbage and pastry and digest them perfectly. Tanlac has simply put me back in fine health and I am glad to tell the public what it has done for me, for many other people who suffer as I did may be relieved the same way."

Tanlac is sold in Salem by Tyler's drug store and by leading druggists in other towns. (adv)

Cherrians Plan To Attend Prune Fete 100 Strong

Vancouver, Wash., Sept. 3.—That the Salem Cherrians, accompanied by their band, will attend the Prune Festival 100 strong, was the statement of "King Bing" Chancery of Salem, who addressed the Prunarians at their Wednesday noon luncheon.

A delegation of the Cherrians attended the luncheon and promised to arrive in Vancouver in time to start off the festivities and assist at the coronation of the queen.

An invitation extended by the Cherrians was accepted by the Vancouver organization to attend the Oregon state fair at Salem, September 28.

Final arrangements will be made for the fete program at a meeting of the general committee Thursday evening at the Prunarian hall.

15, county officials believe, when 12 men are sentenced to be hanged for murder.

Eight of the men are under sentence to die October 14 and four on the following day. In addition two other slayers who have been convicted are awaiting sentence and it is possible that they also may hang on one or the other of the two days.

Chicago has had several wholesale executions in the past—the most notable on November 11, 1887, when four of the Haymarket anarchists were hanged—but nothing in the memory of pall officials approaches a death list of 12 in two days.

Managers plan to exhibit next year's models, this being the only state fair to be able to feature a display of this nature.

J. R. Linn of Salem is supervising the tractor display, working under the direction of the Oregon Tractor association.

Reservoir Permit Is Filed for Here

Permit for the construction of a reservoir for the storage of 400 acre feet of water to be taken from Dutch Flat creek is sought by E. E. Heers, Ertha Heers and Seth Hart of Haines, filed with State Engineer Cupper Thursday.

Other applications covering water rights have been filed as follows: By Louis Stark, F. S. Steffen and J. Q. Church of Portland, covering the appropriation of water from two springs for domestic supply in Multnomah county.

By M. J. Zeek of Bandon, covering the appropriation of water from Cut Creek for mining and milling purposes in Coos county.

By J. D. Loffer of Tillamook, covering the appropriation of water from State Creek and from the unnamed stream for the purpose of a small tract in Douglas county.

By J. R. Norton of Oregon, covering the appropriation of water from surface supply.

By J. R. Norton of Oregon, covering the appropriation of water from surface supply.

Farm Implement Display Will Be Feature of Fair

Keeping pace with the widespread interest in tractors and motor-driven farm machinery, the management of the 1920 state fair has arranged for the largest exhibit of this description ever shown at any Oregon state fair.

The space allotted is three times that of former years, extending from the automobile building to the agricultural pavilion, the overflow to be given space west of the latter building and extending to the entrance.

The Oregon Tractor association has voted unanimously to come to the fair with a full line of tractors and equipment of tractor-propelled machinery. The very latest innovation of this nature will be on display, including plows, harrows,

rolls and so forth. Manufacturers plan to exhibit next year's models, this being the only state fair to be able to feature a display of this nature.

J. R. Linn of Salem is supervising the tractor display, working under the direction of the Oregon Tractor association.
