

Paving Halted On 2 Streets; Cement Needed

With no cement available, paving operations of the city on north High street and Seventeenth street, have been necessarily arrested. While sufficient material may be secured next week to finish up Seventeenth, the completion of High street may be delayed for some time, it is believed.

The two blocks between Marion and Division streets on High and the one block between Court and Chernetka on Seventeenth have all been graded and are awaiting the final work.

A carload of cement has been promised the city, which is expected to arrive next week. It was stated this morning. The car shortage and an exceptionally large amount of improvement underway over the country, are given as reasons for the difficulty experienced in purchasing cement.

Hood River Is Due for Bumper Apple Crop, Clough Says

Roads in the vicinity of Hood River are exceptionally good at the present time. Limbs of apple trees, bent under heavy loads of fruit, are being supported by poles. Indications are that there will be a bumper apple crop near Hood River, and there are hundreds of automobiles on the Columbia highway according to A. M. Clough, of this city who has returned after making a trip over the Columbia highway with a party of Salem and Portland residents.

The motorists first went up the Columbia highway as far as Moshier. From there they proceeded to Hood River, which they found to be crowded with people, many of whom were tourists. Leaving Hood River the party went to Mt. Hood lodge, and later returned through the apple country. Besides Mr. Clough, who was accompanied by his wife, Mrs. J. A. Bishop, and daughter, Hazel, Mr. and Mrs. E. V. Rider of Salem, and Mr. and Mrs. R. W. Bishop, of Portland made the trip.

Woman Protests Levy for Paving

Silverton, Sept. 8.—When Mrs. M. L. Hanson, proprietor of the Hanson hotel, and her daughter, Mrs. Bennett, appeared at the council meeting last evening to file objections to the payment of street improvement on Front street, it appeared as if the city was inclined to hold up payment pending investigation. The engineer however, stated that the work has been done according to the plans and specifications accepted by the city and approved by the city engineer. Mrs. Hanson said that there were defects in the pavement and she objected to paying for her portion of the improvement until these were made right. She objected, also, to paying an additional cost of \$54 for raising the grade. She frankly stated that she did not think the property owners ought to be asked to pay for the engineer's mistakes. It developed, however, that it was not done by mistake of the engineer, but by request of the street committee. By raising the grade, it is claimed, the street is better. It was also stated that the defects in the pavement had been fixed to conform with the plans and specifications. The total cost of the im-

Roosevelt Has Narrow Escape In Plane Wreck

Joplin, Mo., Sept. 8.—Lieutenant Colonel Theodore Roosevelt has a narrow escape from death here at noon today while preparing for an airplane flight which was to take him to Vinita, Okla., and to Tulsa to fill speaking dates.

Colonel Roosevelt was entering the front seat of the plane in which Bert Chandler, candidate for congress from the First Oklahoma district, was sitting, while Paul Meng, the pilot gave the propeller blade a twist. The throttle was too high and the big machine tore wildly down the field. Colonel Roosevelt jumped from the fuselage and landed free of the rudders.

Vinita, Okla., Sept. 8.—Lieutenant Theodore Roosevelt escaped injury in an airplane accident a second time today when an airplane carrying him from Joplin, Mo., to Vinita, to fill a speaking date, crashed into a fence and a tree at the fair grounds here. None of the four passengers in the plane was hurt.

Whiskey Loses Place On Navy Medical Lists

Washington, Sept. 8.—Sultrious liquors received their final and complete divorce from the United States navy in an order made public today by the bureau of medicine and surgery prohibiting their issue to naval vessels for medicinal purposes. Not only are medicinal supply depots prohibited from issuing whiskey except to hospitals, but when their present supplies have become exhausted, the order states, "no further purchases will be made and whiskey will be stricken from the supply table of the medical department of the navy."

G.O.P. Club Is Urged to Unite

Deciding to re-convene at a later meeting, the Salem Republican club deferred election of officers at their session, Tuesday night. The sentiment was expressed at this meeting that completion of organization could be better perfected when more followers of the G. O. P. could attend the meeting. About 45 members of the Salem club were present. The meeting was called by James G. Heltzel, president of the club.

Walter L. Tooze, Sr., urged consolidation of the Salem Republican club, the Salem Young Men's Republican club and the Salem Women's Republican club into an organization to be known as the Stanfield-Harding-Coolidge club. In an effort to secure more votes for his party, Mr. Tooze stated that he is forming these clubs in various parts of the state.

Acting upon the recommendation made by Mr. Tooze, it was decided to authorize the Stanfield-Harding-Coolidge club for the purpose of consolidating effort during the pending campaign. However, the three Salem clubs will resume their original identity at the conclusion of the campaign. Speakers made appeals to G. O. P. followers in Marion county, scoring those who fail to attend meetings or to work for a republican victory at the November election. Ralph Thompson, Daniel Webster, P. H. D'Arcy, Mrs. C. P. Bishop and A. A. Lee addressed the assemblage.

Cherrians to Make Exodus Within Month

Whether to take along a band, a fife and drum corps, a Scotch piper, or just the Scotch was the main subject for discussion by the Salem Cherrians at the Commercial Club auditorium, Tuesday evening.

After various plans had been submitted it was decided that the Salem Cherrian Band and the Cherrians in uniform could throw a genuine kick into the Prune festival at Vancouver, Wash., Sept. 16, awake and rarin' to go" might be an interpretation, of the booster spirit shown by the Cherrians in officially endorsing the move to invade Vancouver with all members in line. There was considerable pause as to the financial investment to be incurred in the matter, this being settled when it was made known that the Vancouver Prunarians will bring a band to Salem during the State fair.
