Breeding by Wells
 N. Y.—Prophetic oysters all ready to multiply into a flourishing all from experiments by W. F. Wells of conservation commission reported on his oyster breeding.

Mr. Wells, at his laboratory on the shore of the Great South Bay, has succeeded in keeping alive millions of young oysters from the larva to the "set" stage. In his report he said that hatcheries modeled after his plant can be built wherein the oysters may be incubated until time to set them out in deep waters.

Mr. Wells declared it is a well-known fact that in the last 10 years the production of oysters has been very much reduced. It was to determine the exact cause of this reduction, he said, that his studies were undertaken. It has been suggested, he said, that pollution of the waters has injured many of the most productive beds in Connecticut and in the vicinity of New York.

Mrs. A. L. Mauldon of Monroe has committed suicide. She was the mother of five children and about 40 years of age. Ill health is assigned as the cause.

Old Timers Team Will Celebrate
 Chicago.—The fiftieth anniversary of the first professional baseball championship game will be celebrated by the Old Timers Baseball association at a banquet here October 13. The game was played between the Cincinnati Red Stockings and the Chicago White Stockings October 12, 1870, at the old Dexter driving park in this city. The Cincinnati aggregation went down to defeat 16 to 3 at the hands of the Chicago team.

This game was practically the beginning of professional baseball, according to Al G. Spink of Chicago, secretary of the old association. The Old Timers Baseball association was organized about a year ago. It takes in persons who played in or who saw the game and now has about 1,000 members. Tom Foley, manager of the old White Stockings team, is a member.

Governor to Play In Benefit Game
 Newport, R. I., Sept. 8.—Governor Beechman has agreed to cover right field for the Summer visitor's nine when they face the local city officials on the diamond here. Proceeds of the game go to maternity hospitals here and in New York.

2,000 Marys Hold Annual Meeting
 Noblesville, Ind.—Do you answer the name of Mary? Yes? Well, you should have been here along with a couple of thousand or so other Marys who attended the annual meeting of the Marys of the nation. Old Marys, young Marys, big ones and little ones, fat and lean, red-headed and otherwise—they were here. And "a good time was had by all." Miss Mary Lacy, president

and Mrs. Mary Neal Conkle, secretary, prepared the program for the meeting, and although they didn't send out cards with kind regards to every Mary in the land, each and every one answering to that name, was invited. The organization was formed three years ago, and it has grown steadily until some 2,000 odd Marys belong.

Arizona Votes Today.
 Phoenix, Ariz., Sept. 7.—Arizona today was balloting to nominate state and county officers, United States senator and member of the Senate of representatives on both Democratic and republican tickets.

A campaign will be conducted at Eugene to list all available rooms in the city for the use of university students. The new dormitory for girls will not be completed until the middle of the school year.
