

Society

By Ruth Lenore Fisher
THE Salem Woman's club will have its first meeting of the winter tomorrow afternoon in the club room at the Commercial club—Mrs. William M. Hamilton will preside and reports will be made by the various committees. Miss Marion Emmons will speak on the violin and will illustrate with two violin solos. Miss Ada Miller will sing. Tea will be served at the close of the meeting.

To arrange for lectures at the state fair, Captain R. Miner Allen has arrived in Salem with Mrs. Allan. Captain Allen will be remembered as one of the lecturers here in 1918 for the fourth liberty loan. He is a Scotchman and served for five years with the British army. He was the official lecturer with the British mission to the states and while here gave 141 lectures. He has also lectured extensively in Britain, France and Germany.

While here Captain and Mrs. Allan are at the J. P. Frizzell home on North Summer street. Invitations have been issued for the wedding of Miss Clara Marion Bowne, daughter of Mr. and Mrs. James Bruce Bowne, Sr., to Harry Humfeld which will take place at high noon Wednesday.

Council Favors 2 Platoons for Fire Fighters

Explaining that the two platoon system for the fire department could be installed in Salem with an addition of only four men, Councilman R. W. Simeral, of the fire and water committee, Wednesday night made a motion that the council endorse the new plan with the suggestion that it be placed before the people at the coming election. The resolution was unanimously adopted.

A talk urging the adoption of the two platoon system was made before the council by Chief Harry Hutton at a meeting of the council over two weeks ago.

Salem firemen, in their fight for two shifts, now have the endorsement of the Commercial club, the city council, and the labor council. The plan, as presented, would do away with the 24-hour shift for fire fighters, and provide for two shifts, one of ten hours and the other of 14. Firemen, however, it is pointed out, would be subject to call at all times.

K. C. Officers Selected for Ensuing Year

Many out-of-town members were present, and an interesting talk relating to the progress of the order was given Wednesday night when Salem council No. 1745, of the Knights of Columbus, held its bi-monthly meeting and elected officers for the ensuing year. The main address of the evening was delivered by Frank J. McCarthy, who recently returned from a year's sojourn in Council Bluffs, Iowa.

Officers chosen are as follows: Thomas Brown, grand knight; P. B. Keeney, deputy grand knight; David O'Hara, chancellor; Flavius Meier, trustee; Theodore Peerenboom, recorder; Rev. Father Derouin, financial secretary; Cyril Suing, treasurer; Frank Bell of Summit, advocate; Frank J. McCarthy, warden; Thomas Klinsky, inside guard, and Elmer McKinney, outside guard.

The offices of medical examiner and lecturer are filled by appointment, it was stated, and the selections will be announced by Grand Knight Brown at the first regular meeting in October, when all officers will be formally installed by

September 15, at the St. Paul's Episcopal church.

Mrs. J. S. Graham is spending a week visiting her sister, Mrs. W. B. Brown at her country home, "Oak Lane," near Gervais.

Mr. and Mrs. George Dunsford have returned home from Rockaway where they spent several weeks.

Mr. and Mrs. S. McElnea returned Wednesday night from a short visit with relatives in Lebanon.

Mrs. E. S. Tillinghast and her daughter, Miss Hilda Tillinghast, have returned from Portland where they passed a short visit with Mrs. Tillinghast's parents.

Mr. and Mrs. W. M. Smith, Mrs. Cora Reed and the Misses Vera and Margaret Smith formed a party to motor over the Columbia highway and through Hood River county during the week.

Miss Irene Curtis left Thursday for Cottage Grove to teach for the winter.

Mrs. Zadoc Riggs motored to Portland this morning and is spending the day with friends.

the state deputy of the order for the state of Oregon.

Work Is Rushed On Prune Dryer

Work on the Cunningham prune dryer now under construction in West Salem is being rushed by a crew of 45 men. Masonry, frame and general timberwork on the structure is nearing completion and installation of the ten large steam equipped tunnels is expected to be under way within three days' time.

Bruce Cunningham, owner and builder of the dryer, representing an investment of nearly \$50,000, expresses satisfaction with the work accomplished during the past ten days and feels confident that the plant will be hauling fruit by October 1, unless unforeseen difficulties are encountered.

The new building will have a total floor space of 180 by 100 feet. The ten tunnels have been designed for ten-ton production of dried fruit each day. The plant will be operated day and night during the prune harvesting season, it is planned.

"Although we have planned to have this plant in operation for the 1920 run, we will operate the two small dryers on our Liberty holdings in event of retarded construction," states Mr. Cunningham.

FRANCIS WEIRATH, foreman at Goodrich Rubber Co., Akron, Ohio, who declares he has improved so since taking Tanlac that no one would ever take him to be the same man. Says he gained fourteen pounds.

"To look at me today no one would ever take me to be the same person I was before I began to take Tanlac. It has simply done wonders for me, and I want everybody to know about this medicine," said Francis Weirath, foreman of a large department of the Goodrich Rubber company plant at Akron, Ohio. Mr. Weirath resides at 210 West State street, that city.

"I was in an awfully bad state of health for fourteen years, and during the past ten years I got to the point where life was a burden. I suffered terribly with indigestion and dyspepsia. I never had any appetite, and all I could eat for breakfast was a soft boiled egg and a little milk. I would get so nervous and miserable that many a night I never slept a wink, and when nothing would bring me any relief I had just about come to the conclusion my case was hopeless.

"I haven't taken but three bottles of Tanlac, but I feel better than I have felt for twelve years. I've gained fourteen pounds in weight, and am getting heavier and stronger every day. I never have indigestion any more, my appetite is splendid, and I eat just anything and everything I want. I sleep sound every night, and all that tired, worn-out feeling is gone. In fact, I am a well man in every way.

"The men at the plant all tell me I am looking fine these days and getting fat. They all want to know what I am doing to myself, and it's always a pleasure for me to tell them about Tanlac."

Tanlac is sold in Salem by Tyler's drug store and by leading (adv) druggists in other towns. (adv)

Dr. R. N. Avison Transferred to Spokane Charge

After serving ten years as pastor of the First Methodist church of Salem, Rev. R. N. Avison, D.D., has been appointed pastor of St. Paul's Methodist church of Spokane.

Dr. Avison's appointment was announced at the conclusion of the Columbia River conference at Moscow, Idaho. His successor to the Salem pastorate will be named until the annual meeting of the Oregon conference which convenes at McMinnville, September 29.

Prominent members of Dr. Avison's Salem charge regard the new appointment as recognition of his work here in perfecting growth and organization of the First Methodist church. During his pastorate 1441 new members have been en-

rolled, \$34 have been transferred to other churches and 123 deaths have occurred in the church membership. The present membership is 1270, giving the Salem church the right to claim first honors as the largest church in the Oregon conference and the largest religious assembly in Salem.

Interests Are Many
 In addition to work in aiding Willamette university and establishment of the Jason Lee church in north Salem, Dr. Avison's interest and energies have been devoted to many benevolent community enterprises. During his 10-year pastorate here, more than \$50,000 has been raised by the First church for benevolent purposes, not including contributions to war activities nor the amount of \$32,000 raised for the centenary movement. A new parsonage adjoining the First Methodist church building at State and Church streets was erected shortly after Dr. Avison accepted the Salem pastorate.

Dr. Avison has received an unanimous invitation to return to the Salem pastorate. Dr. and Mrs. Avison will leave for the Spokane appointment in about ten days.

WOMAN'S SUFFRAGE

may eventually give to women rights to which they are entitled but good health, which is the birthright of every American woman, must be hers before she can fully enjoy the privileges which woman's suffrage will bring. Women who suffer from those dreadful pains, backache, headaches, irritability, nervousness and depression, symptoms of organic trouble, should rely on Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, to restore them to a normal, healthy condition as it has thousands of other American women.

Mallory Hats

New Fall Hats now on display

They're just in—
 Rich soft felts, in the very newest shapes and shades, (Midnight Brown, Myrtle Green, Bronzette, Nubian Gray—lively colors that young men like) and, of course, the latest thing in Derbies.
