DON'T SPOIL YOUR HAIR
BY WASHING IT

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. Its very cheap and beats anything else all to pieces. You can get Mulsified at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. Be sure your druggist gives you Mulsified. (adv)

some Pacific coast city hereafter, instead of New York city as heretofore.

New dances demonstrated and officially accepted in Portland were the Tlny Fox Trot, Wesleyan, Pepper one step, Fox Waltz, Rrino-bow three step, and Ohio Waltz, so named by Mayor Baker, because of its introduction by the national president of the association, Prof. Route of Ohio. Mrs. White states that jazz dances and jazz music received the severest criticism at the hands of the masters, and that to counteract it a crusade will be systematically begun to abolish music of that nature, which makes such dances possible. An effort will be made to revive the more graceful old steps and positions, and create a new national standard of both step and music.

Both Mrs. White and Miss White received special instruction in ballet work from Signor Stefano Mascagno, recognized as the world's greatest exponent of the ballet. Children's features and national steps of the various countries of the world were also emphasized.

Mrs. White's pupils will assist on the program for all-American day at the state fair. Miss White will appear in a Spanish dance and a new American one; Miss Jeanette Sykes will interpret an Irish number, and Miss Leona Davidson a Scottish dance, all to appear in costume.

Society gathered at the Miller Mercantile store Monday night for their first annual fall opening and style show which proved to be a remarkable success. The store was filled with folk who called during the hours of 8-10 o'clock and a beautiful setting was made for the showing of their models. The room where these models showed was banked with palms and fern and huge baskets artistically filled with marigold and gladioli lent a blending color note. The floral setting was from the master hand of Clancy and was beautiful. Hidden by palms and baskets of these flowers a five piece orchestra played during the hours. The models who showed smart tailcoats, coats, one piece street gowns, and afternoon and dinner gowns were Miss Myrtle Warfel, head of the ready to wear department, Miss Mary Seely, Miss Sylvia Thompson and Mrs. Marie Stringer. The hats shown were from the Eleanor Briggs department of the store.

Mr. and Mrs. J. B. Littler, Mrs. E. E. Upmeyer and Robert Littler motored to Portland Sunday night

Game Laws of State Supreme Declares Brown

No official or commission possesses the authority or the power to make an open hunting or fishing season contrary to the statute, however desirable it might be, according to an opinion prepared by Attorney General Brown for A. J. Moore, district attorney for Deschutes county.

All officers of the state, from the highest to the lowest, are creatures of the law and bound to obey it, Brown's opinion holds, adding that "if the state law is to change the open season in Eastern Oregon it is the duty of the legislature to do so."

LUCKY STRIKE
"IT'S TOASTED"

LUCKY STRIKE cigarette—it's toasted. Lucky Strike tobacco—it's toasted. Both are toasted. You cannot get the remarkable and unusual flavor of toasted Burley tobacco in any other brand.

How is it that this toasting process preserves so successfully the original Burley flavor? Because it's sealed in.

Take the case of the bee and the honey. The bees have the right idea. To lock in that fragrant and delightful flavor of clover honey they put a thin coating of wax over the whole honey-comb.

You know yourself that honey can stand unbroken on a shelf for months or years, and be just as good when it's used.

And that's what happens with the Burley tobacco used in making Lucky Strike.

In each Burley leaf there are little pores like a sponge. In the heat of toasting these pores are sealed. The Burley flavor is there, inside.

When you light your Lucky Strike cigarette or your pipe full of Lucky Strike tobacco the heat releases the Burley flavor for your benefit.

IT'S TOASTED

Guaranteed by **The American Tobacco Co.**
