Mint Still at Gervais in Full Operation Now

Gervais, Or., Oct. 13.—A good sized still is in operation not far from Gervais at the present time. It is not of the "moonshine" order, but a peppermint still built and operated by Moisan, Manning & Thurman, which is turning out the product of their mint farms here as fast as the weather conditions permit. Probably the owners would be better satisfied if there were a little moon shine, sun shine or something of the sort attached to the industry this year, because under the present conditions of the weather the work is progressing very slowly, and what is wanted just now is a little dry weather to enable the growers to get the crop out of the fields. Only a small quantity can be harvested at a time for the reason that the ground is in such shape that teams cannot get into the fields to haul out very large loads at a time, and the mint is not out only as it can be hauled to the still. The quality of peppermint is said to be of the very best, and the crop is yielding heavily this fall.

Oregon City.—A brass foundry is to be opened here by J. Rohrborg and will provide a new industry for the town. It will handle, in addition to general work, some of that for the paper mills.

Hubbard Woman Called by Death

Hubbard, Or., Oct. 13.—Mrs. Clyde Yoder, a native daughter of Hubbard, died at her home east of here Friday and the funeral was held Sunday. Mrs. Yoder was well known in this part of the county, having lived here all her life. She was thirty years old. Mrs. Yoder is survived by husband and family of children.

L. M. Schell, Geo. Zeek and Mrs. Chas. Kinser were delegates to the Knights of Pythias and Pythian Sisters Grand Lodge meeting at Marshfield this week and left on a special train passing through from Portland Sunday evening. Mrs. Kinser, in a letter written upon her arrival at Marshfield, says they are having a fine time. The train took on more cars at different towns along the line and by the time it arrived at Marshfield, she

Several farmers living adjacent to the Boon Ferry road west of here have petitioned the county court asking that the road be graded and improved this fall. It is said that in some places it is impossible and when the winter comes, it is claimed, the road will have to be entirely abandoned unless improvements are made now. It is said that large tractors passing over the road during the fall have ruined it for automobile traffic.

Too Weak to Do Anything

The ordinary every-day life of most women is a ceaseless treadmill of work. How much harder the tasks become when some derangement peculiar to her sex makes every movement painful, and keeps the nervous system all unstrung until life seems hardly worth living. Every woman in this condition should profit by the experience of these two women whose letters follow.

Read the Experience of These Two Women

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' And there is only one answer, 'Lydia E. Pinkham's medicines which I gladly recommend.'"—Mrs. W. M. STEPHENS, 560 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in my side. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and advised me to try it. I was then in bed part of the time, and my doctors said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work, and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 202 Harvey St., Gainesville, Texas.
