

City Hall at Trim Destroyed

Hill Divorce Case Involves 60 Witnesses

Independence, Ore., Oct. 21.—When Verd Hill of this city had finished telling Judge Bingham's court in Albany Saturday afternoon the story connected with his matrimonial career covering a period of about six years, the locally famous Hill divorce case was continued until tomorrow. A part of Friday and the entire day following Mr. Hill told of the treatment that had been accorded him since his wedding day in the year 1914.

In his direct examination Mr. Hill stated that his wife possessed a violent temper, which renders her, when under its influence, unreasonable; that she bit his finger upon one occasion during a disagreement, and that she "nagged" him continually to buy articles for her which he deemed extravagant and unnecessary. Following the lead of his attorney Mr. Hill described the events of his short married life and ascribed his wife's temper and unreasonable behavior as the source of all their trouble.

At the conclusion of his cross examination Saturday afternoon, Mrs. Nora Perry, Clifford McBeth, Mrs. Pearl Johnston, Mrs. Gertrude Virgin, Dr. Charles H. Dunsmore, pastor of the Independence Presbyterian church, C. D. Gallbraith, J. G. McIntosh, E. J. J. Walker, Alpha Bascoe, O. A. Kreamer and Mrs. Pearl Hill of this city were called by the defense to support his testimony, and it is reported that he goes to court with sixty witnesses, if needed, to substantiate his testimony.

The case, while involving one third of the defendant's property valued at approximately \$40,000 and \$20,000 in cash, the latter sum to apply as a lien upon the other two-thirds of the property in case the petition of the wife is granted, has so far been devoid of sensation. Nearly two hundred witnesses have been called in the case, and whether the defendant wins or not he will be called upon to pay the court expenses which will, it is said, amount to considerable more than \$1000. Thirty-two witnesses will go to Albany today with Mr. Hill to give evidence substantiating his testimony of Saturday.

Growers Hold Potatoes For Higher Prices

Monmouth, Ore., Oct. 21.—Farmers hereabouts, it is said, are considerably discouraged over the present potato prices, and many are storing the crop in the belief that prices will go higher later in the season. Buyers in Oregon, it is said, are offering only one dollar a hundred or a little more for the good quality, and if this price continues it is believed that many potatoes will be left in the ground. It is not very profitable to raise potatoes said a grower in Monmouth yesterday, at the prices offered when the seed last spring cost nearly \$4 a bushel and labor all summer has been exceedingly high. At the present price, some farmers say the potatoes are not worth digging.

Keep Your Blood Pure Nature Will Do the Rest

Did you know that ninety per cent of all human ailments depend upon the condition of your blood? Nature gives her warnings in various unmistakable ways, so that when the appetite fails, and you become weak and listless and a general run-down condition seems to take possession of the whole body, it is an unfailing sign that impurities will steadily accumulate until your general health will be seriously affected. You should recognize the importance, therefore, of very promptly cleansing out the system, and keeping the blood supply pure and robust. Get a bottle of S. S. S. at your drugstore to day, and note how promptly it builds up the appetite and gives new strength and vitality.
