

Company L Is Reorganized As Guard Unit

Dallas, Or., Oct. 23.—Company L, Fifth Oregon Infantry, of Dallas is now a reality as the company was organized last night at the armory by Adjutant General I. White and Colonel Dentler, inspector instructor of the northwest. Major Francis Drake, Captain Miller and Colonel Conrad Staffin were also present to assist in the reorganization of the company. Several delightful and instructive talks were made and enjoyed by about 100 young men who were present. The outlook for an active and first class company seems to be very good, as the boys are very much enthused and earnest in the promotion of the work. The following officers were elected and properly commissioned by Adjutant General White: Captain, Edward D. Hamilton; first lieutenant, Raymond Scott; second lieutenant, Robert S. Kresson.

The above officers are all overseas men and served throughout the fray in France, with considerable distinction. Captain Hamilton is engaged in the lumber business here in Dallas, having built a mill on the old Spaulding site some time ago. Lieutenant Scott is engaged in the Willamette Valley Lumber company's mill and Lieutenant Kresson is an attorney associated with Oscar Hayter.

Seventy-three were enrolled and the company will begin its drilling and other activities at once. A very enjoyable lunch followed the organization of the company which was furnished by Adjutant General White.

One of the Five Hundred clubs of the city met last evening at the home of Mr. and Mrs. Fred Stinnett and enjoyed the evening playing progressive Five Hundred. The home was artistically decorated with autumn boughs and berries, having the Hallowe'en effect. A very interesting game was conducted until nearly midnight and the results determined that H. A. Jones was the winner of the first prize having made the greatest score for twenty hands which were played. Dr. W. C. Shaeffer was the recipient of the hobby prize, having failed to score very high.

The host and hostess served a very dainty and delightful lunch to those present who were as follows: Dr. and Mrs. Schaeffer, Mr. and Mrs. Clair Tracy, Mr. and Mrs. Harry Viers, Mr. and Mrs. Chauncey Crider, Mr. and Mrs. Floyd D. Moore and Mr. and Mrs. H. A. Jones.

The club dispersed some time after midnight and will meet again in two weeks at the home of Mr. and Mrs. Floyd D. Moore.

H. B. Nunn of Dallas has just returned from several months' visit in California. Mr. Nunn is trustee officer for the schools of Cook county and has been absent on account of his daughter's health. Mrs. Nunn and the daughter remained in California for the winter. Mr. Nunn, who is a devout Cox man, says that he came back for the purpose of casting a vote for his favorite candidate.

Attorney J. N. Helgeson has been absent during the week attending court at Astoria, where he was looking after legal affairs in which he is interested.

The lack of petitions by citizens of Dallas seeking the city offices of mayor and councilmen brought about some activities on the part of the Commercial club. Deeming it advisable to have a list of names made and presented to the citizens so that they may get assistance in filling their ballots, the board of directors of the Commercial club prepared a slate which will be published in the papers and circulated among the citizens of Dallas, with a view of promoting the welfare of the city.

The following men have been recommended by the Commercial club: For mayor, U. S. Grant; councilman at large, N. L. Gay; first ward, Walter Muir and Chas. Belleu; second ward, C. H. Sundberg and John R. Allgood; third ward, Floyd D. Moore and Robert

Kreaser; fourth ward, Carl Gerlinger and Charles Hayes.

Another ticket was mentioned by the pool hall interests, hoping to get a wide-open Sunday town, but, from all indications, their activities in the matter have ceased.

Attorney J. N. Helgeson is spending some time in Independence, Monmouth and the southern part of the county, doing a little campaign work.

Mr. Young, merchant of Perrydale, was a business visitor in the city yesterday.

The firm of Pugh & Sauer, who have been laying cement sidewalks and curbing in the residential districts of Dallas, have completed their work. The result gives a finished appearance to the city and is satisfactory in all details.

Independence

Independence, Or., Oct. 23.—After teaching a little more than a week in the Richmond school at Salem, Miss Gretchen Kraemer, daughter of Mr. and Mrs. O. A. Kraemer of this city, was elected music supervisor of the Junior high and grade schools of that city. This recognition of her ability came as a surprise to Miss Kraemer, as the promotion was wholly unsolicited on her part. She held a similar position in Astoria.

The "Owls" are hootin' again, having held the first meeting a few days ago since the adjournment of the schools of that city. This year, the schools will be in session. They congregated at the home of Mr. and Mrs. L. Damon. Four tables of players indulged in whist and at the proper hour Mrs. Damon served one of her customary tempting luncheons.

Bartlett Lyons, who has been working in the lumber mills at Siletz, returned to the city yesterday. He has been in the city for some time and vacated his position when the mill closed, was in the city yesterday. Mr. Lyons was on his way to Valsezt with a party of lumbermen who have been engaged to work for the Valley & Siletz Lumber & Logging company.

Mrs. J. S. Bohannon has returned from an extended visit with her two daughters at Newberg and Portland.

The Pythian Sisters of Independence are making arrangements for a Hallowe'en social in K. P. hall and a program will be rendered. The Eastern Star held a rousing meeting Tuesday evening when five candidates were balloted upon and an autumn supper was served. It was a delightful time.

D. L. Hodges, one of the pioneers of Independence, is very ill at the home of his daughter, Mrs. C. C. McIntosh.

Frank Miller was taken to the Salem hospital yesterday where he underwent an operation for hernia. He is said to be improving as well as could be expected under the circumstances.

Mr. and Mrs. A. L. Sperling are here from Portland again this week. Mr. Sperling's mother is very poorly at present and her advanced age makes her condition seem serious.

Miss Winnifred O'Donnell of Minneapolis, Minn., who has been visiting her brother, J. J. Next, at Independence, left Portland a few days ago to sail on the Rose City to California, where she will spend the winter.

Mrs. J. D. Reeves, who suffered an operation at the Salem hospital a few days ago, is said to be recovering from the operation very satisfactorily.

I. H. Ingram is said to be very ill at his home in this city with cancer of the throat. There seems to be little hope entertained by friends here for his recovery.

Miss Madeline Kreamer has been for a few days with friends in Portland.

C. A. Craft of San Francisco has been visiting for a few days at the J. D. Hibbs home.

Miss Alta Buffum was married at Salem Monday to L. D. Rueh and at the same time and place G. E. Buffum, a brother of the above named bride, took for his companion Miss May Taylor. All of the parties reside in Marion county near this city.

The 1929 hops belonging to Hedges & Davidson and also the lot belonging to the Burton estate, were sold a few days ago. The price paid has not been given out.

New Warehouse Company Forms

The Eagle Warehouse company, with headquarters in Portland, has been incorporated in Oregon by W. R. Bagot, W. H. Stevens and George J. Perkins. The capital stock is \$50,000.

The Mayor-Bettinger company with a capital stock of \$7500, has been incorporated by Hallie S. Rice, Harold Maier and Elmer Bettinger. Headquarters will be at The Dalles.

R. Stone, J. Burbe and J. Thornborn Ross of Portland have incorporated the Burbe Mill company. The capital stock is \$5000 and headquarters will be in Portland.

The Motor Loan association has been incorporated by R. E. Bondurant, W. W. Gordon and John A. Collier. Headquarters will be in Portland and the capital stock is \$10,000.

H. S. Miller, P. M. Collier and C. L. Bonney have incorporated the Franklin Press, with headquarters in Portland. The capital stock is \$5000.

The Prest-O-Lite company, Inc., of New York has filed application with the state corporation commissioner to operate in Oregon. The capital stock is \$100,000, and N. D. Simon of Portland has been named attorney in fact.

The Slate Creek Lumber company has been incorporated by J. V. Morgan, J. V. Morgan and K. M. Morgan. The capital stock is \$5000.

Notices of dissolution have been filed by the Sheridan Walnut Growers company of Sheridan and Southern Oregon Investment company.

Water Permits Asked by Five

An application for permit to appropriate water has been filed in the office of Percy A. Cupper, State Engineer, by William T. Reed of Kansas City, Missouri, covering the appropriation of water from Jump-off-Joe Creek and Winona Reservoir, for the irrigation of 1240 acres of land in Josephine County. This development contemplates the construction of about eight miles of main ditch at an estimated cost of \$100,000.00.

The Shevlin-Hixon Company have filed an application for permit to appropriate water from Paulina Creek for domestic use, for log pond, and steam power in connection with saw mill near Bend, Oregon.

Other applications for permit to appropriate water have been filed by Mrs. Kate McDonald of Dayville, Oregon, covering the appropriation of water from Rock Creek for the irrigation of a small tract in Wheeler County.

By E. B. Graham of Grandview, Oregon an application covering the storage of water in Fly Creek Reservoir for irrigation and domestic purposes in Jefferson County.

By Leonard L. Goodwin of Vale, Oregon, covering an appropriation of water from the Owyhee River

Water Permits Asked by Five

for irrigation purposes in Malheur County.

What is believed to be a record-breaker for the Coos Bay country is the rainfall from September up to date, aggregating 14.63 inches. Reports from the mountains on the line between Linn and Deschutes counties indicate that five feet of snow fell there during recent storms.

Ford Flour Mill Near Completion

ALL FORD PRODUCT FROM FARMS TO CONSUMER

One hundred barrels of flour will be the daily output of the Henry Ford grist mill, Dearborn, Michigan, before the end of September, if the rapid progress which is being made continues uninterrupted. At present it is planned to sell the flour in the employees' commissary stores. With the wheat grown on the Ford farm, the mill complete a "from farm to elevator to mill to store to consumer" link. No one outside the Ford organization touches the product.

The flour will be milled as efficiently as modern equipment can do it. Carried into the mill on a belt from the elevator, alongside

Two Added To Slacker List In Deschutes

Instead of reducing the personnel of the slacker list in Deschutes county as was anticipated by the military officials, word was received at the office of Adjutant General White today that the names of three persons had been added to the list of delinquents there.

At the time the official list of slackers was received by the adjutant general he withheld the names until such time as they could be submitted to the various county clerks of the state for checking. Deschutes county was the first to make a formal report to the adjutant general. One of the men added to the slacker list there alleged that he had a wife and child to

Two Added To Slacker List In Deschutes

support and claimed exemption on this plea. A few days after claiming exemption he was arrested by the Portland officers on a charge of non-support. Another of the men made application for exemption on the grounds that he was a farmer, but soon after left Deschutes county for parts unknown. He deserted his family who are still residing in Deschutes county.

County Clerk Boyer of Marion county has reported to the adjutant general that one man included in the slacker list from this county was arrested some time ago by the federal officials but later was acquitted.

Governor and Party Inspect Route of Road

Herbert Nunn, state highway engineer; Dr. R. E. Lee Steiner, superintendent of the state hospital, and Governor Oletot, left yesterday for a trip of inspection over the proposed new road to be constructed from Astoria south to Lincoln county. The officials will make the trip as far as Neakowin by automobile, from where they will walk to Siletz. The proposed new road, if constructed, will open up a rich timber and dairy district and will provide means of travel along the beaches from Astoria to the Lincoln county seat.

The party will be absent from Salem until November 1.

A modern blast furnace produces about 350 tons of pig iron every day, consuming 1200 tons of solid materials and 200 tons of air in the process.
