For Half Million

A road program for the county during 1921 embracing the expenditure of \$539,000 was tentatively outlined at a meeting of the Marion County Market Roads committee at a meeting in the Commercial club rooms yesterday. The proposal calls for the issuance of \$235,000 in market road bonds and the duplication of this amount thru taxation. The purpose of the meeting was to devise ways and means of disposing of the bonds that had been authorized at the election a year ago last May. These bonds bear 5%% interest and can not be sold below par, and the county court has been unable to dispose of them because money has been commanding a higher rate of interest.

A motion was made and carried that it was the sense of the meeting tic traditions of a "solid south," uncomplete returns from the volunteer state showed early today.
