Woodmen Make Merry at First Session of Year

Dallas, Or., Nov. 5.—The Modern Woodmen of America held their opening meeting Friday night in the Knights of Pythias hall at Dallas at which were present more than one hundred members of the Woodmen from Independence, Monmouth, Salem and the surrounding country together with about twenty-five guests.

The evening was devoted to entertainment of a high class nature. The program opened by the presentation of the American flag by the Modern Woodmen drill team which was followed by singing "America." After which the drill team gave an exhibit of team work.

Rev. Benney of the Christian church made the opening address speaking on fraternalism, loyalty and liberty he said in part that the fraternalism brought about by fraternal organizations, churches and other bodies that get together for communion with their fellow men was the foundation of American democracy. Rev. Benney is of English birth and has in this country but a short time but appreciates the fact of freedom and liberty instigated by such movements as fraternal societies bring about.

His address was highly appreciated by the audience. Several readings followed of a comic and instructive nature after which the Monmouth quartet consisting of members of the Modern Woodmen of Dallas gave several excellent numbers.

The quartet is composed of Dennis Moore, Clay Mooreland, Fred Hill and Joe Stacie. Dennis Moore sang a solo entitled "Under the Silver Moon." Prof. Caldwell of Dallas was the pianist.

The program was conducted by Z. G. Bates, who is the district auditor of the Modern Woodmen of America. Mr. Bates' address was convincing that the benefits of the Modern Woodmen of America were far beyond the promises given by the organization, citing several instances where men who had been injured received several thousand dollars from their neighbor Woodmen to assist them in their grief, also pictured rather vividly the wonderful institution known as the Modern Woodmen Sanatorium at Colorado Springs, Colorado, where all Modern Woodmen who become afflicted with tuberculosis are treated free of charge. He stated that the government had pronounced the Woodman Sanatorium at Colorado Springs one of the best in the United States and that the government was sending representatives to study the plan so as to put it into operation in government camps. His wonderful ability to picture the many benefits of fraternal insurance in comparison to old line life insurance was appreciated by everyone. He is one of the most impressive talkers that has ever come to Dallas and those who enjoyed his address regretted that more people were not there to hear him.

After the program a sumptuous banquet was enjoyed by all present and the guests were invited to leave after they had partaken of the mental and physical food, and the camp was called to order to conduct the business at 12:30 a. m.

The Dallas boys are preparing to go to Salem on the 18th to be present at the Modern Woodmen opening meeting at that city. Many of the more prominent Woodmen from Salem visited the Modern Woodmen Friday evening.

On November 19th the Dallas Woodmen will initiate a class of 15 members at which time the state deputy, A. P. Martin from Portland will be present to assist in the work.

Some of the Modern Woodmen of Salem came to Dallas Friday night to enjoy the Modern Woodmen here reported to the night marshal that a large camping blanket had been stolen from one of the cars about midnight. It was greatly regretted by the local Woodmen as they did not contemplate their visitors to be so rudely treated. However after investigation they informed the night marshal that one carload of Modern Woodmen from the capitol city left early and had borrowed the robe thinking that their neighbors that would have later did not deserve so much comfort in the long ride. No doubt the friends from Salem appreciated the chilly ride home for the lack of a perfectly good robe.

Gervais, Or., Nov. 5.—The city was without water and fire protection a few days last week pending improvements on the pumping station. Keep Looking Young

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color, 75c and 30c.

This is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

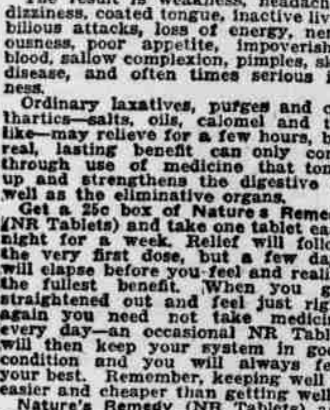

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor circulation means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but their lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get the straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep you in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

Aside from the question of price—which is the best fuel? As is the case with every other commodity, EACH is best for some particular use. Wood is generally conceded to be best for fire places. It is also best for stoves, furnaces or boilers that have no grates. If you want quick hot fires for short periods, good wood will generally be found most satisfactory. Our suggestions as to uses of coal and coke will follow in later ads.

Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—LILLIAN TRAPER, 824 South 9th Street, Carrollton, Ky.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unable to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a recommendation."—MRS. LESTER E. WATSON, R. 1, Box 69, Onalaska, Wis.
