New England Railroads Face Bankruptcy; Need Relief Say Attorneys

Washington, Nov. 22.—Unless immediate financial relief is afforded the New England railroad "all or most of them will very shortly be driven into receiverships," the interstate commerce commission was told by Charles F. Coate Jr., and Wilbur La Roe Jr., counsel for the lines.

The commission was told that the actual returns to the roads in September and the estimated returns for October under the increased rates granted under the transportation act confirmed that the income received by the roads was not sufficient to meet their requirements.

Counsel for the road said that for the eight months ending last August 31 the actual deficit in the net railway operating income of the roads, excluding the Boston and Albany, a part of the New York Central system, was \$23,674,876 and that estimates for next year showed a net railway operating income of about \$10,000,000 or \$4,000,000 less than the net railway operating income required by the transportation act to show six per cent on the fair value of the property.

Yeon, who served as roadmaster of Multnomah county four years without salary, has yielded to the pressure of public sentiment and accepted Governor Oicott's appointment as a state highway commissioner to succeed Simon Benson, resigned. "Grow Fruit of Larger Size" Lewis Advises

Grow larger sizes of apples, larger pears and even larger prunes is the advice given members of the Oregon Growers' Cooperative association at a meeting held Nov. 13 at Sheridan, by C. I. Lewis, manager of the organization department.

Prune regularly, fertilize and thin out when necessary and you will grow larger fruit, Mr. Lewis declared. Nothing less than two and one-half inch pears should be grown, and in apples, the eastern grade is calling for sizes from 95 to 128's. The market demand in prunes now is for the larger sizes.

Within a few years, Mr. Lewis hoped to notify brokers that sizes above 72's were for sale, and that all the small sizes would be sold to wholesale pie plants and bakeries and to the jam trade.

Dormitories Not Subject to Nine Hour Labor Law

College dormitories are in no sense public housekeeping institutions, according to Attorney General Van Winkle, who in an opinion written for C. H. Gram, state labor commissioner, holds that these institutions do not come under the jurisdiction of the industrial welfare commission.

The question was raised, following a complaint that employees in the dining room of the girls' dormitory at Willamette university were being worked longer than the nine hours a day and 48 hours a week provided in the regulations of the industrial welfare commission.

Urging the business men to give their assistance in helping to put across the Salem school budget at the special election, George W. Hug, superintendent of schools, this noon addressed one of the largest crowds of business men which has attended a Commercial club luncheon this year. Every chair at the long tables was filled.

France Says Greek Ruler May Return

Paris, Nov. 22.—The French government will not oppose by physical force the return of former King Constantine to the Greek throne, which the foreign office now regards inevitable, the Associated Press was informed today.

It was stated that Premier Leygues will advocate at his meeting with Premier Lloyd-George that a joint note be sent to the Greek people pointing out to them very strongly the consequences of Constantine's financial and economic support of Greece.

The meeting between Premier Leygues and Lloyd-George has been advanced and probably will be held Wednesday or Friday.

Use of Force to Prevent Constantine from Resuming Throne not Likely

BRITISH AND FRENCH WARSHIPS AT PIRAEUS
Athens, Nov. 21.—Lord Granville, British representative here, accompanied by George Rhalles, the new Greek premier, today went on board the battleship Iron Duke, flagship of the British squadron.

The presence of a British squadron at Piraeus, the port of Athens, and the visit to it of the premier of the newly established regime, accompanied by the British admiral, apparently have a significance not described by the dispatch, and the possibilities of censorship are suggested. This is the first announcement of the arrival of the British warships. The British and French fleets took active part in the abdication of Constantine in June, 1917.

County Bastille Now Has Roster of Eight Guests

For the first time in several months, the Marion county jail has acquired a stable guest list, according to the warden in the office of Sheriff W. L. Needham.

On October 1, 1920, the county's guest room was entirely depopulated, William Coulson, awaiting trial on a charge of fish dynamiting, having poured himself through the jail bars, inconsiderately taking along with him, Sheriff Needham's summer hat.

While both Coulson and the hat have evidently migrated to "Naver Never" land, nine other boarders have applied for the genial sheriff's hospitality. At the present time eight men are in the bastille.

W. Ferman McAdoo and Albert Asher are awaiting the action of the grand jury on larceny charges; Clyde McDonald, Perle Blackford and George DeVose are serving sentences ranging from 60 to 5 days. DeVose and Blackford are sentenced from Woodburn on a charge of carrying concealed weapons charge. McDonald will soon have completed a 90-day sentence on a larceny charge.

Frank Johnson, R. L. Davis, H. C. Robertson and Albert Kline are awaiting hearing on various charges.

Mrs. Fulker is advised that the alleged kidnaper had stated his intention of locating in Oregon as a farmer. The information asks school officials to maintain a lookout for the little girl, eight-year-old Shirley Flagg, as it is thought that she may be located in an Oregon school. The little girl is of blond complexion, has long, curly, blue eyes and is nervous and talkative, making friends easily, according to the note.

Sunday Murders in Dublin May Result in Increase of Garrison Forces, Report

Deliberate Shooting of 14 Officers Followed by Intermittent Clashes Throughout Day and Night; Total Deaths Reported Exceed 20 and Injuries Run Higher; News Meagre

London, Nov. 22.—The sending of additional troops to Ireland is being seriously considered, it was stated at the war office this afternoon.

London was waiting anxiously and fearfully this morning for further news from Dublin following the reports of yesterday's horrors, but up to early afternoon only meagre dispatches had been received.

Reports to the Irish office from Dublin which were in hand by noon said three or four unidentified persons had been killed in that city late last night. Several policemen had been killed in other parts of Ireland, the Irish office announced.

Quiet is Restored.

A brief telephone message at 8 o'clock this morning had reported the city at least temporarily quiet. Then came a gap in the reports up to the noon hour, but whether this indicated a censorship was not known.

Meagre reports during the night stated that shooting was going on as a sequel to yesterday's assassinations and the subsequent clash between the military and a crowd at Croke park.

Official announcement was made this afternoon that the assassinations in Dublin yesterday totalled fourteen, while six persons, including Sinn Feiners, were injured. Four prisoners were taken.

Few Arrests Made.

These figures do not include the casualties at Croke Park.

Because of the completeness with which the attack upon the officers was planned, says an official report, the troops and police in Dublin had made very few arrests of suspects.

Twenty-five Killed.

London, Nov. 22.—Murder stalked through the streets of Dublin yesterday and at nightfall the meagre reports received here indicated that at least twenty-five persons had been killed and upward of 100 more or less seriously wounded. The day's disorders, which added an appalling chapter to the tragedy that has been enacted in Ireland for the past several months, began with the apparently deliberate shooting of fourteen men, mostly military officers.

Ball Park Raided.

Irish constabulary, or "black and tans" raided Croke Park, where football games was in progress, at least ten persons were killed. Communication with Ireland was seemingly interrupted last evening but the latest advices declared the fires had broken out in various places in that city. Shooting was begun in the streets just before midnight, and it was estimated a number of persons had been killed.

Yesterday's murderous outbreak in Dublin produced in this city a sensation comparable to that which followed the Easter rebellion of 1916.

Man Charged With Larceny by Bailee Is Released Today

Nelson Littlejohn, the negro charged with larceny by bailee, was dismissed this morning by Judge G. E. Unruh, who held that the evidence as disclosed showed that no crime had been committed.

Chester Foster and Oliver Rebeck, Salem men, claimed they had given Littlejohn money for which he was to furnish them two cases of liquor, it was stated. This, they said, he failed to do. Littlejohn declared he won the money, amounting to approximately \$150, in a crap game.

Allan Bynon was attorney for the colored man, who is said to reside in Portland. He was held in jail here for several days.

Western Union Takes Case To Supreme Court

Washington, Nov. 22.—The Western Union Telegraph company applied to the District of Columbia supreme court today for an injunction to restrain Secretary of the Navy Daniels from interfering in the construction of a telegraph cable between Miami and Miami Beach, Fla.

The Western Union company also asked the court to require the naval secretary to instruct subordinate officials and naval officers to cease threatening to destroy the cable if laid. The company pointed out that the requested injunction would cover a different cable line than the Barbadoes cable, the laying of which was prevented several months ago by the sending of warships to Miami.

O.A.C. Asking \$275,000 Fund

Salaries and miscellaneous maintenance items necessary to the administration of the Oregon Agricultural college for the next two years will require a total of \$2,092,054, according to an estimate filed with Secretary of State Koser today by W. J. Kerr, president of the institution. The estimate, however, shows that the receipts of the institution for the biennium will aggregate \$2,330,000 leaving a balance of \$237,948 for new buildings, which, however, Kerr declares is entirely inadequate to the needs of the school.

The needs of the experiment station division of the college for the biennium are estimated at \$373,200 with receipts estimated at \$170,200 leaving a balance of \$203,000 to be appropriated by the legislature.

The extension service division of the college will need \$538,336.24 for the biennium with receipts estimated at \$462,748.12 leaving a balance of \$75,588.12 to be appropriated.

Treaty Ratified By Yugoslavia; Mad Poet Balks

Belgrade, Nov. 22.—Prince Regent Alexander of Yugoslavia has ratified the treaty of Rapallo, settling the Adriatic question between Italy and Yugoslavia, it was announced today.

D'Annunzio Opposed.

Fiume, Nov. 22.—Gabriele D'Annunzio, insurgent commander of Fiume, declared today that he was unalterably opposed to the treaty of Rapallo and that he would continue fighting until the just claims of Italy were met.

"I am fighting a just fight and I will continue until the Italian aspiration is fulfilled," D'Annunzio declared.

Peace Parley Is Delayed Again

Warsaw, Nov. 22.—Negotiations looking to a permanent peace between soviet Russia and Poland have been broken off by the former at Riga where the delegation have been in conference.

Great Soviet armies are being gathered to crush "irregular" forces east of the armistice zone between Poland and Russia proper, and other bolshevik legions are pursuing shattered Ukrainian armies from the region west and northwest of Kiev.

Irwins Fined \$50 Each; Machine Is Held for Security

When Mr. and Mrs. C. L. Irwin, of Independence, charged with disorderly conduct, appeared before Judge Race in the police court almost one hour late, both pleaded guilty and were fined \$50 each. Failing to furnish the amount of their fines, the two were placed in the custody of Chief of Police Welsh, who is holding their automobile for security.

I. E. Spencer, also of Independence, who was in the party when arrests were made by Officers Verden, M. Moffitt and Jack White, and who pleaded guilty to a disorderly conduct charge, paid his fine of \$50.

Mr. and Mrs. Irwin, Mr. Spencer, and C. F. Smith, a former engineer in the state highway department, were arrested by Moffitt and White early Friday morning in a room in the Masonic temple. Smith yesterday paid a fine of \$50 when he pleaded guilty to a charge of having liquor in his possession.

The police said the robbers apparently were frightened away at the First Presbyterian church after smashing a glass panel.
