Cars Collide at New Era Damage Slight

Hubbard, Or., Nov. 22.—Driving from Portland to Hubbard last Friday W. H. Hurst met with an experience near New Era which again reminded him that "you never know what the other fellow is going to do." Near that town he met a string of cars and drove his machine at the extreme right side to allow the other cars to pass. About the time the first car in the procession was opposite his car, the second car turned out to get in the lead and collided with Mr. Hurst's machine. A damaged bumper is all the injury his car sustained, but the other machine, having no bumper, was considerably damaged. The left fender and running board were broken and the radiator jammed. No one was injured. The front car was also damaged to some extent. Hurst says he generally knows what he is going to do when driving an automobile, but you never can tell what the other fellow is going to do. He says the car causing the trouble was driven by a lady. Hurst was here buying potatoes and secured three car loads in this vicinity and Aurora before he went home.

The girls were not injured but the automobile was completely wrecked. The train was delayed some time on account of the accident in making the trip to Albany.

Mothers, Do This—

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, (sprains, sore muscles, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c. (Adv)

Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not lie down, could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANE, 743 N. 28th St., Philadelphia, Pa.
