Find Home Lost On Return from Camp Meeting

Buena Vista, Or., Nov. 24.—Mr. and Mrs. J. E. Lucas, who had been attending camp meeting at Canby, returned the latter part of last week to find their farm home near here a mass of ruins. The building was consumed by fire early one morning last week. Mr. and Mrs. Lucas were notified of their loss and returned immediately.

The origin of the fire is unknown. It is supposed, however, that it started from the kitchen stove. Mrs. Ralph and Mrs. Guy Lucas, who have been staying at the Lucas home while their husbands are overseas in the service of the navy, were in bed when the fire was discovered and it was with difficulty that they escaped in their nightgowns. William McCann, who had been employed to take care of the house during the absence of Mr. and Mrs. Lucas, had started a fire in the kitchen stove and went to the barn to look after the stock. He says he had just reached the barn when he noticed the fire. The building was a frame structure with partitions of building paper and in a few minutes was completely enveloped in flames. The loss is heavy.

A Fact and a Remedy

"Of the 3,000,000 widows in the United States over 65 years of age 1,000,000 lack the bare necessities of life and 1,700,000 of the others lack its comforts."

Many of these widows received life insurance money at the death of their husband. But statistics show that most insurance paid in a lump sum is gone in a few years.

Assure YOUR wife a steady income through a Life Insurance Trust. Make certain that she is not among the majority of widows, able only to purchase the bare necessities of life.
