

Dempsey-Carpentier Battle May Be Staged In England Is Report

New York, Nov. 30.—In the event that no suitable place can be found in this country to hold the forthcoming heavy-weight boxing championship bout between Jack Dempsey, world's champion, and Georges Carpentier, European title holder, the contest may be staged in England, it was reported here today.

Neither Tex Rickard, one of the trio of promoters, nor Jack Kearns, Dempsey's manager, would admit that negotiations had been started to hold the contest abroad but Kearns said Dempsey formerly expressed antipathy to going outside the United States had been virtually overcome.

The proposition to shift the fight abroad was said to have been prompted by coldness exhibited by members of the New York state boxing commission toward holding it in this state. It was admitted that Charles E. Cochran, the English promoter, is tentatively negotiating for a suitable site near London.

Four-Year-Old Boy, Linguist, Mathematician, Plays Piano

Los Angeles, Cal., Nov. 26.—Ezra Rachlin, a four-year-old boy of this city, is attracting much attention among California educators because of his remarkable mental attainments.

Ezra is devoting himself particularly to mathematics, but in his lighter moments he plays a great piano in the drawing room of the home of his parents, Mr. and Mrs. Herman Rachlin.

He speaks Yiddish, Russian and English with remarkable fluency. Sometimes he peruses poetic and rationalistic treatises. As a sample of his library favorites can be mentioned 'The Sunken Bell' of Hauptmann, 'Fair Tales of Eastern Europe' and 'The Wonderful Adventure of Nils.'

According to his mother Ezra has never been pushed in his mental development in any way.

'His life is very simple and quite like other children,' said Mrs. Rachlin. 'I expect to have him trained by a special tutor and not send him to school until he is practically ready for college work.'

'He learned to read phonetically and we began training him so early because he demanded information along all lines.'

Ezra has just one aversion, so far as is known. And that is little girls.

Canadian Wheat, Sacked, Would Reach Two Times Around Earth

Ottawa, Ont., Nov. 26.—If Canada's entire wheat crop of 239,498,000 bushels were sacked and the sacks were laid end to end, it would form a line that would reach twice around the earth at the equator. There would be enough sacks to make eighteen continuous rows stretching from Montreal to Vancouver in a highway of wheat sufficiently wide for an automobile to travel upon.

This computation is based upon figures given out by the Canadian department of agriculture which show that 400,000,000 bushels of the crop will be required at home to feed the Canadian people, and for seed purposes. This will leave an exportable surplus of 189,000,000 bushels, which is enough to furnish over 25,000,000 people with bread for one year.

More than two bushels of oats will be threshed for every bushel of wheat, according to the same government authority. The oats crop is estimated at 556,000,000 which is the largest in the history of Canada and about 90,000,000 bushels more than the previous record crop of 1915.

The production of barley throughout Canada is 84,275,000 bushels.

Basketball Opens at Willamette; Prospects Bright

Willamette basketball prospects for the coming season are bright. Coach Mathews called the first basketball practice of the season last evening and over twenty men turned out, including some very promising new material.

All the old letter men of last year's team are back with the exception of Wapato, who will be unable to turn out for a week or so on account of a bad 'Charley horse' contracted during the football season, and Russell Raley, who is temporarily out of the game with a dislocated shoulder received during the Willamette-Whitman football game on Thanksgiving day.

Among the new men Logan Schaefer and Knogate are expected to show up well. Schaefer especially is being watched with interest as he was an all-Oregon high school forward last year.

Vinton Certifies Gordon As Lower House Member

Governor Vinton today signed the certificates of election giving to Herbert Gordon of Portland a seat in the lower house of the Oregon legislature as a duly elected member of the Multnomah county delegation. A protest against this action had been filed by Paul Dornitzer, Portland attorney, who declared that Gordon had been disqualified for the office through the fact that he was a candidate for two offices at the same election. Replying to the protest Governor Olcott informed Dornitzer that his protest would have to be taken directly to the legislature.

80 Thousand Cigars Smoked at Brussels Conference, Its Claim

Detroit, Nov. 26.—The Brussels conference went up in smoke in the opinion of the Deutsche Tageszeitung which is quoted in a telegram from the Copenhagen National Tidende stating that a bill has been handed to the league of Nations secretary for 3,000 pounds for 80,000 imported Havans cigars smoked by the conference.
