

### New Church at Monmouth Put To Use Sunday

Monmouth, Ore., Dec. 15.—The new Baptist church building of Monmouth, a structure which has cost much effort and money, was dedicated to its work in the spiritual life of the Monmouth community practically free from debt last Sunday. The dedicatory exercises followed an epoch making day in the history of the church. For months the work of moving the "community night services" has been in progress and the committees in charge have met with remarkable achievements. Not only is this a handsome edifice, but it is a community house of great convenience and pride to all citizens of Monmouth and within a few short months money has been secured by members of the church and friends to complete the work.

Large crowds and beautiful services marked the dedication day. The seating capacity of the large building was almost insufficient to accommodate the people who gathered for the Sunday services. Other churches held no morning services in order that their members might attend the opening of the new building.

Preliminary services were held during the previous week, beginning on Sunday, and a remarkable interest prevailed at each service during the week. In his introductory sermon Rev. Pace referred to the edifice as "The house by the side of the road" quoted from Sam Walker Foss, a noted poet.

Service impressive. The dedication service opened with an organ prelude and a chant by the choir. Rev. Peter Conklin, pastor of the Evangelical church offered invocation, and a short address of greeting on behalf of the Oregon Baptist conference was made by Rev. W. T. Milliken, D. D. The pastors of other churches in the city had a part in the program, in the afternoon. J. H. Ackerman, president of the Oregon State Normal School, Prof. Thos. H. Gentle and Prof. J. V. B. Butler also were on the program for short talks, and Rev. Myron K. Haynes, D. D., delivered the dedicatory sermon. The sermon was delivered at 11 a. m. and the program was continued through the afternoon and evening. Rev. W. A. Waldo, pastor of the Baptist church at Corvallis preached Monday evening and Rev. C. L. Town of McMinnville preached last evening. The special meetings will continue until and including Thursday evening.

Structure is beautiful. The new church building is an edifice of beautiful architecture, correctly proportioned, and in every respect well finished. The large audience on Sunday found it delightfully restful. The auditorium room has a large seating capacity and the building is provided with a community rest room, a community library room and other features which make it a great community asset. Following the "community night services" during the week, in which various pastors participated, members and visitors were invited to acquaint themselves with all the features of the new building, and many who reside near here manifested surprise at its capacity and convenience.

Besides the pastor of the church, Rev. Pace, other ministers who took part in the programs during the preceding week are: Rev. J. S. Reed of Portland, Myron K. Haynes, D. D., C. L. Town of McMinnville, Dr. W. T. Milliken of Salem and Dr. O. C. Wright of Portland. Rev. Reed has been preaching at the special meetings throughout the week.

### Bank Window Found Open and Alarm Sounded

Monmouth, Ore., Dec. 15.—The sound of the burglar alarm at the Monmouth bank early Friday brought an investigation on the part of the bank officials and the city officer, and caused some little excitement. Inspection of premises found a rear window open, but no trace was found of burglars and if there were any they made a hasty retreat when the bell rang. The bank authorities are not inclined to think that a burglary was attempted, but believe that the window had carelessly been left open, and in some manner the alarm rang. A burglar would not have been able to hear the alarm, and had there been an attempt at burglary the party would have been able to turn the trick and get away, or he would have been caught in the act. No attempt had been made to open the safe.

### ARE YOUR KIDNEYS ACTIVE

Not if you are subject to weak spells, dizziness, headache and general rheumatic pains. You may have felt out of sorts for some time and maybe have begun to lose weight. Now and then there is a feeling of dizziness, appetite lags, you yawn during the day, your back hurts but still you are not laid up. These are the danger signals that warn you to look after the kidneys. They are weak and the system retains body poisons that strong and active kidneys would strain out. There is a splendid and guaranteed remedy called Solvax for such conditions sold by Daniel J. Fry and other leading druggists and you should try it. If it doesn't prove satisfactory in your case simply return the package and get your money back. Be sure to try it. Weakness of the kidneys may not cause you much pain nor depression but such a condition always leaves you open to severe colds, pneumonia and most other serious diseases. (adv)

### Bringing Up Father—By George McManus

### Polk Woman Makes Success of Poultry Yard

Independence, Ore., Dec. 15.—Mrs. F. P. Ground, who resides on a farm south of here, has demonstrated to her entire satisfaction that "the best is the cheapest" with poultry as with everything else on the farm. The financial returns from chickens, she says, when handled in a modern way, surpass her expectations. Mrs. Ground has handled chickens for many years, but they were of the barnyard variety and received little attention except as they demanded food and hands to gather the egg product, which was usually taken to the stores and traded for necessities of the house. She had been reading of others' successes in the pure-bred poultry industry, and recently became interested. She inaugurated a new system in the poultry yard and it has been conducted upon lines approved by experts in the industry. The result has surpassed her greatest anticipation, and Mrs. Ground is now among the foremost of Oregon poultry producers, breeding standard fowls with a remarkable degree of success.

### Power Company Installs Turbine

Independence, Ore., Dec. 15.—C. C. Archibald, local manager of the Mountain States Power company, says there will be some slight interruption in the service during the next few days, due to the installation of a large steam turbine which will be added to the equipment at the power plant in Dallas. This, he says, will soon be in service. It has a rating of 750 kilowatts and will increase the capacity of the plant to that extent. The plant has undergone a general overhauling and other necessary equipment added at a cost of approximately \$50,000. When the work is completed the service will be so improved that little difficulty will be experienced in the future in giving patrons the service they require.

Dallas, Ore., Dec. 15.—Miss Katherine Van Voorhis superintendent of the Dallas hospital, and Miss Goldie MacFarlane, a trained nurse from Salem, were entertained at the home of Mr. and Mrs. Floyd D. Moore last evening. Judge H. H. Bell, who has been

holding court in McMinnville for the past week, has returned to his duties in Dallas. Many complex cases came before the judge during his work at McMinnville, which he reports was very strenuous. Ray Chute well known automobile man of Dallas, has rented the Lynch garage on Oak street and will engage in general automobile repair business for himself. Mr. Chute has been connected with the Ford garage for several years. More recently he was associated with the Dallas garage. This will make a total of six garages in Dallas.

Dr. and Mrs. W. C. Schaeffer were entertained at the home of Mr. and Mrs. Floyd D. Moore on Monday night, the evening being spent in card playing.

The high school student body is making plans and preparations for the publication of an annual sometime at the close of the school year. The annual usually is a record of the social and athletic progress of the school. It is planned to make this number representative.

Mrs. Peter S. Greenwood of Seattle is in Dallas this week visiting at the home of Mr. and Mrs. James Harris. Mrs. Harris is a daughter of Mrs. Greenwood.

C. E. Sundberg was a business visitor in Independence on Monday.

Mrs. H. B. Volheim of Portland was the guest of Mr. and Mrs. H. H. Volheim over the last of the week. She was accompanied to Dallas by her small granddaughter.

Mrs. D. M. Shattuck spent the week-end in Portland visiting with friends and shopping.

Mr. and Mrs. John Cerny spent the last of the week visiting with friends in Salem.

Mr. and Mrs. Arthur Cutler have returned to their home in Dallas after having spent a few days in Salem visiting at the home of Mr. and Mrs. Vass.

Mr. and Mrs. C. L. Braucher of Perrydale were Sunday guests of Mr. and Mrs. I. P. York.

Don Shepherd and family, who have been living on a farm near the Guthrie school house, have disposed of their property and will make Baker City their home in the future. Mrs. Shepherd has gone to Baker and will be followed by her husband sometime before Christmas.

community to attend a meeting in the Grange hall in Monmouth next Friday when the merits of pure-bred stock will be discussed. The Farm Bureau people engaged in the livestock business are holding a series of meetings in the county this week, commencing at Dallas yesterday. The schedule of the meetings are as follows: Tuesday, Dec. 14, Horticulture, 1:30 p. m. at Dallas; Wednesday, Dec. 15, Crops and Rodents, 1:30 p. m.; Thursday, December 16, Poultry, 1:30 p. m.; Friday, Dec. 17, Livestock, 10:30 a. m. and 1:30 p. m. at Monmouth; and Saturday Dec. 18, the Farm Bureau annual meeting in Dallas at 10:30 a. m. and 1:30 p. m. All meetings will be held in Dallas except the livestock meeting on Friday. County Agent Paul Carpenter is interested in a movement to eliminate scrub sires from the county.

### Walt Mason Bursts Into Rhyme Over Ford Price Drop

I have a hat that cost a pile— but prices high have soared—and I take off that treasured tile and bow to Henry Ford. Like many patriotic agents, the people's cause I'd aid, unless 'twould cost me fifty cents—and then I am afraid, I'd gladly make the welkin ring, demanding prices fair; wind doesn't cost me anything, and I have lots to spare. But when it comes to selling rhymes at any pre-war rates, why, I have use for all my dimes, like all the other skates. But Henry took a nobler view, and he had higher plans; he said, "I'll cut the price in two, on my nice sedan. What though it means a mighty loss My spirit won't be grieved; the cause is good and coin is dross when good may be achieved." So he indulged in slashing jags, cut prices many beams; and poor folk brought their shopping bags and bought his limousines. And other plumes beheld the sign and their price schedules smashed, and merchant princes fell in line and slashed, and slashed, and slashed. And while we still have breath and life we must not this forget—'twas Henry took the pruning knife and an example set.—Copyright by George Mathew Adams. (adv)

### Farm Bureau To Hold Session at Monmouth Friday

Monmouth, Ore., Dec. 15.—P. O. Powell president of the Polk county farm bureau has issued invitations to the people of this com-

class Monday evening in the rank of squire and transacted other important business; among which, they laid definite plans for the entertainment in their hall on Thursday night at which time they will entertain their wives. The program will be along the line of a patriotic commemoration of the landing of the pilgrim fathers. Knight Glenn O. Holman will give the chief address of the evening at which time he will give a history of the pilgrim landing and the successful events following.

Woodmen to Initiate. The local Modern Woodmen of America have arranged to take a class of 15 candidates to Salem on Thursday evening. The class will be initiated by the Salem Modern Woodmen team. About 15 carloads of Modern Woodmen will leave Dallas and Monmouth at 7 o'clock, arriving in time for the regular work which will be presented by the Salem Modern Woodmen of America.

PORTLAND MAN LAUDS WORK OF ARCHITECTURE STUDENTS. University of Oregon, Eugene, Dec. 13.—The work of the junior class in the University of Oregon school of architecture is equal to the work of senior students in any school of architecture in the United States, according to W. C. Holford, of Portland, one of the judges in the architectural contests held recently. The Oregon students are given entire freedom and are not held down by severe rules while competing for honors as students are in other universities. This is believed to raise the standard of the work.

## WASHINGTON FARMER SUFFERED TEN YEARS

### Gustaf Nelson Couldn't Raise His Hand to His Head Before Taking Tanlac—Is Feeling Fine Now, He Says

"Any one who wouldn't say a good word for a medicine that has done for them what Tanlac has for me would be ungrateful!" said Gustaf Nelson, a farmer who lives at Gertrude, Wash., McNeil Island, twenty miles from Tacoma.

"For the past ten years I suffered with rheumatism in my left hip and right arm all the time, and at times in different parts of my body. My hip pained me so I could hardly walk and my arm would very often hurt me so badly I could not raise my hand to my head. The pains in my back

were so bad I could scarcely bend over, my kidneys bothered me a great deal also, and I would have the worst sort of dizzy spells. I could get but little sleep at night, my appetite was very poor and I had become so weak and run down I could not do any heavy work at all.

"I saw so much good said about Tanlac in the newspapers I decided to try it, and it was only a short while before I began to gain in weight and strength and my appetite improved wonderfully. Now I can eat anything I want and everything agrees with me. The rheumatism is gone—and I can get about all right—and do hard work with the greatest ease again. I never have those dizzy spells and can sleep all night long as peaceful as a child. In fact, I feel just fine all the time and I owe it all to Tanlac."

Tanlac is sold in Salem by Tyler's drug store and in all towns by druggists. (adv)

EVERY OREGON DRIVER SHOULD OWN A CLOSED CAR

Give her a Hoover and you give her a lifetime of pride in an immaculate home. You give her an electric carpet-beater that flutters out all injurious embedded grit; an electric carpet-sweeper that brightens colors, straightens nap and collects all stubborn, clinging litter; and an electric suction cleaner that removes surface dirt. Only The Hoover combines these three essential devices in one. And it is the largest-selling electric cleaner in the world.
