

Y.M. Will Hold Paper Chase On New Year's Day

J. Burroughs and A. DeSart are to be the hares in a paper chase to be staged at 10 o'clock in the morning on New Year's day—an event which will be the first on an extensive program of entertainment to be furnished by the local Y. M. C. A. and which is expected to make keen the competition between the various clubs in the association. The chase will be open to everybody, it is announced.

At 10:30 a. m. a one-mile race, open to juniors, intermediates and seniors will be run, and at 11:45 a. m. lunch will be served for all contestants.

At 2:30 p. m. "open house" will be held in the Y. M. C. A. gymnasium by association officials for the people of Salem, and immediately following the reception, a program will be held. Indoor base ball, drills, mat work, basketball and swimming will be featured.

Judge Bushey Ties "Knot that Binds"

"Kiss the bride and run along," said Judge Bushey late this morning in his study, and Miss Edna Turpin of Falls City became Mrs. Clarence E. Redding of Salem.

The young couple sauntered into Judge Bushey's office and asked if they could be married. Judge Bushey sent them to see U. G. Boyer, county clerk, to whom all couples apply for license to marry in Marion county.

In seven minutes by the clock in the tower of the court house they were back with the license.

"Is that all?" asked the groom four minutes after the license had been presented to Judge Bushey when he had followed the judge's instructions regarding the demonstration of affection. The ceremony was witnessed by Mrs. Dora Neyman.

Second Bicycle Is Stolen From Youth During Few Months

Thieves last night stole the second bicycle taken this year from Donald Deckerbach, son of F. G. Deckerbach of the Marion Creamery & Produce company.

The bicycle, which was standing in front of the Y. M. C. A. last night was stolen within a few minutes after young Deckerbach went into the Y building. His first bicycle stolen this year, was taken from in front of his father's home in July. Both wheels were comparatively new when stolen.

Mr. Deckerbach has notified the police of the theft and posted a reward of \$25 for information leading to the arrest of the thief. The wheel was Niagara make, bearing serial number 62728.

School Supervisor Sells Map to Map Company Salesman

Frank H. Struble, county school supervisor, sits in the office of the school superintendent now holding his hat in one hand and his reputation in the other.

A map salesman came to the office of the school superintendent yesterday to sell maps. He did not succeed. Before he left, Struble sold him a map from the wall. It was a map of part of Marion county showing the school locations.

There were two maps of the kind in the office and one belonged to Mrs. Mary L. Fulkerson, superintendent. It was the newer of the two, and that was the one Struble sold.

Mrs. Fulkerson insists that Struble is a "grafter" and insists that he should pay some of the proceeds received from the map to her. But Struble maintains that as he sold the map to a map salesman, he is entitled to all the money and the credit of being a "commercial whirlwind."

ness. His case has been placed in the hands of Dr. Fowler, formerly of Johns Hopkins hospital, Baltimore, who was one of the specialists called into consultation at the time when the president's condition was the most unsatisfactory.
