

Mint Growers of Gervais Active in State Association

Gervais, Or., Jan. 19.—At a meeting of the Oregon Mint Growers' association held at Eugene recently J. G. Bolsan of this city was named as one of the state board of directors. Marion county was given two directors, the second being Tom Green. In compliance with a state law the directors meet in Corvallis today for the annual election of officers. Mr. Bolsan went to Corvallis this morning to be present at the meeting and election of officers.

Some idea of the future importance of the mint industry in the Willamette valley may be derived from a statement made by D. J. Fry, a Salem druggist, at a meeting of the Lake Labish growers held in Brooks very recently. Mr. Fry stated that he would be in the market next year for 50,000 pounds of oil. The production in the valley last year was only about 10,000 pounds, or one-fifth of what one buyer will require. It is this fact that there is room for enormous development in the mint industry.

The acreage in the valley at the present time is estimated at about 350. There will be considerable acreage planted this year, however, but probably not enough to supply the demand of the Salem buyer.

Mr. Stevens went to Monmouth upon receipt of a telephone message informing him of his loss. He stated that the house was valued at \$4,000 and was partly covered by insurance. He had leased the

This Salem man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

J. B. Graettinger, prop. meat market, 1191 S. Commercial St., says: "I had kidney trouble and attacks of lumbago so badly that I could hardly straighten up for two or three weeks. My back ached constantly and I was in bad fix. The kidney secretions were scanty and passed irregularly. I read of Doan's Kidney Pills and used them as directed. They were just what I needed and soon relieved the backaches and the lumbago pains left. I heartily recommend Doan's Kidney Pills for what they have done for me."
