"All the faculties we have were

ssessed by the people there. One

n my bed. I viewed it with a feeling of impatience and curiosity. didn't know whether I wanted to eturn to it or go over and live in the bodies of the other plane. At last I willed to return to it.

Came again the buzzing sensation,

the suap in the mind, and I dwelt

in my own body again. "What we call death is like that, the release of the spirit from the only. But there is no real death, believe, since the next life is like

this, but on a higher plane.
"Did I want to come back? I I don't know. I had the choice, I felt, of the two states." "Do you believe a dying man hast a choice of leaving his body or remaining in it to get well?" Mrs. Behrend was asked.

Yes, I do," she replied. "A"

"Yes. I do," she replied. "A great physician said once that we give our consent to die. You don't die unless you want to. That is why it is so important for a doctor to buoy up the courage and the will to live of his partner." will to live of his patient.
"I do not go as far as some healers who refuse the help of physi-cians. But I believe much healing can be accomplished by identify-

ing oneself with and realizing God. 'Ir God there is no disease, If we realize this we are healed.

"The race thought is that we must die to perpetuate the race. We can prolong life by giving that idea. The body is a neutral substance and it has no power except when under the control of the mind. We cannot lift a finger un-

ess the mind will it so. "Montal power can be entitled. But do you know it I said to every one in the world, you may have one wish granted - you can get it yourself," must of us wouldn't know just what one thing we wanted. That is the trouble. Few panple have a great everpowering de-sire for some definite thing. The wish is necessary for its own con-
