Loan Fund of $20,000,000 To Aid Home Builders Is Propos

Dennis Offers Suggestion To Help Builders

Measure To Relieve House Shortage Is Urged; Money Secured by Bonding

Twenty millions of dollars of state money would be made available for prospective home owners on long time loans at a low rate of interest under the provisions of a joint resolution introduced by Senator Bruce Dennis. The resolution, Dennis states is framed along the lines of similar legislation now pending in other states, particularly in New York, with a view to relieving the housing situation and at the same time making every citizen a home owner and therefore a better citizen.

Fund Issue Provided.

The Dennis resolution provides for the issuing of indebtedness for carrying out the provisions of the measure in a sum not to exceed two per cent of the assessed valuation of the property in the state, which, under the present assessed valuation would yield a total of approximately $20,000,000. To the purposes of administering this fund a state loan board is created to consist of the governor, secretary of state and state treasurer which board is authorized and directed to issue and sell bonds to be known as Oregon owners credit bonds in an amount not exceeding the two per cent limitation, money derived from the sale of these bonds to be placed in the state treasury in a fund to be known as the owners loan fund.

Loans from this fund would be extended to owners of real estate in sum of not less than $200 nor more than $5000 at a rate of interest not lower than four nor higher than six per cent to be determined by the loan board.

Loans would be limited to not to exceed 50 per cent of the value of the real estate upon which loaned and would be secured by mortgages or deeds of trust constituting first liens upon the real estate.

Loans would be made to owners who occupy the real estate mortgaged and only for the following purposes: payment of the purchase price of the real estate; purchase of livestock and farm implements and the making of improvements which in the judgment of the board will increase the usefulness of the real estate or add to its value as a home of farm in a degree to justify such expenditure; for the satisfaction of encumbrances upon the real estate or for any other purpose which might be authorized by statute.

Repayment of the loans would be provided for under the amortization plan in semi-annual or annual installments covering a period of not to exceed thirty-six years with the privilege of paying any part or all of the loan in multiples of $50 at any amortization payment date.

Sore Throat Chest Colds

Won't Last Many Hours When Begy's Mustarine Gets on the Job

No mustard plaster that any grandmother ever made goes after inflammation and congestion like Begy's Mustarine, that you can buy at any drug store in a yellow box for 30 cents, and best of all, there isn't one blister in a whole carload.

Oftimes when you rub it on at night the inflammation is gone in the morning.

But if it isn't all gone, the relief you prayed for is certain.

And it acts just as fast when used for lumbago, neuralgia, the pains of rheumatism and gout or for sore, aching feet.

In fact, for all aches and pains, soreness and swellings, nothing you can buy at any drug store will produce the hoped for result as quickly as Begy's Mustarine, in the yellow box—made of real yellow mustard. It's the Quickest Pain Killer on Earth.

Daniel J. Fry can supply you.

Five Bills Pass Senate; Four House Measures

Four senate bills and one house bill received the approval of the upper house of the Oregon legislature during Thursday's session.

Two of the senate bills, both by Ellis relate to special instructions to grand juries by circuit judges. One relieves the judge from delivering special instructions on the crime of prize fighting at each grand jury session and the other relieves the judge from delivering special instructions on the crime of criminal libel.

The house bill was an appropriation measure covering the payment of deficiency appropriations aggregating $234,766 authorized by the state emergency board during the past year.

Other senate bills passed yesterday were:

S. B. 31, by Moser—Relating to cemetery associations.

S. B. 32 by Joseph—Relating to stop payment orders on checks.

Bill Woud Bar Diseased From Restaurant Work

A bill introduced in the house by Representative Franklin F. Korell prohibits any person afflicted with any infectious disease or with any social disease in a communicable form, from working in any place where food or drink is prepared or offered for sale or sold. It requires persons employed in such places to submit themselves to physical examinations by local health officer whenever requested so to do.

APPROPRIATION FOR DORMITORY AT FEEBLE MINDED SCHOOL ASKED

An appropriation bill of $11[illegible]371.85 to complete and furnish the girls' dormitory building at the state institution for the feeble minded was introduced in the house by the joint house and senate ways and means committee.

Further anti-Japanese legislation made its appearance in a bill introduced in the house by Representatives Leonard, Korell, Hammond, North, Pierce, Johnston, Marsh and Wells, prohibiting ownership of lands or leaseholds of Oregon lands by all aliens not entitled to citizenship in the United States.

CONDEMNATION OF LAND FOR AIRPLANE FIELDS IS EUGENE MAN'S PLAN

Condemnation for the purposes of aviation parks or fields may be carried on through the same procedure as condemnations for other public purposes, if a bill introduced in the house by W. T. Gordon of Lane county, becomes a law. The law is amended so as to contain in the declaration of purposes for which condemnation of lands can be made, the phrase, "including real property for an aviation park or field."

Death of Tax to Support Rose Show Predicted

The plan to provide for an obligatory assessment of fifteen-one-hundreds of one mill on each dollar of assessed valuation in counties of 75,000 population for the maintenance of an annual rose festival received opposition on the floor of the house when house bill No. 12 was recommended back by the revision of laws committee with a majority recommendation that it do not pass. Representative Korell submitted a minority report recommending that it do pass.

Representative Woodson of Morrow and Umatilla counties led the objectors, urging that while it was intended for only Multnomah county, other counties would soon reach the required population, and he opposed the principle of making a tax levy compulsory instead of discretionary on any county court.

Representative Kay [illegible] the population limit raised to one hundred and fifty thousand.

REGULATION OF NURSERIES PROPOSED; LABELING OF FISH IS ASKED IN BILL

A bill to license and regulate day nurseries was introduced in the house by Representative Franklin F. Korell, of Multnomah county. It provides that licenses must be issued yearly by the state board of health, and the license fee is fixed at five dollars. The state board of health shall make rules and regulations for such institutions and have power to inspect them at any time. Those day nurseries now in operation may continue without state license until the end of the present calendar year.

Another house bill introduced by Korell regulates the sale and cold storage of fresh food fish. It provides their classification as "new fish," "No. One fish," "shore fish," "off shore fish," and fish that are suitable for splitting and salting or otherwise preserving, but not suitable for sale as "fresh fish."

The bill provides that all cold storage fish offered for sale must be clearly designated as such, and must be plainly marked with date of receipt of their containers in which they are received at the cold storage plant, and they must be plainly marked "cold storage fish" when offered for sale. Defacement of the mark is unlawful.

Bill To Revise Emergency Board Personnel Put Up

The governor, secretary of state and state treasurer, president of the senate, and speaker of the house of representatives, would be removed from membership on the state emergency board under the provisions of a bill introduced by Senator Bell. Bell's bill creates a new emergency board of seven members, including the chairmen of the house and senate ways and means committees with five other members, to be selected from the personnel of the joint ways and means committee. These five members would be elected by the ways and means committee in joint session with the president of the senate presiding. The president of the board would be elected by the board and the secretary of state would be constituted as the secretary of the board.

PIERCE MEASURE WOULD SET TIME OF SESSIONS FOR ALL COUNTY COURTS

Schedules for time of holding sessions of county court or county commissions in the various counties of Oregon are provided in a bill introduced in the house by Representative Pierce of Coos and Curry counties.

Terms of the county court must be held on the first Wednesday of each month in Baker, Benton, Clackamas, Clatsop, Columbia, Coos, Douglas, Harney, Jackson, Josephine Lane, Malheur, Marion, Morrow, Multnomah, Polk, Tillamook, Umatilla, Union, Wasco, Washington and Yamhill.

Sessions must be held on the first Wednesdays of January, April, June, August, October and December in the counties of Crook, Gilliam, Grant, Klamath, Lake, Lincoln, Sherman, Wallowa and Wheeler. Sessions for transacting probate business must be held in all counties on the first Monday each month.

Vetoed Bills Die.

The senate refused to extend its helping hand to ten of its creations of the 1920 session which came up for attention Thursday accompanied by veto message from Governor Olcott. One of these bills was a proposed amendment to the law relating to the maintenance of state highways. The other nine sought to designate certain post and forest roads in nine different Oregon counties, a majority of them being introduced during the week of the special session in a spirit of jocularity on thep art of their sponsors.
