## Polk Residents Protest Road Asked of Court

Dallas, Or., April 5.—A petition was filed with the county court on the second day of March asking the county court to establish a road south of town from the Dallas-Cooper Hollow county road south to connect with the county road leading to Monmouth. This road is now a private road running through Riddle's place.

Yesterday a remonstrance was filed by 43 property holders and residents of road district No. 20 asking that the court refuse to grant said petition as the damage to individuals from the establishment of the road would be greater than would be justified. The remonstrators say that a road could be established on another line and would be of as much benefit to the people in that community and that the right of way for the road would be donated free of charge. The remonstrators are greater in number than the petitioners.

The liquor was scientifically made and the still cost \$190 to manufacture, according to the prisoners, both of whom are in jail without bond. They used a tent as a distillery.

A sale of 40 gallons in Portland led to the location of the camp. Besides the 50 gallons of extra fine moonshine, 200 gallons of regulation liquor were found.

For the past three years Mr. Reynolds has been principal of the Buena Vista high school until a few months ago at which time he resigned on account of poor health.

## Eugene Sawmill Starts Operations

Eugene, Or., April 5.—The Shannon & Walters sawmill, north of Elmira, has started sawing on a large tie order. There has been added to their mill equipment a large battery gang strip machine, which will cut all surplus side lumber into car strips, used in California in great quantities.

The mill has also added a power-driven tram car for logging purposes. This car is an entirely new departure in logging operations and makes it possible to haul large loads of logs very cheaply, over any grade and under any weather conditions, as it operates by power drums on the car, acting on a stationary wire cable, along the track from the mill to the saw timber and is not dependent on the traction of rails, which may be of any material.

## Crabtree May Get New Railroad Line

Crabtree, Or., April 5.—The people of this vicinity are very optimistic regarding the matter of building a railroad from Crabtree to the timber belt of the Hammond Lumber company. There will be 19 in all: 11 Germans, 2 Russians, 1 Canadian, 1 Irish, 1 Greek, 1 Swede, 1 Hollander, and 1 Swiss, as follows:

## Broccoli Shipped East to Baltimore

Independence, Or., April 5.—To avoid delay in the shipment of Slopier Bros' broccoli, a locomotive engine was sent over to the Wierich ranch from Salem a few days ago and took out the large carload which had been loaded on the spur at the ranch. This is the seventh carload that they have shipped this season and is consigned to Baltimore, Md. It was loaded in a large refrigerator. The harvest for this year is nearly completed and it is estimated that the Slopier will not have more than one more carload for the market. Considerable broccoli was sold in the Oregon markets this year.

## Oregon City and West Linn Bridge Work Is to Begin

Oregon City, Or., April 5.—The new bridge across the Willamette river between this city and West Linn is now an assured fact, and work will be started soon on the structure. This came about as the result of an amicable settlement between the county court and the state highway commission over the money that Clackamas shall pay the state for work already done by the commission for the proposed new bridge.

The money to be paid by this county to the commission for the new bridge, including the grade between here and Canemah will be: Clackamas county \$150,000; West Linn and Oregon City, \$50,000, jointly, making a total of \$200,000 which will pay for the bridge and clean up all outstanding debts due the commission for past work done on the Pacific highway through this county.

## Steak In Wrong Car; Police! Sunday Dinner Waits

The meat which Mrs. C. W. Young, 228 North Capitol street, purchased Saturday evening, never got within cooking distance of her kitchen stove. How come? J. H. Catton, route 1, took it home with him.

"I put my meat in the wrong automobile," Mrs. Young told Desk Sergeant Ellis. "Will you help me find it?" Sergeant Ellis assured her he would do all in his power, although, he reflected, he had no meat hounds to put on its trail.

"I've got somebody else's meat," announced Mr. Catton, a short while later, over the phone. Sergeant Ellis sighed his relief. Whether Mrs. Young got her steak for Sunday dinner, the police cannot say. Mr. Catton lives six miles from Salem.
