

State Will Cooperate on Lane Work

Eugene, Ore., April 16.—The state highway commission has agreed to co-operate with Lane county in surfacing the Blachly road over the summit of the Coast mountains, known as the Low pass highway, now under construction, according to M. H. Harlow, county commissioner, who has returned from Portland, where in company with C. P. Barnard, county judge, he met with the commission to discuss a number of Lane county projects.

The state commission agreed that it will match any sum for this purpose that the county puts up. The amount has not yet been determined, as no estimate has been made as to the sum required for surfacing the road, but the county is soon to issue \$100,000 bonds and a portion of this will be devoted to this project, says Commissioner Harlow.

The present contract on the Lowpass highway covers a stretch of 11 miles, from Goldson, on the east slope, to the summit. Mr. Harlow said that the members of the state commission expressed a willingness to cooperate in extending the work on the west side of the summit to the point where the low-pass and high-pass roads converge. This work is expected to be provided for this summer.

The Lane county officials also conferred with the forest officials at Portland regarding work on the upper Willamette highway leading to the summit of the Cascade mountains and obtained a promise that the forest department will match any sum up to \$6000 put up by the county to be expended above the Rigdon ranch in making the road passable to the summit.

Pirtle Keeps Birthday.
Albany, April 15.—Grant Pirtle celebrated his 56th birthday on Thursday. He was born at Bloomfield, Iowa, on the day that Abraham Lincoln was assassinated. Mr. and Mrs. Pirtle came to Oregon 17 years ago, and have spent most of that time in Albany in the hotel business. For a number of years they conducted the St. Charles hotel, which they now own.

Verd Hill of Independence was in town last evening. He went to Portland where he will serve on the federal grand jury. Mr. Hill was former representative in the house from Polk county.

JOURNAL WANT ADS PAY

Douglas To Put \$68,000 Into Market Roads

Roseburg, Ore., April 16.—The announcement of Charles H. Whitmore that the state, this year, will have sufficient amount of money to match the counties dollar for dollar on market roads, will receive approximately \$68,000 for her main lateral roads this year, this money to be expended under the direction of the state. Mr. Whitmore, who is a member of the state highway department has been assigned to the market road division and says that for the first time the state will have a large enough amount of money to meet the counties on a fifty-fifty basis.

In Douglas county at the recent election it was decided to vote 1 mill for the purpose of matching the state on the market road money. On the valuation of \$34,000,000 this raises \$34,000 and by matching this with the state fund it gives the county the sum of \$68,000.

The county court has notified the state that it now has the first half of the money available and has asked that the market roads be designated and work started at once. In administering this fund, the county desires to expend only one half of the amount at this time.

Five Industrial Accidents Fatal

The names of five workmen who lost their lives in industrial accidents are included in the list of 405 accidents in Oregon industries as submitted to the state industrial accident commission for the week end April 14. These are Clyde Hatton, steamboat man, Portland; Jack Hamilton, watchman, Oregon City; Nicholas Holsapfel, miller, Portland; Frank Mongrain, grain handler, Portland; and Lester W. Hall, c-auf-feur, Corvallis. A total of 393 accidents reported during the week are subject to the provisions of the workmen's compensation act.

Oil Company Is Incorporated

The Oregon and Cat Creek Oil company, with headquarters in Portland and capitalized at \$350,000 filed articles of incorporation with Corporation Commissioner Handley here Friday. The incorporators are John A. Anderson, John P. Ford and William E. Bell. Articles of incorporation were also filed by the Roberts Har-

ware company of Nyssa, Malheur county, capitalized at \$50,000. J. B. Roberts, E. C. Van Petten and Paul E. Van Petten are the incorporators.

Society

(Continued from Page Five.)
Nusom. At a late hour refreshments were served.

Miss Marion Abbie, of New Jersey, who spent a few days of this week as the guest of Mrs. W. H. Byrd, left Salem on Friday on her return trip. Mrs. Byrd accompanied Miss Abbie, as far as Portland, where Miss Abbie made connections for the east. Miss Abbie has spent the winter visiting up and down the Pacific coast.

Homer Smith is reported recovering from a recent illness.

Miss Vivian Bretherton, of Portland, who has spent the week in Salem at the home of her sister Mrs. Clifford Brown, returned

yesterday to her home in Portland. Mrs. W. W. Bretherton, of Portland, arrived in Salem last night and attended the Matzenauer concert and is at the home of her daughter, Mrs. Brown.

Mr. and Mrs. Morris Abraham, of San Francisco, are visiting friends in Salem and are guests at the Hotel Marlon.

The girls of the ninth grade Girls' Reserve corps from Washington Junior high school entertained on Thursday evening with a party in the parlors of the Y. W. C. A. The hours were spent in playing games and refreshments were served by the hostesses. Members of the corps are Miss Frances McKenney, Miss Catherine Hartley, Miss Gwendolyn Bryngleson, Miss Bernice Mulvey, Miss Helen Pettyjohn, Miss Pauline Knowland, Miss Clara Howard, Miss Lucille Pettyjohn, Miss Genevieve Barber, Miss Faye Wassam, Miss Florence Busch, Miss Janet Pimpton, Miss Marion Rowley, Miss Ruth Auld, Miss Ethel Livesley, and Miss Kathleen Rodgers. They were assisted by Miss Ja-

RADIATOR PROBLEMS SOLVED

E. C. JARMAN

17 Years a Carriage and

Automobile Painter

Eleven years in the best shop in Portland. I know just exactly the proper material for first coat, between coats, and last coat, and know how to apply it. Have used all makes of varnish and know which is best to wear. Can make your old car look exactly like a new one (not like a smeared-up repainted job, but NEW) and for much less than Portland prices.

neise Vandervort, Miss Benda Busch, Miss Eva L. Scott, and Miss Josephine Bross, corps leader. Their guests were Robert Ashby, Kenneth Davis, Raymond Olson, Willie Irwin, Winfield Clark, Melvin Long, Donald Fleming, Bert Randall, Sherman Pimpton, Paul Royston, Wayne Todhunter, Norbert Jarman, Gail Brumwell, Arlie Anderson, Isaac Goldberg, Benoit McCroskey, Chester Kurtz, and Raymond Siler.

Mrs. Marie Flint entertained a number of her friends at dinner Thursday night at Oak Villa, the beautiful home of Mrs. M. M. Cusick. The occasion was her birthday. The spacious rooms of the house were beautifully decorated with flowers, and in the dining room forget-me-nots prevailed. In

note, a graceful bouquet of the little blue flowers was arranged and this was placed on a centerpiece embroidered with the same motif. Small nut dishes at each cover were also painted with the same design. Following the five-course dinner, the evening was spent in conversation, music and

billiards. Those present were N. Dolman, Judge and Mrs. T. M. Mettrick, Judge and Mrs. M. Brown, Judge and Mrs. George Burnett, Mr. and Mrs. Arthur M. and Mrs. C. P. Bishop, C. A. Seldon, Dr. W. H. M. Mrs. M. M. Cusick, and Mrs. Marie Flint.

Double Assurance of Dependable Lubrication

The remarkable performance of the OilPull tractor is due in large part to its dependable lubrication system, for without thorough and constant lubrication, trouble and destruction quickly follow.

The tractor really rides on a film of oil and the more perfect this film is maintained the more perfect is the operation of the tractor and the longer its life.

The Rumely OilPull is distinguished above other tractors because it gives twice the assurance of perfect lubrication—because it has two main systems of lubrication rather than one.

First, there is the positive, force-feed, fresh oil, Madison-Kipp lubricator which pumps fresh oil, drop by drop, to all the major moving parts—cylinder, piston, crankshaft, bearings, etc.

Second, the designers of the OilPull, to be sure of unquestioned dependability of lubrication, have added the splash system which throws a constant spray of oil to all the moving parts within the motor, governor and other vital parts.

This is but one of the many features responsible for the OilPull's remarkable record of performance—which makes the OilPull supreme in quality, and cheapest in cost per year of service.

Four sizes are built—12-20, 16-30, 20-40 and 30-60 H. P.
