B-H Workers are Experts

Though not generally known, it is a fact that expert paint and varnish makers require many years of training before becoming efficient, and even then but few become experts. In the Bass-Hueter factory all varnish making is supervised by an expert of over forty-two years' experience. Similarly the superintendent of paint manufacture has had over thirty years of success in this work. But expert personnel is just one of the reasons for the high quality and economy of Bass-Huster products,
