

Jap Problem Not Serious Baron Holds

Cleveland, Ohio, May 4.—Differences between the United States and Japan "call for adjustment but their existence does not justify apprehension or pessimistic forecast," Baron Shidehara, the Japanese ambassador, declared today in an address before the Cleveland chamber of commerce.

"Is there any question between us," he asked, "which cannot be set at rest by the ordinary process of friendly discussion? Sane and honest diplomacy, backed by sense, reason, charity and mutual concession, will alone lead to the lasting settlement of these problems. There is absolutely no other course."

Huns Must Pay Bishop Insists In Speech Here

Germany should be made to pay every dollar possible in reparations, was the declaration last night of Bishop W. O. Shepard in an address before the Salem Six O'clock club at the First Methodist church. He urged, however, that love and kindness supplant hate in the hearts of the American people.

"In my opinion," Bishop Shepard said, "it is right to take up arms for country and for principles, but to keep on hating a vanquished foe is wrong."

Bishop Shepard vividly portrayed the conditions of misery that exist in the central nations of Europe. He was a member of a commission of the church that visited the stricken regions of Europe last winter.

Community Sing Movement To Be Pushed In Salem

High appreciation of the boost community singing has received in Salem at the hands of the Arts league was expressed today by members of the civics department of the Commercial club. A lecture recently given by Mrs. Adams of Portland, in which she pointed out the value of community singing to a city is said to have encouraged local workers very much.

A community get-together at the Salem armory has been arranged for by the social service committee, at which the "community sing" idea will be given prominence.

"Members of the younger generation will be given a chance to enjoy themselves with the step and toddle," a member of the committee said today, "and the Virginia reel will have charms for those of all ages."

He added: "Everybody enjoyed the community sing held by the Rotarians at the Commercial club recently. I believe the movement is to be a big success in Salem."

Who is Swift & Company?

Swift & Company is not a one man or one family affair. It is a company owned by more than 40,000 people scattered over the face of the globe—forty thousand shareholders with voting powers and a share in the risks and profits of the business.

Most of the forty thousand live here in the United States. But some of them live in France, some in England, others in the Philippines, Hawaii, Alaska.

13,000 of them are women.

Nearly 14,000 of them are employees.

The average individual holdings are small—about 37 shares apiece.

No one person or family owns a majority of the stock.

In fact, it would take 900 of the largest shareholders pooled together to vote 51 per cent of the stock!

These shareholders are the men and women whose money, in the form of capital, makes Swift & Company possible.

They are jealous of the character and reputation of their organization, proud of what it is doing, proud to have a part in supplying to the world such products as Swift's Premium Ham and Bacon, Brookfield Sausage, Silverleaf Brand Pure Lard, Wool Soap, Swift & Company's fresh meats, etc.

The executives of Swift & Company maintain the high standards of these products as an imperative duty not only to the 40,000 shareholders, but to the public.
