Williams Says Fruit Industry Dependent Upon Reduced Rates

The prosperity of fruit and vegetable producers of the Pacific northwest states this season depends in large measure upon prompt action on the part of the interstate commerce commission reducing freight for shipments from these states to the middle west and eastern states, according to Fred A. Williams, chairman of the Oregon public service commission. Williams, who returned Thursday from the conference at Yakima, Wash., at which the problems of the producers of this section were presented to the national commission through their special representatives, Henry J. Ford, has strong hopes that relief will be forthcoming in time to save the situation.

Spraying remains undone, boxes have not been ordered and the entire program of caring for the fruit crop of this territory lags because of inability to finance the industry, according to testimony presented by producers at the Yakima conference. Bankers are unwilling to extend loans to the producers until a market is assured and this in turn depends upon the attitude of the carriers and the extension of lower rates which will permit of the marketing of the products of this section in the western and middle western states.

Very little help is being employed in the orchards and berry fields of this section, the producers depending largely upon their own labor and that of their family in their efforts to effect economies at every turn but these efforts will be largely unavailing without a corresponding show of co-operation on the part of the railroads, Williams declares.

Independence Men to Inspect Mills in Luckiamute Valley

Independence, Or., May 13.—Under the auspices of the Independence Business Men's association an excursion over the Valley & Siletz railroad to the big mills in the Luckiamute valley is being planned by Independence business men. The proposition was taken up at the last meeting of the association and it received the endorsement of the entire membership. The association will make arrangements with the company at some near future date for a special train to leave Independence in the forenoon, returning in the evening, affording opportunity for people in this locality to witness the transformation which has taken place in the Siletz Lumber & Logging company's new townsite.

The company is sparing no expense to make them an attractive and desirable place for the employees to live. An effort will be made to have a ball game arranged between Valselt and Independence for the day of the contemplated excursion. Two teams are being organized at Valselt, a suitable ground is being provided and warm contests are anticipated. The baseball project has the backing of the mill officials.

Huntsville, Texas, May 12.—More than a score of state convicts many of them armed, mutinied today, stormed the arsenal, shot two guards and fled.

Burnett Says He Couldn't Hold Job

"I had to give up several different positions on account of rheumatism but since taking Tanlac I never have an ache or pain in my body and am working hard every day," said E. J. Burnett, 4914 Forty-fifth avenue, Southeast, Portland.

"For ten years now rheumatism and stomach trouble had been pulling me down and I had gotten to where I didn't expect to see another well day. My neck hurt me so bad that sometimes I couldn't turn my head without moving my whole body, and I had severe pains all through my shoulders. The muscles in my legs hurt so bad I was often unable to walk, and I had to give up several good jobs just on this account. Often I couldn't get up or down and was in such pain I couldn't even turn over in bed. I lost my appetite and my stomach got so badly out of order that the little I did force down disagreed with me. Nothing did me any good other than a little temporary relief, and I realized that it wouldn't be long before I would have to give up entirely.

"One day a railroad man from Lewiston, Idaho, advised me to try Tanlac and I have thanked him many a time since for putting me on to such a fine medicine. Why, it went straight after my troubles and don't believe there is a trace of rheumatism left in my body. I never feel a sign of it and am as strong and active as I ever was. I can hardly get enough to eat and everything agrees with me perfectly. I am sleeping fine and can do as big a day's work as I ever could."

Snake Dancer Creates Stir in Hun Capital

Mlle. Annie Gerzer in her snake dance, which is the sensation of the theatrical season in Berlin. Her makeup expresses the very spirit of serpentine charm and repellent attraction, and the strange, snaky fascination of her dance is admirably shown in the accompanying photograph. Mlle. Oregon to Meet Aggie Runners On Cinder Path

Eugene, Or., May 13.—The annual dual meet between the University of Oregon and Oregon Agricultural college will be run on Hayward field the afternoon of Saturday May 14. Tryouts held yesterday resulted in Bill Hayward's final selection of the men who will represent Oregon. A list of Aggie entries have been received by athletic authorities here from Mike Butler, cinder coach at the Corvallis institution. A joint committee from the two schools has made announcement of the officials for the event.

Paddock May Compete At Eugene Track Meet May 21
Los Angeles, May 13.—Charles W. Paddock, of the University of Southern California, claimant of four world's sprinting records, has given up plans to race in the east next month. It was announced today. He will probably take part in the Pacific Coast conference championships at Eugene, Or., May 31, according to Dean B. Cromwell, U. S. C. coach.

Paddock had planned to run in an invitational meet at Boston June 15 or the national intercollegiate meet at Chicago June 18. Inability to arrange his university study work was announced as his reason for abandoning the eastern trip.

Coach Cromwell said if Paddock ran at Eugene he would endeavor to break records for 150 and 200 yards.
