### Gasoline Tank Order Passed by **Albany Council**

Albany, Or., May 28 .- All gasoline tanks installed hereafter in Albany containing between 10 and 550 gallons must get permission from the city as the result of an Albert Guyot Worth ordinance submitted to the city CC. W. Van Ranst council at its bi-weekly session at the council chambers.

The ordinance specifies that every tank holding more than 10 who have been running motor gallons installed by a garage or as trucks in Stayton for some time, a service station shall be covered by three feet of earth. If two or hold goods for Bend, where they more tansk are adjacent the ordi have secured a two year contract nance provides that there must be hauling lumber. One of the trucks 12 feet of earth or a concrete rewas purchased by A. S. Watters, taining wall between them, A fillwho will do a business of general ing pipe must protrude above each tank, and the pipe must be capped.

The ordinance states that each its logs about ready to put in the application for permit to install river a few miles west of Mill City, such tanks must state the location for their long drive to their mill of the tank, and must be submitted here. It is expected the drive will to the building inspector. The fine consume over a month, there being for violation is gixed at from \$45 ferred to the committee on ordi-
