Of Interest To Women

Eva E. Dye Greeted At Reception

Mrs. Eva Emery Dye, noted Oregon historian, was the guest of honor at a reception given for her last night at the home of Mrs. Carrie G. Fowle, 295 North Capitol street. A large number of graduates of Oregon history gathered last night to meet Mrs. Dye, whose home is in Oregon City, and who came to Salem at the request of Robert M. Gatzke, instructor of Oregon history at Willamette university. Mrs. Dye is the author of "McLoughlin of Old Oregon" and other authentic treatises on Oregon history. While in Salem she is the house guest of Miss Frances Richards.

A brief program was given last night at the reception. P. M. Blenkinsop sang "Out Where the West Begins" and "When the Great Red Dawn's Shining." Miss Martha Ferguson of Willamette read the third chapter of "McLoughlin of Old Oregon." Mrs. Dye followed with an interpretation of this chapter, which dealt particularly with the wedding of Jason Lee.

Mrs. Dye spoke before students of Willamette this morning. She addressed two classes in Oregon history.

Runaway Heiresses Caught In Chicago

Above: Miss Allie Burton
Below: Miss Jessie Hansford

The confining dormitory walls, the restraints and supervisions of the teachers and watchers, the Indian blood restless for the out doors, for freedom, were too much, so, Allie B. Burton, Choctaw miss of seventeen, ward of Uncle Sam and worth a million dollars in oil lands, answered the call and fled from the Forest Park university of St. Louis. Keeping stealthy step with her as she felt her way at midnight to the school's front door was Jessie Hansford, eighteen years old, likewise an heiress and, like the Indian girl, thrilled with the thought of wandering free from any supervision. W. S. Hansford, grandfather of Miss Hansford and for years the friendly adviser of the Indian girl, came to Chicago, appealing to the police to help him search the city for the pair of missing girls. They were located in Chicago.

Graduation At Keizer Thursday

Graduation exercises for the eighth grade was held on Thursday evening of last week at Keizer school. Plans for the affair were directed by Miss Pearl Eyre and a program was given in the evening. Memorial day was also observed in the program, and Seymour Jones gave an address on the subject "The Meaning of Memorial Day." The boys of the school contributed a flag drill.

The program opened with the play "The Sniggles Family" which was presented by students. Margaret Matheq took the leading role of Mrs. Sniggles.

Mrs. Mary L. Fulkerson, county superintendent of schools, was present and took charge of the presentation of diplomas. Those graduated are Blanche Weathers, Laura Doner, Verna Bartruff, Lillian Rehfus, Margaret Matheq, Ivy Dowden, Randolph Matlock, Truman Cummings and Ray Finster.

The Keizer school picnic was held on Friday at Willow Lake farm. Dinner was served at noon and sports occupied the afternoon. A baseball game between the school boys and their fathers was staged and the boys won by a decisive score. A tug of war also created interest. Cash prizes were offered for the races.

What's New On The Market

The crest of the strawberry season is approaching. Home grown strawberries were on the market this morning for 12 1/2 and 15 cents a box. The latter price is too high. In Woodburn Saturday, berries were selling for eight cents a box. Of course that city is located in the heart of the strawberry district of the county and stores can buy for less, but it well illustrates to the Salem housewife what the price will be within a week and how reasonably she can buy.

Today sees the close of the season for deep sea crab. There are some on the market at present at the old price of 35 cents. The last shipment will probably be received tomorrow which will meet the demand for a few days.

The new carrots received a few days ago from California look fine, though they seem to be more tops than actual carrots. They are selling in ten cent bunches weighing a little over a pound with no prospect of a change in price.

Mrs. Venice Jensen Tells How Cuticura Healed Pimples

"I had pimples on my face so badly that they disgusted me until I almost felt that I could not be seen in company. The pimples were large and red and were scattered all over my face. They annoyed me as they itched, and I was always picking and squeezing them."

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. I found great relief and bought more. When I had used one cake of Cuticura Soap and one box of Cuticura Ointment there were no pimples to be seen. I was healed." (Signed) Mrs. Venice Jensen, Ovid, Idaho.

Once clear, keep your skin healthy and clear by using Cuticura Soap and Ointment for every-day toilet purposes and Cuticura Talcum to powder and perfume. Nothing better.

Sample Book Free by Mail. 24 Cents. "Cuticura Laboratories, Dept. B, Malden, Mass." Send every-thing. Soap 5c. Ointment 10c and 25c. Talcum 10c. "Cuticura Soap shaves without soap."

Imperative Is the Sports Outfit

It fills almost every need of the spring and early summer. For outdoor pleasures, motoring, hiking, morning wear, shopping and a hundred other occasions they are the correct thing. And it is not surprising that women are accepting sports apparel so universally for they are vastly becoming and youthful looking.

A Surprise Tonight

If you will try this way to prettier teeth

This test will surprise and delight you. The results are so quick, so pleasing, so conspicuous. Millions have already made it. The glistening teeth seen everywhere now show some benefits it brings.

Go get this free tube from your dealer. Use it and watch the effects. It will open up to you and yours a new era in teeth cleaning.

Why prettier teeth?

This method brings whiter, prettier teeth because it fights the film. Your teeth are now covered with a viscous coat. Feel it with your tongue. It clings to teeth, enters crevices and stays.

Old brushing methods do not remove it all. Enough remains to make the teeth both dingy and unsafe.

That is why teeth look cloudy. The film-coats absorb stains. Film also causes most tooth troubles. And, under old methods, all those troubles have been constantly increasing.

How film ruins teeth

Film dims the teeth's luster. It also forms the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Many other serious troubles, local and internal, are now traced to them.

Countless people find that teeth brushed daily still discolor and decay. The main reason lies in that film.

Now we daily fight it

Dental science, after long research, has found ways to fight that film. Able authorities have proved their efficiency. Now leading dentists everywhere advise their daily use.

These methods are combined in a modern dentifrice called Pepsodent. Millions now employ it, largely by dental advice. The use is fast spreading the world over among those who know.

That is the tooth paste we ask you to try. Watch its effects on the film. See how your teeth improve. Then let your own good sense decide between old methods and the new.

Three other essentials

Modern science also requires three other effects from a tooth paste. The old methods did not bring them. Pepsodent brings them all.

Not for women only

The most conspicuous effect is glistening teeth. Countless women employ it largely on that account. Few things add so much to beauty.

But men also want white teeth. Men who smoke find that teeth discolor quickly, due to stains in the film.

Pepsodent means more than this, however. It means cleaner, safer teeth. Children need it even more than others. Their teeth are easily attacked, and very few escape. Dentists advise that Pepsodent be used every day from the time the first tooth appears.

To all it means a new conception of clean, well-protected teeth.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

This test will prove a delightful revelation. To you and yours it may bring life-long benefits. Every day you wait may mean new damage. Cut out the coupon now. Present it this week at your store.
