Arts Club Elects Its New Staff

The final meeting of the Salem Arts league was held last night at the city library when new officers were elected for the ensuing year. Those chosen were Mrs. J. W. Harbison, president; Mrs. E. C. Richards, vice president; Mrs. Byron Brunk, art director; Miss Renska Swart, re-elected treasurer; J. M. Clifford, secretary; Gertrude Robison Ross, publicity chairman. A vote of appreciation was taken by the league for the efficient work of Mrs. Frank S. Barton, retiring president and Mrs. Monroe Gilbert, retiring vice president.

The feature of the evening's entertainment was the reading of Miss Carol Dibble, who has just returned from her second year at Cornish school of the spoken word in Seattle. Miss Dibble is specializing in the reading of Dickens' works and last night she gave cuttings from "Pickwick Papers" and "Tale of Two Cities" and as an encore she gave Margaret Wilder's "Carnation." Miss Dibble's work is artistic in every detail and her interpretation is marked for its simplicity and sincerity.

F. S. Barton gave two songs, "The Song of the Sword" and "Just a Wearyin' for You." He was accompanied by F. D. Eason. Supper was served in the educational room at the close of the evening and the tables were provided over by Mrs. F. M. Darby and Mrs. Hester Harding.

A number of new members were taken into the league at the meeting last night. The organization will resume its activity early in the fall.

Willard Batteries Win
They win on reputation—when you think of batteries you naturally think of Willard. They win on quality. The most important battery improvements, including Threaded Rubber Insulation, originated with Willard.

They win in dollars-and-cents savings. No outlay for replacement of insulation if you buy the Willard Threaded Rubber Battery because Threaded Rubber Insulation outlasts the battery plates.

The Willard Threaded Rubber Battery is standard on 172 makes of cars—used for export on 2 others. Ask us about it. We're headquarters for Willard Batteries and Willard Service.

Wives To Exchange Mates

Truth is stranger than fiction. A fitting title for the odd love drama being enacted in the small town of Anderson, Indiana, which is destined to make over the lives of four young people. On the outskirts of the town are the humble cottages of Gordon Huffman and his wife, Lonetta, and of William Muncy and his wife, Glee. The cottages are separated by a scant ten feet or so, therefore, it was inevitable that the neighborly couples should become friendly. The Muncys moved into their little cottage last December. The wives immediately became great friends, and it was not long before the two loved two or three months of pleasant association, week-ends in the woods and short pleasure trips together. Apparently it was suddenly discovered that each of the four had fallen in love with the other's mate. Divorce proceedings have been started, and in the meantime the two young couples continue on the friendliest of terms, awaiting the action of the courts and the time when they will be free to exchange mates.

Tri L Club Initiates 3 Candidates

Young women of Tri L club, organization for young business women of the city, met last night in the parlors of the Y. W. C. A. when initiation was held for three candidates. Feels Twenty Years Younger, She States
Miss Hazel M. Burleigh, 960 Francisco St., Los Angeles, Cal., a trained nurse, after having been convinced by actual test of the remarkable results following the use of Tanlac, feels she owes a duty to others to give them the benefits of her experience with the medicine. Miss Burleigh says: "Last spring I came off a long, hard case and was very badly run down and weak. I felt the need of something to build me up and bring back my strength. I had heard friends and patients praise Tanlac so highly I got some and by the time I had taken three bottles, I was feeling as fine and was as well and strong as I ever was in my life and I have been in the best of health ever since."

"Since I have found out by personal test that it is a medicine of unusual merit I have suggested it in several cases with gratifying results, and in one case of chronic stomach trouble the benefits following were nothing short of remarkable and the patient is now entirely well. I do not hesitate to recommend Tanlac in cases where there is need of a good system builder or in cases of stomach trouble, especially those where formation of gas produces disagreeable symptoms." The Store of Housewares

What's Your Time Worth?

When you go to buy a pair of boots, a can of peas or a kitchen cabinet, do you know exactly what you want—or do you "shop around" and take pot luck?

You can save many an hour's time—and many a good hard dollar—by knowing beforehand what you want, where to get it, and approximately how much it will cost.

You can always know this much before you enter a store.

If it's clothing, you know how well it should wear and what the style should be. If it's a musical instrument, you know what to expect in tone and workmanship. If it's a carpet sweeper, you know what kind of service it should give.

Merchants with established reputations for honesty are the best with whom to deal.

Merchandise with established reputation is the best to buy.

The only way to be sure of the goods you buy is to read the advertisements in this paper regularly. As a practice it's far better than rummaging around.

It saves time. It saves money.
