## Shipment of Lumber Is Heavy

### Traffic Now Normal On Railroads; Yards and Mills Are Being Cleaned Up

Eugene, June 8.—Lumber shipments over the Southern Pacific have reached the amount shipped over the road at this time last season, from 350 to 375 cars going to southern and eastern points every day through Eugene, according to District Agent I. T. Sparks. Lumber shipments of late have increased until they are now normal, and many yards and mills are being cleaned up, according to Mr. Sparks.

Most of the lumber shipped south through here goes to California, Old Mexico and the southwestern states, while some goes east. Practically all shipped is grown and cut in Oregon, which would indicate that the market is improving and when the yards are cleaned out some of the mills will start which have been shut down for the last few months.

## Polk County Sheriff Takes 4 Men-2 Stills

The men arrested were Jesse Fox, Fearat Brown, B. F. Mills and O. P. Chase, and claim that they were only in that vicinity to purchase liquor and that the owners of the stills were away at the time. Bail was placed at \$50 for each man, but by default they remain in jail. Mills will have his trial Thursday morning. The cases of the others will be heard later.

## What's Your Time Worth?

When you go to buy a pair of boots, a can of peas or a kitchen cabinet, do you know exactly what you want—or do you “shop around” and take pot luck?

You can save many an hour's time—and many a good hard dollar—by knowing beforehand what you want, where to get it, and approximately how much it will cost.

You can always know this much before you enter a store.

If it's clothing, you know how well it should wear and what the style should be. If it's a musical instrument, you know what to expect in tone and workmanship. If it's a carpet sweeper, you know what kind of service it should give.

Merchants with established reputations for honesty are the best with whom to deal.

Merchandise with established reputation is the best to buy.

The only way to be sure of the goods you buy is to read the advertisements in this paper regularly. As a practice it's far better than rummaging around.

It saves time. It saves money.
