

Pioneers To Gather In Reunion

Date of Brownsville Gathering Is Set For June 22-24; Is 34th Meeting

Albany, June 10.—Pioneers of Oregon and Linn county will gather this month, June 22, 23, and 24 at Brownsville for the 34th annual reunion and picnic of the Linn County Pioneer association, according to posters that made their appearance in Albany today. This annual event is looked forward to by every pioneer of the county, for it is then that they all assemble and talk over the old times together and go back into their childhood and younger days. During the three days set aside for this reunion the city park at Brownsville will be a picturesque and historic ground.

Carpentier Hard At It For Bout With Champ

This photograph gives an excellent idea of the furious Dempsey attack. The champion is shown mauling the mid-section of Leo Houck, a sparring partner. The latter, cornered is unable to protect himself from the punishing body blows of the champion. The photograph was made at Dempsey's training quarters, Atlanta City, N. J.

Chamberlain Thanks Home Folks for Aid

Washington, June 10.—Following his unanimous confirmation as a member of the shipping board by the senate, former Senator George E. Chamberlain of Oregon today expressed his appreciation of the confidence of the president, the support given by Oregon people and the gracious act of Senator Jones of Washington in moving his confirmation in advance of the other appointees. "I appreciate the appointment very much indeed, coming from the president unsolicited by me, but with the strong endorsement of the people of Oregon, who have known me so many years," said Chamberlain.

"I have very fixed opinions about the shipping board and its purposes as expressed in the act creating it, but in view of the fact that other members of the board have not been confirmed, it is hardly proper for me to undertake to outline policies or to state my views. It will be my purpose as a member of the board, which to me seems one of the most important ever established by congress, to make its work successful both as applying to our national and international commerce.

"The questions involved are not local, but national. In fact, they affect the commerce of the world, for good or ill, and I am sure the American people will realize the difficulties which confront the new board and the purpose of the board to adjust them properly. I will do my best."

Bond Issue Lost

McMinnville, Ore., June 10.—The Sheridan-Williamina bond issue was lost in Tuesday's election by 67 votes. The towns of Williamina and Sheridan voted heavily for the bonds, which carried in McMinnville by more than 2 to 1. Newberg, Dayton, Carlton, Lafayette, Yamhill and Amity voted against the issue, as did most of the rural precincts.

Many lives and much property are lost every year because of accidents due to venereal diseases, says the U. S. Public Health Service. So great in fact are these losses that the National Safety Council has issued a bulletin on them. For instance, four serious recent railway wrecks were traced to employees who failed because they were suffering from paresis, which is a form of syphilis.

Larceny of Wheels Is Charged to Man; Is Held for Trial

Arrested by Officer Porter while he was endeavoring to dispose of a bicycle for \$15, a man who gives his name as Edward Richter of Alaska, is being held in the city jail pending his arraignment on a charge of larceny. Richter is accused of stealing three bicycles, one from Portland and two from Salem, according to Chief of Police Moffitt. Richter told officers he purchased the wheel a short time ago for \$60 from a man in Portland. A wire was sent to the Portland police in which the number of the wheel was given. Portland officers telegraphed an answer in which they said the bicycle is the property of a Portland attorney. This morning Chief Moffitt said he learned that Richter had two bicycles in his possession.

Hold-over Prunes All Sold, Report

Vancouver, Wash., June 10.—Practically all of the 1920 crop of prunes in Clarke county has been sold by the Washington Growers' association, which handled the product of its members this year. A small amount of prunes controlled by the association is unsold in the east, but these will be disposed of soon, it is expected. The association sold about 750,000 pounds of prunes this year. The prices were considerably lower than last year, but the growers were glad to get what they did with the prices on so many products slumping. The average price for prunes from this county was said to have been slightly higher than from any other place.

Coal Miners to Vote

London, June 10.—The conference of the coal miners' delegates held here today decided that a ballot should be taken in all the coal fields on the proposals of the mine owners for a settlement of the strike, which began April 1. This is generally considered a long step toward peace in the coal industry.

Bombers Seek To Kill Dry Agents

New Philadelphia, Ohio, June 10.—Attempts were made by bomb throwers today to kill Russell Bowers, 30 year old prosecuting attorney of Tuscarawas county, and L. O. Haug, safety director of Dover, both of whom have been active in enforcement of the prohibition laws in Tuscarawas county. A dynamite bomb was thrown on the front porch of the Bowers home in New Philadelphia at 1:30 a. m. from a passing automobile. It blew the porch to splinters and wrecked the house, but no one was injured. A dynamite bomb was also thrown on the porch of the Haug home in Dover at about the same time but it failed to explode.

Nick Nigro and his son Chauncey, of Dover, were arrested as suspects. The son was found hiding under the porch of the Nigro home. Holes in the street are warnings against more holes. So are holes in the graveyard. Repairs in time will delay both.

Sims Promises To Make Reply

London, June 10. Rear Admiral William S. Sims said this morning he would reply today to the request of Secretary of the Navy Denby, asking him to inform the American naval department as to his remarks on the Irish question delivered here in Tuesday. He said he would not make public his reply. Admiral Sims did not seem perturbed by reports that the United States senate had taken action call

ing for an investigation of his speech, but expressed curiosity as to when the senatorial inquiry would be begun. "I am returning on June 15," he said.

Eugene, June 10.—Three hundred and fifty children daily make their way to the vacation Bible schools which are underway at the Central Presbyterian and First Baptist churches. Monday was the first day of the sessions which include craft work music, and Bible study.

Germs, says the U. S. Public Health Service, are usually a hand to mouth affair. Better wash up.

THE REWARD

The Greatest compliment that can be paid a merchant, is the response of the People in patronizing his Store.

We take pleasure in thanking the People of Salem and Vicinity for their patronage, at our New Store and Market which opened in Salem last Saturday.

Your expression of confidence in Our Methods shall be an inspiration, to continue to serve you to the best of our ability. . .

Among our hundreds of customers during the last week, we have met a number of people who were former patrons of our Stores in Idaho and Utah, and who have expressed their pleasure in again availing themselves of the opportunity of making a SKAGGS STORE "THEIR STORE."

Due to the (more or less) confusion in opening a New Store we may have made some errors in filling orders, or made mistakes in the price of some items, and we will consider it a pleasure if anyone who has a complaint to make in this respect, will call our attention to same at their convenience.

OUR REGULAR PRICES

REMEMBER: We do not offer "Specials"—they are misleading. Our prices are based upon the wholesale cost—plus a small margin of profit, and are consistent throughout.
