

Cars Full Of 10,000 Visitors

Shriners Pour Into Des Moines for Big Convention; 50,000 Attend

Des Moines, Iowa, June 13.—Trainload after trainload of gaily uniformed Shriners poured into Des Moines today, and by tonight more than 50,000 red fezzed Shriners and their wives and families, coming from all parts of the continent, will be in the city in readiness for the convening of the forty seventh annual session of the Imperial council, Ancient Arabic order, Nobles of the Mystic Shrine, tomorrow morning.

A city of ten thousand inhabitants, who are living in their Pullman coaches during the Des Moines meeting, has been created in the railroad yards, where 400 coaches are parked. Sidewalks have been built, electric light service installed, sanitary arrangements made and telephone service supplied to every car. More than 5 miles of track are occupied by the coaches.

Medinah temple of Chicago has sent one of the largest delegations so far, three special trains having arrived today. Ararat temple of Kansas City also has three special trains and more than a score of temples have single train loads on the grounds.

Scout Executive Board Will Meet

The executive board of the local council of the Boy Scouts will meet tonight to consider the report of Harold Cook, scout executive, E. B. Clancey and P. E. Fullerton, who returned last week from an inspection of McCreddie Springs camp site where the scout camp will be held this summer.

The local court of honor will examine the case in which William Browne was saved from drowning last Sunday by Keith Draper and make a report to the national court of honor with recommendations for the awards of some medal to Draper. It is expected that the local court will recommend the gold medal, the highest offered by the Boy Scouts.

The meeting will be held at the scout headquarters above Miller's department store. Other matters are expected to come up in connection with the scout work here.

Telephone Folk Have Picnic At Jefferson Park

Onion, strawberry and cracker eating contests, an egg race, pillow fight, sack race, peanut race, fat man's race, fat girls' race and other contests were featured yesterday afternoon when a picnic was given at Moore's park, Jefferson, by the various departments of the Salem office of the Pacific Telephone & Telegraph company.

The party left Salem at 9 o'clock yesterday morning and arrived at the grounds about 11 o'clock. A number of prizes were donated by various Salem merchants and by W. L. Jones, mayor of Jefferson and manager of the company's telephone office at Jefferson.

Four Memorial Windows Given For Waller Hall

Four memorial windows were placed in Waller hall Saturday, making a total of five at present in the building. The gifts come from Mr. and Mrs. R. A. Booth of Eugene, the class of 1919 and the parents of Lieutenant Robert A. Sherwood, who died in France.

Lieutenant Sherwood attended the university school of medicine in the year 1911-12. At the time of his death he was battalion surgeon of the 310th regiment, 18th division. He was killed in action in the St. Mihiel sector in September, 1918.

Honoring Edward D. Curtis and Josephine Curtis-Robb, his former teachers, R. A. Booth, trustee of the university and heavy giver to the present endowment, has had one window placed in the hall.

"To commemorate the noble character and splendid life work of Lucy Lee Grubbs," is the inscription on the one given by Mrs. Booth. The gift of the class of 1919 merely bears the class number and a Latin motto.

Bill Exempts Coast Vessels From Canal Tax

Washington, June 13.—American coastwise shipping would be exempted from payment of Panama canal tolls under a bill ordered favorably reported today by the senate interoceanic canals committee.

The committee was unanimous after Senator Walsh, democrat, Montana, had withdrawn a request that hearings be held.

Chairman Borah, author of the bill, said that since the question was the subject of exhaustive hearings eight years ago there was no need of hearings at this time.

The decision to report out the Borah bill, applicable only to American coastwise ships, rather than the Jones-Pointdexter bills which would give all American shipping free canal passage was reached, committee members said because it was believed it would be easier to pass a coastwise shipping bill.

Woman Juror Bill May Win by Reason Of Error In Count

Complete official figures covering the vote of Marion county at last Tuesday's election are believed to have swung the woman's juror bill from defeat to victory with a favorable majority in the state of approximately 900 votes.

Comparison of the official figures as compiled by County Clerk Boyer with the unofficial totals upon which the vote of the state has been based shows a difference of approximately 1000 votes in favor of the woman's juror bill in the official figures. Unless an error in the unofficial figures of other counties sufficient to offset this gain is discovered this means that the juror bill which heretofore has been running from 75 to 100 votes behind now has a majority of approximately 900 votes in its favor, insuring passage of the measure.

Twenty-five counties have filed their official figures with the secretary of state's office here to date.

Marion county's official totals follow:
Legislative amendment—Yes 1639, no 6581; majority against, 4942.

Bonus bill—Yes 5060, no 3484; majority for, 1576.
Emergency clause veto—Yes 4055, no 3771; majority for 314.

Hygienic marriage measure—Yes 3840, no 4436; majority against 646.
Women juror bill—Yes 3184, no 4962; majority against 1778.

Armory May Be Used By W. U. Teams In Fall

A contract for the use of the armory by the Willamette athletic teams and gymnasium work for next year, until the proposed gymnasium on the campus is finished, has been drawn up and is ready for the final signature of President Doney on the authority which the trustees are expected to give tomorrow. The contract provides:

The late James A. Stillman, who, it has been revealed, exiled his wife in 1896 in much the same manner as his son, the complainant in the sensational Stillman divorce case, would exile his wife, Mrs. Anne U. Stillman. The elder Mrs. Stillman recently returned to New York, after living twenty-five years abroad following a disagreement with her multi-millionaire husband. The late James Stillman, it is said, ordered his wife not to return to the United States during his lifetime. He died in 1919.
