

# Auto Camp Has Nearly 200 Daily

## Real Estate, Supplies, and Motor Cars Are Bought by Tourists; Grounds Popular

Between 150 and 200 tourists are already registered daily at the Salem auto camp grounds, this number is increasing with each 24 hours, and this year's total of visitors promises to be practically double that of last year, according to T. G. Albert, superintendent of the grounds.

"Last year I believed we were fairly successful," Mr. Albert explained this afternoon, "but it won't compare with this season. We're going to fracture 1920's record in several places if July and August measure up to May and June."

### Many Cities Listed.

Last month, although an early one for tourists, found a total of 425 automobiles at the Salem auto camp grounds. These machines carried occupants from 18 different states in the union.

There were 30 automobile loads of tourists at the camp on Sunday last, besides 37 carloads of picnickers, Mr. Albert said. A glance over the records showed the tourists were from Chicago, Cheyenne, Spokane, Napa, Cal., Long Beach and many other cities.

### Week Average Visit.

Only one home has been disposed of in Salem to tourists camped at the auto grounds this season, but a number of the visitors have left the grounds to take up permanent residence in local apartment houses, Mr. Albert explained.

One of the campers purchased an automobile in Salem, the superintendent says, large quantities of automobile supplies are bought by the visitors each month.

Large quantities of food for the tourists' larders are also bought in Salem during the summer. Seven or eight days is the longest visit usually made at the camp grounds, the superintendent stated.

## Notes Given by Defunct Banks Legal Security

An opinion written by Attorney General Van Winkle for the information of Frank C. Bramwell, state superintendent of banks, holds that a note given by a bank to another bank as collateral security, may be held by the bank to which it was delivered until the note secured by the same has been fully paid. The fact that the bank giving the note and collateral security has since become insolvent does not affect the situation in the least, the opinion points out.

Running upstairs instead of walking will increase the work of the heart by one-fourth.

## Lebanon Firm Manufactures Differentials

Organized for the purpose of promoting differential for automobiles patented by F. W. Seeck of Lebanon the Seeck Differential company with headquarters at Lebanon, Linn county, filed articles of incorporation with the state corporation department here Monday. The corporation is capitalized at \$100,000 with the following incorporators: F. W. Seeck, Clarence Ingram and H. J. Seeck.

Other corporations filing articles were:

Goldman-Hall Engine company, Portland, \$15,000; F. C. Knapp, J. W. Hall, A. B. Goldman.

Moore & McGill, Inc., Portland, \$10,000; H. F. McGill, G. E. Moore and A. G. Rushlight.

Motorlogue Publishing company, Portland, \$5,000; Herbert S. Bryning, E. E. Bryning and M. L. Ham.

Warrenton Investment company, Astoria, \$50,000; J. S. Delaney, A. L. Brown and John Campbell.

Springbrook Packing company, Springbrook, Yamhill county, \$7,500; J. A. Wendell, J. H. Rees and A. E. Newhouse.

Resolutions of dissolution were filed by the Orwa company of Portland and the Murphy Paint company of Pendleton.

The Noll-Welty Lumber company, a Colorado corporation, filed a notice signifying its withdrawal from this state.

## Eugene People Must Cut Grass

Eugene, Or., June 21.—A Eugene city ordinance requires all property owners, agents or occupants of property within the corporate limits to cut and remove grass, weeds, thistles and bushes in the streets and alleys adjacent to their premises between June 15 and June 25 of each year.

Chief of Police Christensen says he is going to see that this ordinance is enforced this year. During past years many property owners and occupants of property have neglected to cut the grass and weeds in their parkings and as a result the city has been subjected to many adverse remarks.

## Nominations For Government Jobs Are Announced

Washington, June 20.—Evan Evans of Grangeville, Idaho, was nominated today to be collector of internal revenue for the district of Idaho, James H. Anderson of Salt Lake city to be revenue collector for the district of Utah, Edwin S. Booth of Montana to be solicitor for the department of the interior and John L. May of Salt Lake city to be assayer in charge of the Salt Lake city assay office.

## Plane Owners Violating Law Recently Made

Owners of aircraft in this state who are operating the same are doing so in direct violation of the state law which became effective May 25, last, requiring the registration and licensing of all aircraft.

Although this law, enacted by the last legislature, became effective May 25, nearly a month ago, no aviator has as yet applied for a license to navigate the air lanes of this state, nor registered his aircraft.

This fact was brought out today by Secretary of State Kozler who is mailing application blanks to all known owners of aircraft in the state.

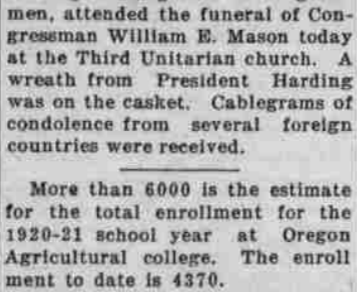

Kozler also directs attention to the clause in the new law which assesses a fine of from \$10 to \$100 for failure to register the airplane or any of the provisions of the bills.

The new law provides that every owner of aircraft, shall, after he becomes the owner thereof and before he operates or flies the same over the lands or waters of this state, file with the secretary of state an application for the registration of his craft. A filing fee of \$10 must accompany the application in return for which the secretary of state is to issue a certificate of registration and a number plate which must be attached to the plane and displayed at all times in a conspicuous position. These licenses are renewable annually.

Mason Is Buried.

Chicago, June 20.—Hundred of personal and political friends, including a delegation of congressmen, attended the funeral of Congressman William E. Mason today at the Third Unitarian church. A wreath from President Harding was on the casket. Cablegrams of condolence from several foreign countries were received.

More than 6000 is the estimate for the total enrollment for the 1920-21 school year at Oregon Agricultural college. The enrollment to date is 4370.

KATE RICHARDS O'HARE Speaks Here Saturday

Through the efforts of some of Salem's prominent business and professional men, Kate Richards O'Hare, world renowned lecturer, will speak at the armory next Saturday evening at 8 o'clock. Her lecture on "Crime and Criminals" is non-sectarian and non-political, and has brought forth unstinted praise from the newspapers in practically every city where it has been heard. No admission will be charged and everyone will be welcome.

In commenting upon this lecture, delivered in Miami, Fla., a few weeks ago, the Miami Daily Metropolis said:

"There is a double standard of morals for the state and its citizens just as there is a double standard of morals for men and women," Mrs. Kate Richards O'Hare declared in a brilliant lecture before a large audience in the central high school auditorium, Friday evening. "While a man can commit a crime against society and 'get away with it,' a woman is condemned; so with the state and the individual. . . . Mrs. O'Hare says she entered the prison and left it without bitterness; for she was sincere in telling the judge who sentenced her that if it was her lot to spend a term within prison walls, it was that she might do good there, and that she might gain information that would enable her later to help correct some of the existing evils in the prison and jail systems of this country."—Miami (Fla.) ## Further Cut In Railroad Wages Pends

Chicago, June 21.—Announcement of a wage reduction order affecting nearly all railroads involved in the six hundred million dollar wage award of July, 1920, and not named the reduction order of June 1 is expected this week it was learned at the United States railroad labor board today.

A brief hearing covering about thirty roads asking wage cuts was held today. The board's decision on this case and on the hearing of June 6, when more than 150 roads presented petitions, will be rendered simultaneously. The decision, it was learned today, will be drawn as an addendum to the wage reduction order of June 1, and the reductions will be virtually identical with the average 12 per cent cut granted by that order.

"The addendum will probably be completed by the end of this week," a member of the board

## Congress Asked To Aid Fight On Timber Insects

According to information received by F. A. Elliott, state forester, in a letter from W. B. Greeley, forester with the United States department of agriculture, a bill is now in course of preparation creating a "zone of insect infestation" including the counties of

Klamath, Lake and Jackson as well as a portion of northern California. The bill will carry with it an appropriation of \$150,000 which is to combat insect pests which are said to be menacing the timber in that section. Timber

owners themselves are engaged in the fight against the pest and will expend an amount approximately as large if not larger than the proposed federal appropriation, according to Elliott.
