## What About It?

Halley's commet did not strike the Earth in 1911 as predicted by a few wiseheads, nor has any other commet done us any harm. but followed its orbit. Farmers have been hit hard by imaginary hard times and the average small business men have been hit still harder in proportion to capital invested, but cheer up. Better times are in sight, let's forget the past and keep on sawing wood.

We are still at the old stand doing business.
