Dr. G. F. Bradford, steward-
 ship secretary for the Disciples of
 Christ of California, will be the
 guest of J. J. Evans, pastor of the
 First Christian church, over
 Sunday. Mr. Bradford recently de-
 livered several addresses at the
 state convention of Christian
 churches at Turner and made an
 unusually strong impression on
 the many delegates in attendance.
 He has secured over 5000 tithers
 during his brief secretaryship in
 California. He is a man of large
 proportions, being six feet and
 four inches tall, a thorough
 master of his subject and a most im-
 pressive speaker. He will speak
 at the First Christian church at
 the morning hour Sunday, and at
 a union service at the Court street
 church at eight o'clock in the
 evening. During the afternoon he
 will speak at Dallas.

At the request of the national
 forestry policy committee, F. A.
 Elliott, state forester, will attend
 meetings of the committee to be
 held in Portland on July 29 and
 30. A letter from W. Brookings,
 secretary of the committee, re-
 quested the presence of Mr. El-
 liott who, Brookings said, and was
 expected to answer questions and
 offer advice to the committee.

A large number of hikers come
 through the city and often stop
 at the auto park, according to T.
 G. Albert, superintendent of the
 camp grounds. The majority are
 from Oregon and Washington, but
 parties have come from Los An-
 geles, Berkeley, and other distant
 points.

L. D. Kelly, for forty two
 years a resident of Marion county
 and who has recently moved to
 Roseburg, was in the city today.

First Wheat Shipped Thru Growers Pool

Spokane, Wash., July 15.—Be-
 ginning of actual operation of
 what he declared was the first
 wheat pool ever established in the
 United States by growers was an-
 nounced today by Waller Robin-
 son, acting manager of the North-
 west Wheat Growers' association.
 A shipment of more than 5000
 bushels of old wheat was received
 from A. E. Lock of Kendrick, Ida-
 ho, Mr. Robinson said, and was
 consigned to the Portland terminal
 of the organization from where it
 probably will be exported.

Additional old wheat, making a
 total of more than twenty thou-
 sand bushels also was received to-
 day, Mr. Robinson said, and ship-
 ment of new wheat is expected to
 be started shortly. The organiza-
 tion comprises wheat growers of
 Washington, Oregon, Idaho and
 Montana, and plans contemplate
 pooling of thirty-five to forty mil-
 lion bushels of wheat this season.

A bicycle, abandoned at the S.
 P. station, was taken to the police
 station last night by Officer Por-
 ter.

The Fabrics That Summers Are Made of

ARE a few empty dress hangers casting a shadow
 over the joys of an otherwise perfect vacation?
 Do you shut your eyes when you walk through
 our piece-goods department so the shimmering lengths
 of organdies and voiles and the soft bolts of crepes and
 crisp loops of gingham won't tempt you?
 But you can banish your yearnings, and make your
 dreams of a happy Summer come true, for coupled with
 the news of our exceedingly attractive Summer values
 comes the news of a marvelous new invention—

The DELTOR
 With New Butterick Patterns
 Saves 50c to \$10
 on Every Frock You Make

First, because of its won-
 derful cutting guide, worked
 out for your pattern, in your
 size, in every suitable width
 of fabric, you buy from 1/4 to
 1 1/4 yard less material than
 you ever used before. It
 matters not what you are
 making—every inch is used,
 and the saving is always
 assured.

Then, the simplest pictures
 guide every move of your
 needle. They show you
 from the first stitch to the
 final try-on just how to put
 your frock together, exactly
 as a professional would.

And finally, the Deltor re-
 veals to you those finishing
 touches that give a frock
 real individuality—smart
 sophistication. It tells you
 how to give even the least
 expensive frock the stamp
 of a French creation.
