Dedicate New Church Organ At Silverton

Silverton, July 25.—The new \$2500 pipe organ, which was recently installed in the Trinity Lutheran church here, was formally dedicated Sunday by a recital. Professor Charles Swenson, Portland organist, was assisted by a chorus of 45 members, and Mrs. Swenson, violinist.

Since Rev. George Henriksen, the pastor, came here from Our Savior Lutheran church of Portland in 1917 the membership of the church has increased more than 100 percent. It is now more than 500. In 1919 the old church building was removed and on its site a new modern building costing approximately \$15,000 was erected.

Rev. Mr. Henriksen has instituted several novel features. He has organized a 20 piece band. Three years ago a church newspaper, the first of its kind in the vicinity, was originated. It is called the Silverton Messenger, and has been published regularly ever since. The church chorus with 45 voices has been personally supervised by Rev. Mr. Henriksen. In addition to this there is an orchestra.

The minister has been active in civic affairs and is a prominent member of the city council.

Olcott Selects Board to Improve Soda Springs

Governor Olcott has announced the appointment of Willard Marks of Albany, A. H. Parrish of Sodaville and M. D. Shanks of Lebanon as members of the board of trustees to serve for the purpose of improving Soda Springs and grounds, owned by the state and located at Sodaville in Linn county.

Under an act of the last legislature an appropriation of \$300 was made for the improvement of the springs and the abutting grounds. Mr. Parrish, one of the appointees, is a grandson of Thomas Summers, who made the donation of the soda springs and land to the state. Mr. Shanks was formerly state senator and Mr. Marks is a prominent attorney.

3,400 Employees On Payroll of Oregon

The state of Oregon has a payroll total of 3,400 employees, according to a report prepared by Sam A. Koser, secretary of state, for transmission to L. R. Ardie, director of the department of efficiency of the state of Washington. More than 1,000 of these employees were in the service of the state highway department.

The report was asked by Mr. Ardie because of a story published in Seattle to the effect that the Oregon legislature at its last session eliminated 2,500 employees from the payroll.

The employees listed by Mr. Koser included those in the penal, eleemosynary and educational institutions and administrative departments. No employees had been dismissed from service in Oregon, according to Mr. Koser.

Anti-Alien Law Constitutional

Tacoma, Wash.—The Washington State Anti-Alien land law passed by the last session of the state legislature was declared constitutional Monday in a decision filed in federal court.

Circuit Judge William S. Gilbert of Portland and District Judges Edward E. Cushman and Jeremiah J. Netter of Seattle, joined in the decision that the law, which prohibits aliens to own or to lease land and penalizes citizens who enter into leases with aliens, is not in contravention of the United States constitution, as was alleged by Frank Terrace of Seattle, who sought an order restraining L. L. Thompson, state attorney general, from enforcing the statute.

It is believed that the case will be carried up to the United States supreme court.

Grocer Up Against It

"I have been up against it for past 3 years suffering from pain in my stomach and side until I was considering giving up my grocery business. Doctors and medicine did not help me. I heard of Mayr's Wonderful Remedy thru a friend in Buffalo. The first dose gave me more benefit than all the medicine I had taken before and am now feeling as well as ever in my life." Joy Riders Take Car
Thomas R. Delaney parked his car in front of the Fuller Pharmacy last Saturday evening while he was attending chautauqua, but when he went to get it after the entertainment, no car could be found. After hunting around for a couple of hours, it was found in front of the Woodman hall. Some boys had evidently been having a joy ride.

Jail Again Inhabited
The jail is again inhabited. The boarders are Al and Charlie Wilkerson and Richard Wright, all of Dallas. The two Wilkerson boys were arrested for drunkenness and disorderly conduct. They were each fined \$10 apiece, and falling to produce the fine, they were given five days each in the city jail. Wright, a lad twenty years old, rented a bicycle from the James bicycle shop, saying he wanted to ride to Falls City. Instead of doing that, he went to Independence and sold the bicycle for twelve dollars. He was fined \$50. Not being able to produce the coin, he was sentenced to the jail for 25 days.

Pedee Couple Wed
A marriage license was issued yesterday that roused quite a little interest. The contracting parties were Ronald Truax of Pedee, age 19, and Goldie A. Bevens of Pedee, age 19. This is the second marriage for Miss Bevens. Only a little over a year ago, July 3, 1920, she was married to Roy Lee Vernon and she received her decree of divorce on the 19th day of January, 1921.

Fingers Cut Off
Archie Kerber of Pedee, an employe of the Valley Vaisets Lumber company, had the misfortune to have the ends of two of his fingers cut off while at work. While the injury is not considered serious, it is quite painful.

Protect Owners Lake Bed Land

Minor changes in the Bennett bill in which the state asserts its claim to the beds of all navigable lakes will be recommended to the state land board in order to protect the interests of riparian owners and squatters on Malheur lake according to Percy A. Copper, who has just returned from Burns where last Friday he met with representatives of these interests in a conference over the provisions of the bill passed by the last legislature.

The conference was agreed upon at the time the bill was up for consideration by the legislature as a

means of guaranteeing full justice to the present settlers on Malheur lake whose interests might in any way be involved by the state's assertion of title to the bed of the lake. The bill protects the interests of all riparian owners and squatters within the meander lines but takes for the state such lands as shall be uncovered by the natural recession of the waters of the lake in the future.

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.
