

# Destroyer Speeds To Aid Of Second Ship Wrecked Along Bear State Coast

## Steamer San Jose Is Ashore

### Late Wireless Report Says Wrecked Craft Resting Easy; Ship's Position Unknown

San Diego, Cal., Aug. 9.—Speeding to the assistance of the steamship San Jose of the Pacific Mail company, ashore on Asuncion island reef, the U. S. S. Farquhar left port here at four o'clock this morning and is expected to reach the scene of the wreck this afternoon. Rear Admiral Guy Burrage, commander of the Pacific destroyer forces, ordered the Farquhar to the assistance of the San Jose. The destroyer left here with instructions to make the trip at full speed. The Farquhar is expected to arrive at Asuncion island about 4 o'clock this afternoon and it is believed will be the first of the rescuing vessels to reach the ship.

### Ship Resting Easy

San Francisco, Aug. 9.—The latest radio message from the Pacific Mail steamer San Jose, which struck early today on San Pablo reef on the Mexican west coast, said the vessel was "resting easy." This dispatch was picked up by the navy radio station here at 4:25 o'clock. The San Jose, a vessel of 2135 tons, was found on San Francisco from Panama and Mexican west coast ports and carries 33 passengers and a crew of 66. San Pablo reef, where the ship grounded, is on Asuncion island and about 550 miles south of San Diego, Cal.

The steamer Griffidu of the Pan-American line picked up the S. O. S. calls sent out by the San Jose and immediately headed for San Pablo reef. The Griffidu was over 300 miles north of the San Jose and she is not expected to reach the stranded vessel until 8 a. m. tomorrow (Wednesday), according to a radio message from her captain.

### Position Serious

The San Jose is believed to be in a serious position for first radio dispatches from the ship said she was taking a "big list." No reports on weather conditions in the San Jose's vicinity were available here early today. The grounding of the San Jose followed closely the disaster to the steamer Alaska wrecked on Blunt's reef off the north California coast with heavy loss of life. The Alaska ran ashore last Saturday night during a heavy fog.

## Oregon May Have Civilian Team at Rifle Meet

Government funds have been set aside to pay for the expenses of a civilian rifle team from Oregon to be entered in the national rifle matches at Camp Perry, Ohio, according to information received by Adjutant General George A. White, who has sent out calls for competitors and their records from which to make a team. It is questioned whether a rifle team can be selected in time to leave Oregon for the camp in the middle of the month, although stipulations allow for a team of 14 members to be sent in addition to the national guard team. The government pays five cents a mile for expenses and furnishes food and ammunition while at the camp.

## Forbes To Direct Veterans Bureau

Washington, Aug. 9.—The Sweet bill, reorganizing government service to veterans of the world war, was signed today by President Harding. Charles B. Forbes of Washington state, now director of the bureau of war risk insurance, was nominated by President Harding today to be director of the veterans bureau, created by the Sweet bill.

## Track Walker Didn't Hear the Whistle

Lancaster, Ohio, Aug. 9.—Saved twice within a year from death on the railroad tracks, "Daddy" Unger, 75, of Carroll, was instantly killed when he was hit by a Hocking Valley passenger train here. He was deaf. Six months ago trainmen saw him on the track in time to stop the onrushing train and remove him. A year ago he saved himself by lying flat on the track, permitting the train to pass over him.

## Eloped With Chauffeur To Cool Down Husband

MRS. ARTHUR JACOBUS

The ire of Catham, N. J., has been aroused, as a result of the publicity brought to that little town when Mrs. Arthur Jacobus eloped with her husband's chauffeur, Filuccio Spagnolia, for no other reason, as Mrs. Jacobus explained it, than "to melt her iceberg husband." Spagnolia and Mrs. Jacobus were arrested in Baltimore, where they were sharing the same room. During the three weeks they were away it is alleged that they shared their funds and sought work together. Mrs. Jacobus said she conceived this bold adventure, thinking it would arouse her husband's love. "Don't try tricks on a man," says the disillusioned Mrs. Jacobus now. "Be more direct—throw pots and pans at him. I got the biggest surprise of my life when my husband didn't come running after me." In spite of the exciting events of the past three weeks, Mrs. Jacobus is hopeful of a reconciliation. Spagnolia, who is being held in \$15,000 bail, declares his innocence, stating that he was acting as a faithful servant and carrying out orders from his mistress. During their three weeks' escapade the family chauffeur told authorities that Mrs. Jacobus made him sleep on the floor.

## Law Regulates Sale of Beauty

Chicago, Aug. 9.—The selling of beauty will be regulated by law, if a proposed bill goes through. When a disatisfied brunette decides she wants to become a hot-weather blonde the whole state, literally speaking, will know about it. When a 45-year-old dowager becomes a 20-year-old flapper by the new wrinkle-removing process she will do so under the auspices of the state, so to speak. The gentle and magic art of the cosmetician no longer will be practiced in darkest secrecy. That is, if the National Cosmetician society, which met recently in Chicago, succeeds in putting through the cosmetician bill. "We are working for uniform legislation for cosmeticians throughout the country," said one of the leading members of the society. "We are working for the passage of a law that will enforce state inspection of beauty shops and cosmetic work, and that will make it necessary for a cosmetician to pass a state examination before she is permitted to go into the business. This will put beauty work on a still higher plane. It really is a scientific profession and should be treated as such."

## Legion Flogs Man Forcing Flag Salute

Benton, Ill., Aug. 9.—Andrew Little, dishonorably discharged soldier, has learned to salute the American flag. It took a good flogging to teach him the lesson. Following the burial here of Stanley McCullum, who was killed in the Argonne, Little, according to members of the American Legion, refused to salute the flag. The Legion men flogged him. Now he salutes.

## Schooner Disabled And Adrift

### Multnomah Reported Drifting Helplessly Off Blunt's Reef Near Eureka

San Francisco, Aug. 9.—The steam schooner Multnomah, 969 tons, is disabled and floating helplessly about 50 miles northwest of Blunt's reef lightship near Eureka Cal., according to a wireless message picked up early today by the United States navy radio station on Yerba Buena island here. The Multnomah is believed to have lost her propeller or to have broken her drive shaft. The vessel is enroute to San Francisco from Seattle with a cargo of lumber. She carries a crew of from 15 to 20 men and is operated by the Charles R. McCormick company of San Francisco.

The Multnomah, according to local shippers, usually carries about twenty passengers in addition to her crew. Latest advices said the vessel was in no danger and that a rescue ship was speeding to her assistance, expecting to arrive within a few hours.

## Pope Appeals to All Christians to Aid Russians

Rome, Aug. 9.—An invocation to divine providence to hasten the end of the tremendous scourge that is afflicting Russia is contained in the appeal of Pope Benedict for aid for the starving and plague afflicted Russians, made in his letter to Cardinal Gasparri, the papal secretary of state, inviting all Christian and civilized peoples to contribute generously to this cause. The pope in his letter instructs Cardinal Gasparri to lay the subject before the governments of the various nations for their "prompt and efficacious common action in the name of the love of the divine Redeemer, who gave his blood to make us all brothers."

## Clackamas Range Is Opened to Campers

The 200-acre Clackamas county rifle range located about 12 miles south of Portland has been opened for the use of Oregon national guardsmen and their families as a camping ground for the remainder of the summer, according to an announcement issued through the office of Adjutant General George A. White. It is expected that a large number of campers will take advantage of the opportunity to use the large tents, water, fuel, eating and bathing facilities there during the hot season. There are approximately 17,000 motion picture theatres in the United States.

## Gun Receipt New Kennedy Murder Clue

Los Angeles, Cal., Aug. 9.—A ticket which detectives say was a receipt for a gun, issued apparently in Chicago, declared to have been found in the wallet of Arthur C. Burch, arrested in connection with the slaying of John B. Kennedy, developed a new angle of investigation today. The ticket reads as follows: "Gun No. 19461. Von Lengerke & Antoine, 128 South Wabash avenue, Chicago. Not responsible for goods after 30 days. Call 2-1-21."

The Chicago police, it was stated at the sheriff's office here, have been asked to ascertain the circumstances of the issuing of the ticket. No trace had been found here early today of the 12 gauge shotgun with which, according to investigators, Kennedy was shot down in front of his summer cottage in Beverly Glen last Friday night. It was admitted that as the case then stood the discovery of the weapon was one of the vital elements of the investigation.

District Attorney Thomas Lee Woolwine was in conference until early morning with members of his staff, after which it was said they were prepared to present evidence in their possession at the inquest, arranged for this afternoon. Ticket for Repairs. Chicago, Aug. 9.—A repair ticket for a gun, found in the pockets of Arthur C. Burch, under arrest at Los Angeles in connection with the murder of John B. Kennedy was explained today when it was found Burch had left a rifle at a local store January 1 to be repaired. He was to have called for it February 1, but the gun still is at the store.

## Census To Show Loss In France

Paris, Aug. 9.—In anticipation that the final returns of the March census will show a notable decrease in the population of France, Deputy Georges Bonnefous proposes to ask parliament to reduce the number of deputies at the next general election, due to be held in 1924, by 95 seats. Including representatives from Alsace and Lorraine and French colonies, the last election of November, 1919, sent 616 deputies to parliament. M. Bonnefous also suggests that no by-elections be held between now and the general elections of 1924 unless a constituency loses all its representatives, either through death or resignation or any other cause which would keep them away from the chamber of deputies. The net figures for the population of France will shortly be at hand and those already known, especially in the case of large towns, a considerable decrease has been shown, except possibly in the case of Marseilles. The population of Paris is much lower than in 1911, though on the other hand the suburbs which in France figure as separate communities show a notable increase.

## Drill Starts Next Monday

Regular drill will start next Monday night at the armory for members of company F who have not drilled since the return from Camp Lewis some time ago. It is the plan to introduce athletics as part of the drill work, including such games as basketball, volleyball and other sports.
