Ayer Elected President Of State Normal

Fred C. Ayer, formerly professor of education at the University of Oregon but at present holding a similar position with the University of Washington, was selected as president of the state normal school at Monmouth to succeed President J. H. Ackerman, deceased, at a meeting of the board of regents of the school here this afternoon.

Professor Ayer, who was selected from a list of 23 applicants for the position, is well known to the teaching fraternity of Oregon through his connection with institute work in the state during his four years with the Oregon university and comes to his new position with the recommendations of some of the best known educators in the west.

Professor Ayer received his B. S. degree at the Upper Iowa university in 1902, earning his M. S. degree at Georgetown university in 1905 and his Ph. D. degree at Chicago university in 1915. His teaching record follows: Principal Waneona, Ia., high school, 1901; instructor Marion, Ia., 1903; professor South Dakota state normal, 1904; professor Arizona state normal, 1905-1910; professor of education, University of Oregon, 1912-1916; professor of education University of Iowa, 1917; professor of education, University of Washington, 1918-1921.

Cloverdale Briefs

Cloverdale, Aug. 16.—F. A. Wood had an accident Friday afternoon, breaking his separator and causing quite a delay in his threshing.

Mr. and Mrs. W. J. Hadley spent Sunday with friends in Marion.

Last Monday evening all the neighborhood, old and young, gathered at the Craig home for a farewell party to Mr. and Mrs. J. D. Craig and family, who left here Thursday evening for Salem where they will make their home.

Mrs. Carl Wood of Salem spent a few days here the first of the week.

Oscar Pifflet has been working in Salem the past few days.

Miss Mildred Norris has returned from the beach where she has been passing the last three weeks.

Mr. and Mrs. George Jones of Holly, Or., came down a few days ago to visit Mrs. F. A. Wood and look for a new location to rent.

Rev. Thompson Is Quinaby Speaker

A feature of the United Evangelical camp meeting at the Quinaby park tabernacle has been the evening sermons at 8 o'clock by Rev. J. W. Thompson of Lock Haven, Pa., who will continue

Stolen Car Found Wrecked On Road

Dallas, Aug. 16.—The Ford car of T. J. Aisp was stolen Saturday night while it was parked on main street of Dallas, and was found Sunday morning about two miles north of town badly wrecked and lying on its side in the ditch. From all indications the driver had to dig his way from beneath the car.

When Mr. Aisp got ready to drive home he was unable to start his car, therefore, he left on the street, thinking he would get it Sunday morning. When he returned Sunday morning his car was not to be found. Later it was learned that it was wrecked about two miles north of town. The car was righted and after a new wheel was attached to the right front axle the car was brought into town and is now being repaired, the main damage being to the top and steering gear.

Baker County Has Utopia

Baker, Or., Aug. 16.—There is a town in Baker county in which the inhabitants have no municipal taxes to pay, and patrons of city water works do not look forward to the paying of water rent, and its name is not Utopia. This town has other distinctions. It looks down on all other incorporated cities of the state from an elevation of 5500 feet above sea level. It has no money in the treasury, no debt, levies no municipal tax and owns a gravity water system supplying the purest mountain water.

This town is Greenhorn, and it has a city charter from the state with all the offices of a city. James Dickson is the mayor. It is in the heart of the Greenhorn mountains, surrounded by primeval forests, beautiful mountain streams in which speckled trout abound and it is said there are deer in the forests, of course in season—also an occasional bear or other wild animal.

Bonus Officers To Tour State

Farm and home loan conditions in eastern and central Oregon will be studied by Adjutant General White and Lyman G. Rice of Pendleton, representing the state bonus commission, who left on their mission today. White and Rice will also meet with ex-service men and business men on their tour to explain the operation of the bonus law. They expect to return to Salem in time for the scheduled meeting of the bonus commission on Tuesday of next week. Their itinerary includes Hood River, The Dalles, Wasco, Madras, Prineville and Bend, returning to Salem by way of Eugene. The rules and regulations under which the bonus law will be administered, are to be published this week, according to Secretary Brumbaugh, and it is expected that appointment of the at-

F Company To Have Athletics

Special attention will be given to athletics at the weekly armory drills of F company, during the coming winter, it was announced last night at the first drill since summer encampment.

Everything will be furnished in the way of supplies, and time will be devoted to all branch athletic work.

The company needs from 10 to 12, men, due to the discharge of a similar number between now and October, so that those who wish to put their applications in are advised to do so at once.

Last night was devoted to checking over equipment in preparation for the federal auditor who is expected to arrive next week.

Salem Senators Defeat Astoria

Defeating the Astoria baseball team by the score of four to one, members of the Salem Senators have returned victorious from the coast city. Bishop, on the mound for the Senators, held the Astorians to four hits during the game, while the local boys clouted Johnson of Astoria for 10 safeties, including a homer by Jack Hayes in the first inning which netted two runs.

Barr, the Salem catcher, filled the shoes of Frisco Edwards in a creditable style, and pegged to the bases with precision. Not a single error by the Salem team was booked, while the Astoria aggregation played close ball with only one error against them.

Miller Officials Confer In Salem

Officials of the Miller Mercantile company were in Salem yesterday for a conference concerning business conditions and a general discussion of plans for the winter. G. O. Miller, president of the company, is very optimistic in regard to business conditions in the Willamette valley and says that all the stores are preparing for an increase in trade this winter.

British Control of Railways Ends

London, Aug. 15.—Government control of the British railways, begun at the opening of the world war, will cease tonight at midnight. The stockholders of the railway companies during the last seven years have had their dividends guaranteed on a pre-war basis.

The new act governing the future of the railroad administration becomes operative almost immediately. Under the act rates and wages will be fixed by a tribunal. Wages and labor conditions generally also will be in the hands of the tribunal.

Construction of Old People's Home Postponed

Construction on the proposed Methodist Old People's home building on the property at Sixteenth and Center streets has been postponed until next spring, according to the latest plans announced, due to the unsatisfactory building conditions at present. It was originally planned to start construction on July 15, but the building committee hopes to be able to put up the proposed structure at a smaller cost next spring than would now be possible.

Plans and specifications for the building have been completed by F. A. Legg, architect of this city, to be erected at a cost of about \$45,000. The building will include two stories and a basement, 127 feet long by 52 feet wide.

Officers Watch For Carload of Canadian Booze

Detroit, Mich., Aug. 16.—Michigan state troopers today were watching for a carload of Canadian rye whiskey reported to have reached Windsor from eastern Canada for shipment into the United States, across Detroit river. No trace of the reported shipment had been found on this side of the river today.

State officers redoubled their efforts to stop the flow of liquor early today when they made numerous raids in Detroit's suburbs, seizing beer and whiskey and placing several men under arrest.

Windsor breweries yesterday reported the largest demand for their product in some time. A report was circulated in the border city that the brewers are contemplating enlarging their output.

The Pacific Fruit company of Corvallis has sold 100 tons of melons during the past month, which goes to prove that the students of the agricultural college enjoy watermelons.

Old Clothes Sales by Church Total \$350,000

Chicago, Ill., Aug. 16.—Sale of old clothes and household goods to the poor by the Methodist Episcopal church runs into an annual total of \$350,000; it was announced here today by the Methodist committee on conservation and advance.

This field has been entered to a large scale by the Methodists in their "Goodwill" program. They have 19 establishments in as many big cities, with property held in trust of more than \$1,000,000. They project 21 more plants by 1924.

These activities were reviewed for the conservation committee by Dr. David D. Forsyth of Philadelphia, secretary of the Methodist board of home mission and church extension. In summarizing his report, the committee said:

"These plants are engaged in gathering castoff clothing, shoes, furniture, books and other articles necessary to the household. These are renovated and sold in stores to the poor at ridiculously low prices. "Men and women out of employment for any reason whatsoever may obtain work at these plants. Their purpose is to satisfy human being from economic and moral being from economic and moral wreckage, and the 'write' not charity but a chance. Profit is no object."

Princeton, Mo., Aug. 15.—The fish stories have come into vogue again. It took half a dozen men

to land a yellow catfish from Grand River, near here. The fish weighed 42 pounds and was 47 inches long.

The "fish yarn" was substantiated by the fact that the catch was brought to town and enjoyed by several families.

Kobe, Japan, Aug. 15.—Five seamen are believed to have been drowned following the wrecking of the freight steamer "Shan" which was disabled by a typhoon and battered to pieces on the rocks off the Loochoo Islands. Only one of the ship's passengers is known to have survived.

Camels are made for Men who Think for Themselves

Such folks know real quality—and DEMAND it. They prefer Camels because Camels give them the smoothest, mellowest smoke they can buy—because they love the mild, rich flavor of choicest tobaccos, perfectly blended—and because Camels leave NO CIGARETTEY AFTERTASTE.

Like every man who does his own thinking, you want fine tobacco in your cigarettes. You'll find it in Camels.

And, mind you, no flashy package just for show. No extra wrappers! No costly frills! These things don't improve the smoke any more than premiums or coupons.

But QUALITY! Listen! That's CAMELS!

"KELLOGG'S? You betcha! My Daddy says it's Kellogg's or nuffin' for him! and he's tried 'em all! HE KNOWS!"

For your appetite's sake— just eat some Kellogg's Corn Flakes— then try other kinds!

Your own good taste will tell you how wonderful Kellogg's Corn Flakes really are! Never has such joyous flavor and such all-the-time crispness been put into corn flakes!

Isn't any wonder kiddies "won't eat any other kind but Kellogg's" or that Daddy's delight is based on Kellogg's! Every big and little member of your family will bubble enthusiasm over Kellogg's—they, just can't help it!

Yes—ma'm—it's going to be a great breakfast party at your house tomorrow when you spread the generous bowls around—all overflowing with Kellogg's sunny brown Corn Flakes and a whopper of a big pitcher of cold morning's milk—or cream—and fresh fruit, if it's handy!

Such a flying start for the day's work! You can't realize what KELLOGG'S Corn Flakes mean to eager appetites—till you hear hungry folks say: "Mother, they're great—gimme some more!"

There's no limit on KELLOGG'S for health and happy stomachs! You'll never know how good corn flakes can be till you eat KELLOGG'S!

Also, manufacturers of KELLOGG'S CRUMBLES and KELLOGG'S BRAN, cooked and branched
