## Dallas Club Plans Work For Season

Dallas, Oct. 4.—The opening session of the season for the Dallas Woman's club will be held today in the Dallas public library. This organization, which has always taken a leading part in local affairs, promises to be even more active in the future.

A tentative program has been arranged, subject to change thru necessity. It is planned to have as the speaker Miss Todd, from the normal school at Monmouth. There will be music by a pupil of Miss Todd, Miss McGregor, and plans will be made for the season of activity. As no suggestions for such activities have come from the headquarters of the Women's club, it is thought that it will be necessary for the local ladies to formulate their own work.

Besides the main body of the club there are two sections—the civic and literary—and the latter has already announced its intention of giving several free lectures during the winter, bringing here well known authors and speakers. The civic section is known to have plans for a movement looking to the beautifying of all public grounds in Dallas. If this work is done it is believed that private parties will be encouraged to keep their places in better condition.

## Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups, and saves about \$1. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. # Even egg doesn't tarnish the silver

POLISHING SILVER is a rare event in homes where California Citrus Washing Powder is used in the dishwasher.

Even egg spoons maintain a cheerful appearance for months at a time without having to be treated to a rubbing with silver polish.

And when you bring out into the light seldom used silverware that fails to give forth the lovely soft gleam which is its heritage, simply put it into an aluminum pan with a pinch of Citrus in the water and set over a slow fire. Watch it! Like magic all dullness and tarnish will disappear! Rinse in fresh warm water and dry. It will be beautifully white and bright.

Wherever there's a dishpan there should be a package of efficient, fragrant Citrus.

# Safe as a Bank!

Why do you so often hear that expression?  
What makes banking the safest business?  
What does this mean to you?

## If You Are a Banker:

You believe in figures—accurate figures, and enough of them to show clearly just where your business, or any borrower's business stands. Therefore you believe in the business principle embodied in Burroughs Machines, in their accuracy, time-saving, and profitable service to business. Doubtless you post your ledgers on a Burroughs—most banks do—but

are you familiar with all the ways Burroughs can serve you? Have you seen the application of Burroughs Calculators to interest and analysis, or of other Burroughs Machines to teller's proof, transit letters, check and deposit journals, and many other bank uses? If not, ask us for information, you'll find it interesting.

## If You Are a Business Man:

You certainly desire to run your business as well as the banker does his—to be sure that accounts are posted, balanced and proved daily;—to have an automatic check on over-extension of credit, to make prompt collections and avoid bad debts. When why not do it? It requires no big investment—you can buy a Bur-

roughs Machine on easy terms. You will be surprised to see how quickly it will pay for itself, by preventing costly mistakes, saving time, and giving you a check on all your operations. If you don't feel sure that it will more than pay its own way, we don't want you to take it. Call us on the telephone and let's talk it over.
