

### France Aided Also Germany By Agreement

Paris, Oct. 7.—France is insured reparations payments and Germany is given a means to avoid possible bankruptcy through the agreement signed yesterday at Wiesbaden by Louis Loucheur, French minister of liberated regions, and Dr. Walter Rathenau, German minister of reconstruction.

The agreement is regarded here as of extreme importance and will permit Germany to pay the equivalent of seven billion gold marks in the next five years. First reports would run but three years, but it is found upon examination of the pact that it does not expire before May 1, 1926.

"It is expressly stipulated that all deliveries shall be devoted to the reconstruction of devastated regions in northern France," says an annex to the agreement.

### Justice McBride Admitted to Bar 51 Years Ago

Thomas A. McBride, veteran justice of the Oregon supreme court, yesterday celebrated his 51st anniversary of admittance to the bar. There were 17 members of the class admitted at that time, all of whom are dead with the exception of Justice McBride.

Justice McBride located at Lafayette, Yamhill county, where he practiced law for about a year. He then went to St. Helens, where he practiced law for more than eight years. He then located in Seil Lake City, but returned to Oregon after three years, locating at Oregon City. He was appointed district attorney of Clackamas county and served in that capacity for 10 years. He then received the appointment of circuit judge of the fifth judicial district, an office which he held until 1909, when he was appointed justice of the Oregon supreme court by Governor Benson. He is the oldest justice on the supreme bench, both with relation to years and length of service.

### Demented Soldier Still in Jail Here; Examination Held

Robert W. Richardson, overseas man and confessed deserter from the United States army, today was still held in the Salem city jail. The lad, examined yesterday afternoon by Dr. L. F. Griffith, was held to be the victim of a mild form of insanity.

Richardson appeared at the police station Tuesday night and requested that he be locked up. He declared he had softening of the brain and asked that he be allowed to enter the state hospital here.

Chief Moffitt at present is awaiting word from army officers at Washington, D. C., who will determine what disposition is to be made of Richardson's case. If he becomes a patient at the local hospital he will remain here only until arrangements may be made to have him transferred to a California hospital, it was stated.

Richardson is 23 years of age. His home is at Long Beach, Cal.

### Suspend Raise in Press Tariffs

The proposed new tariff of the Western Union Telegraph company increasing press rates in Oregon 20 per cent is suspended for a period of six months under an order of the public service commission issued today. The new rates would have become effective October 10 had not the commission interfered. The suspension is justified in the order through a desire to investigate the reasonableness of the proposed new rates.

In its application for an increase the Western Union sets out that the new tariff would increase its revenue approximately \$2000 annually.

Pleading guilty to the charge of unlawfully having intoxicating liquor in his possession, L. I. McMahon, Southern Pacific brakeman, was fined \$500 at Eugene and sentenced to two months in jail.

### New Name For Oregon National Guard Regiment

Orders designating the Fifth Oregon Infantry of the Oregon National Guard to be the 162d Infantry, were issued today by Adjutant-General George A. White, in accordance with a suggestion of the federal government which wants to recreate the thirty-first division along the same lines that it existed in France during the world war. All property and the regimental colors will accordingly be renumbered and the regiment hereafter will be known by its wartime name.

Reference for the name Fifth Oregon had been expressed by Colonel White, who wanted the name 162d infantry to remain a tradition and the government then stated that the designation 162d infantry would be given to Montana or Washington units used by the Oregon National Guard. The Oregon regiment, which has units at Portland, Salem, Wood-

burn, Eugene, Corvallis, Silverton, Independence, Dallas, McMinnville and Medford, also becomes part of the 81st Infantry brigade of the Forty-first division, with headquarters in Oregon. The brigade headquarters have not yet been established.

Oregon's regiment of citizen soldiers was organized as the First regiment and continued as such until the Spanish war when as the Second Infantry it went to the Philippines and rendered distinguished service. The old First regiment never saw active service, although many of its officers and men served with the Second in the tropics. The Third Oregon replaced the Second after the Spanish war and saw service on the Mexican border. It was the first regiment in the United States mobilized and ready for service in the World War, and on being ordered to France was designated by the government as the 162d United States Infantry. The 162d served in France fifteen months.
