Of Interest To Women

Teachers To Bring Miss Byrd Here

The concert of Miss Winifred Byrd, pianist, to be given in Salem early next month, will be sponsored by the Salem district organization of the State Music Teachers' association. Miss Byrd is booked to appear in Portland November 9 and the association hopes to secure her Salem concert before that time. Her appearance in Salem is always greatly anticipated not only because she is recognized as America's premier woman pianist but also because Salem is her home. She is the daughter of Dr. W. H. Byrd, who spent her childhood here. The matter of Miss Byrd's concert was discussed by the Music Teachers' association at its meeting Tuesday evening in Frank Churchill's studio. This season marks the fifth year of organization for the society, which has been in interest and scope. Organizational meetings will be given on the first Sunday of each month under auspices. The first two will be outside organizations and the third will be in the Christian church. Other recitals will be given by two of these will be by outside talent.

The study program of the society will begin next month with a meeting at the home of Mrs. Mary Stiles. Different phases of organ music will be taken up year by year and the subject for the next meeting is "Psalmody and Hymns." Other subjects for the year are "Growth and Appreciation of Vocal Music," "Growth and Appreciation of Instrumental Music," "American Negro Minstrel and its Influence upon Popular Music," "National and Patriotic Music of America," and "Music of the North American Indians."

New officers will be elected at the next meeting. The organization is presently headed by Miss Lena Tartar, president; Professor W. Hobson, vice president; Mrs. Laura Grant, treasurer, and Mrs. Bertha Junk Darby, secretary. All music teachers of the city are eligible to membership in the association now has a membership roll of about thirty.

section of the Dallas Woman's club met at the home of Mrs. D. M. Shattuck Monday afternoon. Mrs. Wynn Johnson, chairman, read a very interesting paper on "The Pioneers of Dallas," written by Mrs. Gilbert P. McGregor. It was voted to change the days of meetings from the first and third Wednesdays to the second and fourth Tuesdays. All members were urged to attend Professor Horner's lecture and remind all absent members to do the same. Refreshments were served by the hostesses, assisted by Mrs. E. A. Koen, after which a social hour was enjoyed by all.

D. A. R. at Dallas Meets
Dallas, Oct. 13.—Sarah Childress Polk chapter, D. A. R., held its first regular meeting at the home of Mrs. V. P. Fiske, Wednesday. Mrs. M. L. Boyd, regent, read the paper, which was the first of a series in the study of Oregon. Delicious refreshments were served by the hostesses, assisted by her daughters. Mrs. John A. Keating, state regent, is expected to visit the local chapter Thursday October 20, and Mrs. C. E. Sundberg will serve luncheon in her home. All members are invited. All members were invited to attend the Horner lecture in a body.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights. Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face. Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

What's New On The Market

By Rex Stewart
Butter and butterfat increased two cents on the pound, both wholesale and retail, creamery butter now selling to merchants at 50 and 51 cents a pound and to the consumer 50 and 52 cents. Butterfat, wholesale, is 49 cents.

Eastern oysters, New York counts, coming from the Atlantic coast will be on the market tomorrow from 15 to 20 cents cheaper in price than Olympias. It is impossible for Pacific coast oyster beds to produce eastern oysters. Those that do come from the beds of this coast are transplanted, the temperature of the water not permitting them to breed. Hence the necessity of shipping from the eastern points. The price will be about 75 to 80 cents a pound.

Butter clams, already out of the shell, will be sold for 35 cents, hard shelled clams not having reached the market. The usual variety of fish at previously quoted prices will also be offered on the market.

Eggs are maintaining their price of 50 cents a dozen retail, merchants offering from 40 to 44 cents a dozen to producers. Poultry looks scarce, but will remain at present prices throughout the week, it is thought.

All kinds of soft drinks, for the housewife who cares to use them on the table, can be found in the majority of grocery stores. "Sham-pagne" guaranteed to sparkle, but without the genuine "kick," is the latest innovation, while "Virginia Dare" and California non-alcoholic beverages are in abundance, with a fair demand.

Home-made Remedy Stops Coughs Quickly
The best cough medicine you ever used. A family supply easily and quickly made. Saves about 5¢.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for healing the membranes. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Mr. Gilbert Has Picture Hung
A picture painted by Ralph Gilbert, of Salem, route nine, has

been hung at the exhibition of the Portland Museum of Art. This is a marked honor, as only sixty pictures are hung. Mr. Gilbert, who is most unassuming concerning his artistic ability, has done some very good work of which Salem knows but little. His talent is natural and he has taken only a little instruction.

His picture which is hung in Portland is "A Winter Day." In the foreground are dry red ferns and still water. The red ferns is one of the most convincing of the many attempts to embody that (nature in landscape. The placing of bare trees with far reaching branches is most effective and a vista of hill and sky as seen thru
