## Woman Charges Husband With Death of Child

Charging that her husband immediately after her marriage in Vancouver, Washington, took her to a hotel in Portland and treated her with undue roughness, and that his cruelty to her was the cause of the death of their child shortly after birth, Henrietta Standford, living a few miles from Salem on the Mt. Angel road, filed suit for divorce in the circuit court this afternoon against her husband Stanley Standford.

Mrs. Standford states that at one time her husband confronted her with a loaded revolver and threatened "to blow her to hell", and that he was in the habit of drinking and when intoxicated on one occasion struck her in the face. The couple were married in February 1920.

## Insanity Warrant Not Served Man Commits Suicide

In the office of Sheriff O. D. Bower there is a warrant for Charles Horner of Mill City, against whom an insanity complaint was filed Monday. The warrant will never be served for Horner was found dead in his home near Mill City last night at 7 o'clock. He is believed to have taken his own life.

A party of Mill City residents who discovered the body, found that Horner had been shot between the eyes. A rifle apparently had been used.

A report that Horner had left at the Mill City mill \$100 to be used in paying burial expenses could not be substantiated today. Workers at the mill said that Horner was at Mill City until Monday, when he came to Salem where his wife is now residing.

## Dr. Doney This Morning Before Student Body of Willamette University Called Attention to Fact that a Boy by the Name of Jimmie Godfrey in Kansas City, as a Result of an Injury to his Face Lost Those Certain Muscles that Enabled him to Smile.

Because of this loss the court awarded Jimmie \$20,000. Dr. Doney raises the question, if a smile is worth \$20,000 when one cannot smile, what is it worth when one can smile. He urged the cultivation of a smile, and the shaping of the disposition so that gentility will light the countenance.

## Seeking For \$30,000,000 In Treasure

Durango, Colo., Oct. 19.—With a veritable "Captain Kidd" treasure as their objective, two old-time residents of the San Juan country have started operations near Treasurer Peak, in the San Juan mountain range, thirty-five miles northeast of this city, in an effort to locate a hoard of gold and silver estimated to be valued at upward of \$30,000,000.

William Barker and Charles Lee, both of Lake City, Colo., believe they have discovered a long-lost mine shaft that will lead to the unearthing of an enormous treasure hidden by a band of Spaniards several centuries ago.

According to the romantic story handed down from generation to generation in this region, Spanish fortune hunters, harassed by savage Indians, after the former had secured large quantities of gold and silver by placer mining operations in the mountain streams, concealed their riches in the heart of Treasurer Peak and fled.

Numerous unsuccessful attempts have been made to locate the hidden fortune, but Lee and Barker now believe that the mine shaft leading to the cache used by the Spaniards has been discovered.

"At the bottom of this shaft," Lee said, "we found a stone tablet which gave a complete description of the location of the treasure. The description is in Spanish and states that three tunnels and two walls must be pierced before the treasure is found. It gives the distance of each of the tunnels and the thickness of the walls. In addition, it asserts that a bottle, containing further descriptions of the location, will be found at the base of one of the walls."

"The tablet places the amount of the treasure secreted at 3515 bars. It does not say whether they are gold or silver, but we believe they represent both of these valuable metals. The size of the bars also is given."

## Five Admitted To Citizenship; One Is Refused

Five aliens were admitted this morning to citizenship upon examination by Judge Percy Kelly of the circuit court in department No. 2, which devoted the entire day to the hearing of petitions for naturalization. One man, Cornelius Erhart Jepsen, a native of Germany was refused citizenship because he claimed exemption from military service during the war and must now wait five years before renewing his petition.

Those who were granted papers were: MarieHedwig Pieriband, Switzerland; Frank Erhard Klein-german, Germany; William Monheim, Germany; Andrea Marie Ipsen, Denmark; Ernest Lyman Canfield, Canada.

The petitions of Steve Joseph Schmidt, Hungary, and Gerhard Fritz William Pardy, Germany, were continued for further study.

## Portland Rotary Club President Speaks to Locals

Jack Bale, president of the Portland Rotary club, spoke to the Salem organization on the Edinburgh convention, describing the courtesy received at the hands of the Scottish and English people. Mr. Bale stated that the pageant of Americans made a tremendous hit and that he found that the Americans and English had a great many things in common.

## Two Charged With Speeding; Another Pays Fine of \$20

Two alleged speeders were taken into custody yesterday by traffic officers working out of the office of T. A. Rafferty, chief traffic inspector of the state. They gave their names as Sidney Lester Leonard and Ronald F. Jones. Leonard put up \$10 for his appearance in the justice court here October 23, and Jones is cited to appear next Friday.

Harry Gordon, a resident of Hillsboro, who was arrested yesterday, pleaded guilty to a charge of speeding. He paid a fine of \$20.

## P. R. L. and P. Fined \$25 for Overloading

Pleading guilty to a charge of overloading, the Portland Railway, Light & Power company's local office yesterday paid a \$25 fine assessed by Judge G. E. Usher of the justice court.

One of the trailers on a company truck carried a 900-pound overload, according to the complaint. Judge Usher explained that he believed the overloading to have been unintentional on the part of the driver, E. H. Varnholdt.
