

PLANS FOR WALK OUT CONTINUE

Union Leaders Rush Arrangements to Make Strike Effective As Scheduled

Chicago, Oct. 21.—The United States railroad labor board having admitted failure in its attempt to prevent a rail strike through conference with heads of the big five rail unions, labor chiefs today were pushing plans for a general walkout beginning October 30 and officials of the carriers were moving at double time in their preparations to combat the proposed strike.

The conferences yesterday between the railroad labor board and the five union heads—Warren S. Stone of the engineers, L. E. Sheppard of the conductors, T. C. Cashen of the switchmen, W. S. Lee of the trainmen, and W. S. Carter of the firemen—brought no results except an admission from the board that the first effort of a governmental agency to avert a strike had failed and statements from the union chiefs that the meeting resulted only in "the labor board being convinced that the unions really mean to strike."

Look to Washington.
A report of the conference was telegraphed to President Harding at Washington and both the labor leaders and board members seemed inclined to feel that the next step toward alleviating the crisis would be taken there.

Several railroad union men said that "it looked as if only the government itself could prevent a walkout."

Mr. Stone, Mr. Lee and Mr. Carter were in Cleveland today meeting informally with their executive committees to complete strike plans, while Mr. Cashen was directing activities in the switchmen's unions from Buffalo and Mr. Sheppard in Cedar Rapids, Iowa, was rounding out the final details for his organization. The executive committees of all five unions will meet in Cleveland Monday.

Operators Confer.
On the carriers' part, heads of western roads met in Chicago in a conference announced for the purpose of forming plans to combat a strike, while a similar meeting of southwestern roads was held in St. Louis. At each meeting road presidents were quoted as saying that their plans would be reached at the utmost speed as a result of the failure of the labor board conference to brighten the admittedly grave situation.

The union heads who said they came here in the belief that the board would present a concrete plan of settlement, claimed that "the board had 'presented nothing but words,' merely trying to dissuade them from carrying out the strike and presented nothing which they considered as even a tangible working basis toward

clearing up the situation. The union chiefs steadfastly maintained, it was said, that they could not postpone the scheduled walk-out.

While adjournment of last night's conference was termed by Judge R. M. Barton, chairman of the board, as "final adjournment" with no plans for the immediate future, board members said the way still was open again to call the union presidents in a settlement conference.

Put this down in black and white!

IT'S A FACT—listen:

You know what you've always wanted a cigarette to do. Chesterfields do it.

They not only please your taste but they do another thing—They satisfy.

They give to your smoking a "completeness" that is altogether new and different.

Those fine tobaccos—Turkish, Burley and other choice Domestic varieties—are blended right.

Just right! That's why you get "satisfy" in Chesterfields.

And the blend can't be copied. There's no use looking for "satisfy" anywhere else.

Don't try it—try Chesterfields.

Trespasser Drew Gun On Farmer; Pays \$25 Penalty

Dallas, Oct. 21.—L. F. Russell, a Portland policeman, has paid a fine of \$25 and costs without appearing in court.

Finley Edgar, a rancher living east of Dallas, got a warrant for the arrest of Russell on the charge of pointing a revolver at Edgar. The alleged assault took place on Edgar's farm.

Russell and a couple of Portland friends had permission to hunt on the McArthur & Stauff farm and got onto the land of Mr. Edgar. The latter went out to the men and claims that Russell drew a revolver and threatened by pointing it at him. Russell and his friends denied this, but Russell agreed to plead guilty by long distance telephone. This was done and the fine assessed and paid.
