

# NO TRACE OF BYRON IS FOUND

## Federal Officials Admit Search for Alleged Fraud Artist Unsuccessful

Portland, Nov. 2.—To date all efforts of department of justice agents to locate Carlos L. Byron have been futile. Confidential information given the government by the day Byron's \$5000 bond was forfeited by United States District Judge Charles E. Wolverton, disclosing the name of the eastern city in which Byron was supposed to be hiding, has proved worthless. Federal officials admitted today that they have no knowledge, either confidential or otherwise, concerning Byron's whereabouts. Byron's bondsmen have also failed in their efforts to locate him, and are now handing their efforts to prevent the government from collecting the forfeited money. United States District Attorney Lester W. Humphreys refused the bondsmen a 30 day time extension in which to locate the defendant. The government will place John W. Todd, former Salem instructor, on trial on the appointed date, November 15, whether Byron is located or not, unless some new circumstances arise. Deputy United States Marshal Howard Sweetland is in Salem today serving subpoenas on about 65 witnesses. These subpoenas were previously issued for October 31, but were withdrawn and redated, when the trial date was postponed two weeks.

No definite announcement has been made, but it is anticipated that Judge Wolverton will hear the case as he heard Byron's previous case here in the federal court and is therefore familiar with his mode of operation.

# Salem Men Are Commended by War Department

Commendation of Major Charles E. Gjedstedt, and Captain Allan Byron of the coast artillery of the Oregon national guard, were received Monday morning in a letter by Colonel George A. White, adjutant general, from the war department.

The letter states that these men showed remarkable ability in the handling of their men during the artillery encampment at Fort Stevens and that they showed exceptional ability along the lines of artillery unit executives. Captain Clarence Colton of Albany, Lieutenant George C. Huggins of Marshfield, Lieutenant Duncan Ferguson of Marshfield, Lieutenant Clarence Washburn of Corvallis and Lieutenant Lewis C. Smith were also mentioned in the letter.

# Fiddler Sues Road For \$10,000 Damages

St. Louis, Mo., Nov. 2.—Nero who fiddled while Rome burned, was not a professional musician, and his "fiddling fingers" didn't amount to so much.

With P. S. Hood of Perrydale it is different. His "fiddling fingers" were necessary to make a living, he says.

An accident on the Frisco railroad, he alleges in a petition filed at Pomar Bluff, impaired his "fiddling fingers" and left him so badly that he cannot "fiddle as good as he used to." He asks \$10,000 damages.

# PIMPLY? WELL, DON'T BE

## People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the amazingly effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

# To Enforce Dry Law On Border

Regina, Sask., Nov. 2.—Prohibition enforcement officers of the border states of the United States, Ontario and the three prairie provinces of Canada will meet here tomorrow to discuss methods of carrying out enforcement of liquor legislation in the best interests of both countries. R. E. Leech, chairman of the Saskatchewan liquor commission announced today.

It is understood that the subject of liquor running across the Canadian boundary will be given special consideration.

R. O. Matthews, representing United States Prohibition Director Haynes B. Quail, and D. H. Shelley, federal prohibition officials representing Minnesota and Montana, respectively, will be among those attending the conference.

# Miners To Seek Dissolution of U. S. Injunction

Charleston, W. Va., Nov. 2.—Application for dissolution of the temporary injunction issued by Federal Judge Anderson against the United Mine Workers of America, in Indianapolis Tuesday will be immediately sent to United States circuit court in Chicago, according to Harold W. Houston, consul for the United Mine Workers in West Virginia. Mr. Houston said further that while the injunction restrained the union from attempts to organize the Williamson, W. Va., coal field he did not expect it to affect the miners' organization in other parts of the country.

# Cowboy Hero of Fire Fighting

Ventura, Cal., Nov. 2.—An account of a rare display of heroism during a recent forest fire in the Big Pine country, in this section, has been received here.

A number of fire fighters had been without food for several days and to reach them it was necessary to cross a fire-swept mountain and slide down an embankment of shale a quarter of a mile long.

Bob Logan, a cowboy, successfully made the hazardous trip. In making the long, dangerous slide he dismounted from the horse he was riding and, driving it before him, held to the animal's bridle. After the fire fighters had been fed the forest fire was extinguished, and they were rescued.

After cutting all municipal salaries approximately 20 per cent, the city council of Astoria has fixed the budget for the coming year at \$151,442.11.

# No Hard Times Says Showman

Marcus Belies Depression by Investing \$100,000 in "Cluck! Cluck!"

Some savant—which Webster tells us is slang for "wise guy"—once declared that "action speaks louder than words." Some other equally erudite scribbler averred that "money talks a language that all can understand." Both of these observations are prophecies of the activities of A. B. Marcus, whose "Cluck! Cluck!" will be presented at the Grand, Wednesday, November 9, matinee and evening.

Most anyone can say that there is no such thing as hard times but when a cold, shrewd business man invests a fortune in such a hazardous undertaking as a big musical production the action makes more convincing argument than the mere mouthing of professional optimists. One hundred thousand dollars indeed speaks a language that all can understand. It is that amount and more that is represented in the opulent production Marcus has afforded the current extravaganza bearing his name.

Twenty some scenes are visible in the big harlequinade. More canvas and paint is no longer considered gorgeous enough for the trappings of this exhibition. Now silken hangings studded with brilliant suppliants the more plebian materials. Especially elaborate are the scenes depicting the Century Roof, New York; a court room in Reno, a futuristic ship the flying field at Mineola, a Broadway chicken farm and a country-side in California.

More than a score of costume changes serve to enhance the native beauty of the numerous figurants who, as for several seasons, appear under the familiar trade mark of Marcus Peaches.

Mimic Winsome and her sister artists are inbred creatures of beauty and a joy forever. The whole affair impresses the beholder with the idea that its sponsor must be a multi-millionaire gone stark mad or a slick showman who feels that the public will buy quality anytime.

W. G. Baker, a former jeweler of Springfield, whose store was burned last spring, is accused of setting the fire himself to collect \$10,943.70 insurance on goods valued at no more than \$550.

# To Continue State Bank In North Dakota

Fargo, N. D., Nov. 2.—Continuation of a State Bank of North Dakota, a non-partisan league fostered institution under the independent administration chosen in Friday's recall election, was indicated in returns Tuesday pointing to defeat of the proposed lay for liquidation of the bank.

While the independent candidates for governor, attorney general, commissioner of labor and agriculture were successful by majorities ranging from 4000 to possibly 7000 as shown in unofficial returns compiled by a group of independent newspapers, these same returns indicated a likelihood that all proposed amendments and laws had been defeated. It was admitted at independent tabulation headquarters here.

# Fair Sisters of Legion In Session

Kansas City, Mo., Nov. 2.—The first national convention of the Women's Auxiliary of the American Legion opened here today to complete the organization started last year. The convention was opened by John G. Emery, national commander of the Legion. The program today also included speeches by Admiral Earl Beatty of Great Britain and General Jacques of Belgium.

# Negroes Whipped and Told To Quit Loafing In Town

Hayneville, La., Nov. 2.—After they were severely whipped by a group of local citizens, nearly a score of negroes were warned Sunday to go to work or leave town. The negroes were said by officials to be "undesirables" and the demonstration against them came as the beginning of a "clean up" campaign here.

# Modern Walnut Grader Installed

Owing to the large tonnage of walnuts in this year's crop the Oregon Growers Co-operative association has just installed a large modern grader in its Salem plant.

With an estimated 600,000 pounds of walnuts for this season it is expected that half of the Oregon crop will be standardized in four grades by running the nuts through this machine.

So large and important is the Oregon walnut industry becoming that it is now necessary to lay the foundation for the development of outside markets. While the north-west will absorb nearly the entire tonnage of this year's crop the industry will rapidly outgrow the local market and eastern centers will be looked to in the near future.

# For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers.

It goes right to the spot with a gentle tingle, loosens congestion, draws out soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister.

Nothing like Musterole for croupy children. Keep it handy for instant use. 35 and 65 cents in jars and tubes; hospital size, \$3.

# His Religion Came High

Atlanta, Ga., Nov. 2.—Six dollars was the price Martin Baldwin, colored, had to pay for a nap in church, when fined this amount in recorder's court after having been found peacefully reposing in a tent used for divine service in Edgewood avenue. He said he had fallen asleep while listening to a sermon, and failed to awake when the services were over.

**The Miracle Wrought With DU PONT STUMPING POWDERS**  
Du Pont and Repauno Brands (Pacific Northwest Products)

**A FIELD of stumps and boulders, lying idle, unproductive—bringing money to the tax-collector and no one else. Next season a smooth, fertile field waving with wheat or corn or filled with fine potatoes. Such is the miracle being wrought every year on hundreds of farms in this state through the use of Du Pont or Repauno Stumping Powders**

**"Clear More Acres—Make More Money"**

—that is the slogan of the progressive farmer of today. Last year was one of the biggest, land-clearing years this state has ever known. This year will be a record-breaker. Simply because it is sound business to make unproductive land produce.

You do the job only once and pay for it only once. The first crop usually more than pays the cost. Then every future year each crop will add to your profits.

See our local dealer and order your season's supply. Always specify Du Pont or Repauno Stumping Powders. They are always dependable, high quality, low-freezing and no dynamites are cheaper.

This is some of the work that dynamite will do for you: It removes stumps and boulders, digs ditches, drains swamps, straightens streams, makes tree-holes, shatters hardpan. A 100-page book which explains the latest methods for doing this work will be sent free on request.
