

McNary And Sinnott Halt Court Action

Threatened litigation by the federal government which would have tied up development on approximately 120,000 acres of land adjacent to streams emptying into Malheur Lake, has been temporarily averted through the efforts of Senator McNary and Representative Sinnott, according to information received by State Engineer Cupper.

The threatened litigation involved a suit against all water users on the Silvies and Blitzen rivers, tributaries of Malheur Lake, with a view to insuring an adequate flow into Malheur Lake at all times so that the present condition of the lake would be maintained.

The suit, according to State Engineer Cupper, would have indefinitely tied up construction work proposed by the Harney Valley Irrigation district, comprising some 38,000 acres as well as interfered with development of the recently organized district on the Donner and Blitzen river for the reclamation of between 30,000 and 40,000 acres.

Postponement of the suit, it is hoped, will give an opportunity between the state and federal government which will result in the protection of the interests both of the bird preserve and the settlers who are dependent upon the streams in question for their water supply.

Fewer Students Receiving State Aid for Schooling

Thirty-nine Willamette University men are receiving soldiers' state aid this year. Of that number 23 are liberal arts students and 16 are law students. The amount of money received will average about \$700 per month during the year.

Last year's report shows that there were then 63 aid students receiving an average of \$1350 per month. Many of these men graduated with the class of 1921, which fact accounts for this year's decrease.

Rosedale Notes

Mr. W. E. Wey was in Albany Tuesday.

Mrs. Hilda Sheperd and twin boys, also Mrs. Richardson, have been visiting their mother, Mrs. Jordan, for a few days.

Lowell Gardner spent the weekend at home.

The young people had a class social at the home of Ornel Trick last Saturday evening.

Miss Dorothy Cole has been out of school several days on account of sickness.

Miss Emily Ivason commenced doing clerical work at the state house in Salem last Tuesday.

Mr. and Mrs. Albert Bates visited relatives in Newberg last Sunday.

Mrs. Watson and small son have been visiting her brother, Willard Campbell, for a few days.

Last Tuesday evening the men and boys of the community met and put the church wood under shelter. The ladies brought a plentiful lunch after which the Sunday school children's missionary beans were auctioned off. The 77 pounds brought over \$10. Miss Ruth Bates was awarded the first prize for the largest unit raised and Albert Commack the second prize.

Willamette To Join Colleges In Arms Plea

Willamette University this morning started proceedings that will lead to a response on her part to a call sent out to 700 college and universities and to 1500 secondary schools in the interests of a national convention representing educational institutions, which is called for the purpose of formulating resolutions to be placed in the hands of American representatives at the coming Washington world conference in the interests of world disarmament. One member of Willamette faculty, Professor C. M. Panuzio, and three students yet to be appointed will serve as a committee to draw up resolutions representing Willamette's conception as to what action should be taken at the convention of schools and colleges.

The convention of schools and colleges will be held in Chicago November 13 and 14. This convention proceeds the disarmament conference to be held in Washington, and at the Chicago convention the sentiment of educational centers will be expressed in resolutions and in turn placed in the hands of American representatives at Washington. Dr. E. C. Hickman, President of Kimball School of Theology will represent Kimball in Chicago, and Professor W. H. Hertzog of Willamette will represent Willamette.

Monmouth Plans For Observance of Armistice Day

Monmouth, Ore., Nov. 4.—Plans have been made for the observance of Armistice day in Monmouth. The independence post of the American Legion and the G. A. R. will meet in the Normal chapel in the forenoon. W. T. Vinton of McMinnville, president of the senate, will be the speaker. The legion members and grand army veterans will be entertained by the Commercial Club and citizens of Monmouth at dinner at the Community house.

May Force Germans to Pay

Paris, Nov. 4.—It is regarded in French official circles as almost certain that the allied supreme council will have to meet early in the coming year to take up the question of reparations as the result of the default of Germany, now expected in those circles, in the payment of the second billion gold marks on her reparations account.

USE SLOAN'S TO EASE LAME BACKS

YOU can't do your best when your back and every muscle aches with fatigue.

Apply Sloan's Liniment freely, without rubbing, and enjoy a penetrating glow of warmth and comfort.

Good for rheumatism, neuralgia, sprains and strains, aches and pains, sciatica, sore muscles, stiff joints and the after effects of weather exposure.

For forty years pain's enemy. Ask your neighbor. Keep Sloan's handy. At all druggists—35c, 70c, \$1.40.

Marcus Show Outlives Most

Only Ziegfeld "Follies and "Passing Show" are older—biggest coming west. The three longest established of the perennial revues are Ziegfeld's "Follies," New York Winter Garden "Passing Show" and the Marcus Show. Ziegfeld, the Shuberts and A. B. Marcus, it may be observed in passing, are among the three wealthiest showmen in America. Many have attempted to follow their footsteps. Some have prospered for a brief span of life but only George White of "Scandals" seems to have established himself with the leaders. Ziegfeld confines his activities for the most part to the part of the country east of Chicago. He never sends out a second company. As a rule the Shuberts and White book their original companies on America. Many have attempted

avored by Ziegfeld, although occasionally a second organization is sent on a tour of the west and south.

On the other hand, A. B. Marcus is the only owner of a big annual extravaganza who favors the middle-west, west and south with the original and number one attraction. He believes in dividing territory with no one. It is not hard to find, therefore, why the annual advent of the Marcus Show is regarded as a red letter event in the larger cities it chooses as its stamping ground.

Even in the style of the entertainment the Marcus Show differs from its eastern brothers—or probably, considering the pre-eminence of the feminine contingent, sisters would be better. Speed is the keynote of the Marcus Show of 1921 which comes to the Grand, Wednesday night, November 3. Matinee and evening. As it is of its favored touring place and as has been a salient feature of years past. This, the greatest of western shows, of, for and by the west, is bigger in size this season than ever before in history.

Sixteen of the 13 men injured in the explosion of the Beaver Hill Coal company's mine in Coos county, October 14, are rapidly recovering. The others have died.

Church Espoused Colleges Gaining

An increase in total registration amounting to over 3000 students is indicated by reports from the colleges and universities sponsored by the board of education of the Methodist Episcopal church of which Willamette University is one. The registration for October, 1921, is 42,499, while that for the same institutions for the corresponding period last year was 29,300. The increase is almost 8%. Thirty, out of thirty-seven institutions for which figures are available, report increases in attendance, in two cases as high as 64%. The loss in no case exceeds 2%.

The enrollment at Oklahoma City College reflects the beneficial returns of publicity secured during its recent campaign for increased funds, by an increase of 90 students, a gain of 64% over last year's registration. Evansville College, with a gain of 99 students also increased its registration 64%. Other institutions showing a large percent of gain in registration are Missouri Wesleyan College, which gained 53%; Iowa Wesleyan College, 44%; the University of Chattanooga, 34%; and Kansas Wesleyan University, 24%.

Bet your bottom dollar!

CHESTERFIELDS "satisfy" —fully and completely —like a long, cool drink "satisfies" when you're thirsty —but unlike anything you ever experienced in a cigarette before. A better flavor, yes; a more pleasing aroma, yes; but more than that, a rounded out "completeness" that is wholly satisfying.

That's how Chesterfields "satisfy." And the blend—that's why Chesterfields "satisfy." A blend of Turkish and of Burley and of the choicest of other fine home-grown tobaccos in a new combination!

They Satisfy —and the blend can't be copied

Much Suffering Caused by Waste Products in the Blood

What Science Knows About the Matter and How It is Best Treated.

The blood is more important than any of the organs. It is thru the blood that the whole human body is directly or indirectly nourished. The blood gets its nourishment from the intestines. The intestines also contain waste products—undigested foods, acids, gases and refuse, which sometimes get in the blood. When waste products get in the blood, nature will strive to cast them out. If your resistance is strong enough, nature will probably succeed. But if you are "below par," weak, run-down, and nervous, nature will begin to show signs of distress. As a result, you will have that feeling of fatigue. You will lack the energy you need for the day's duties and pleasure. Minor ailments will begin to affect you—pimples, blackheads, and boils. If the waste products are not gotten out of the blood at this point, it is possible a more serious skin eruption or disease will begin to show itself. It is not infrequent for waste products to settle in the muscles and joints and cause rheumatism. Listen to nature's warning. Your blood is your fountain source of energy—therefore keep your blood rich and pure. For over 50 years, thousands and thousands of men and women have relied on S. S. S. to clean their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality. Get S. S. S. at your druggist. Beware of substitutes. Write Chief Medical Director, Swift Specific Co., D-720 S. S. S. Laboratory, Atlanta, Ga. for special medical advice (without charge). He is helping people every day to regain their health and strength. Ask him to send you his booklet "Facts About the Blood"—free. S. S. S. is sold by all drug stores.
