

Whitney Boys Chorus May Be Organized Here

Preliminary steps toward the organization of a boys' chorus which will participate in the chorus of 29,000 voices planned for the 1925 world's fair in Portland and in which 10 states will be represented, will be taken tonight at a meeting called for 7:30 in the Salem high school auditorium for which arrangements have been made by H. E. K. Whitney of Portland.

Mr. Whitney has been speaking in the school yesterday and today, and states that he wants all the boys he can get who are willing to pay the 50 cents entrance fee. There is no age limit. In former choruses, which have toured the country under the direction of Mr. Whitney, the oldest boys have been 24 years of age. In his chorus this summer, the bass and tenor sections were the youngest, in point of age of the singers, of any chorus in the world.

Ten states have been asked to supply singers and during the eight weeks' stay at the fair the boys will live in tent city, having to pay the 50 cents entrance having its own governmental branch and selecting its representatives to govern the republic. There will also be mounted police, and a hundred of Shetland ponies will be supplied for this service.

Dr. H. C. Epley will perhaps have charge of the organization here, and at the meeting tonight Ben Scovell, noted humorist, will say a few words urging the organization of the chorus.

Will Lecture On Ireland Tonight

Rev. William L. Quinn, who has recently returned from a trip through Ireland, will give an illustrated lecture at the Knights of Columbus hall tonight. The pictures represent scenes in every county of Ireland and show conditions as they are said to exist in that country.

Michael Collins, commander in chief of the "Irish Republican" army commissioned Rev. Father Quinn to show the pictures to the American people and "let them plead the justice of our cause."

The speaker is a speaker of national reputation and is considered qualified to lecture on Ireland and answer questions regarding the situation there.

During an extended visit to Ireland the fall of 1920 and the spring of this year, Father Quinn met all the Irish Republican leaders intimately and is probably more familiar with them than anyone else in the United States.

Beautiful stereopticon views of Ireland and the latest released pictures, said to illustrate vividly present conditions will be shown by Father Quinn. Desmond Fitzgerald, minister of publicity of the Irish Republic is constantly supplying Father Quinn with material and pictures which bring his lecture up to the minute.

Five Jurors In Box When Court Opens

San Francisco, Nov. 15.—Twelve venire members examined and five jurors accepted tentatively, one of them a woman, was the situation at the opening of the second day of the trial of Roscoe C. (Fatty) Arbuckle here today on a manslaughter charge. Arbuckle went on trial yesterday on charges connected with the death of Miss Virginia Rappe, film actress, whose demise followed a party in Arbuckle's room at the Hotel St. Francis here last September.

The five jurors so far seated, however, still are subject to peremptory challenge.

Selection Careful.
Exhaustive interrogation to which veniremen are being subjected indicates that the jury probably will not be completed before Thursday.

Lack of interest in the tedious routine of picking a jury is thought to be responsible for the absence at the opening of Arbuckle's trial of the throngs that fought for admittance at his preliminary hearing, although all places in the court room were taken yesterday. A special police guard is on duty in anticipation of a scramble for seats when the taking of testimony is started.

Attorneys Clash.
The first day's session was devoid of interest except for verbal tilts between opposing counsel. The only incident bordering on the sensational was an intimation in county by Gavin McNab, chief of counsel for the defense, that District Attorney Matthew Brady had threatened to send to jail some witnesses if they refused to make certain statements. McNab added that he would produce seven witnesses to prove his assertion.

"If you do," retorted Brady, "I will resign."

Brumfield's Three Insurance Policies Will Be Returned

Roseburg, Or., Nov. 15.—The three applications for life insurance against Dr. R. M. Brumfield, since used by the state as evidence against Dr. R. M. Brumfield, convicted of Dennis Russell, are to be returned to the respective companies, if the stipulation entered into this afternoon by the attorneys for state and the de-

fense is approved by Judge Bingham.

The original applications were taken from the files of the insurance companies and used by the state in its effort to prove that Dennis Russell was murdered by Dr. Brumfield in order that the body might be substituted for his own so that his insurance might be collected by his family.

Although the appeal is still pending the applications are to be withdrawn from evidence and returned to the proper files and certified copies substituted.

Stops To Repair Light; Stuck Up By Two In Auto

Ten dollars in cash was last night taken from the person of James E. Box of Portland by two holdup men who accosted him when he stopped to repair the

lights on his motorcycle. The robbery was staged on the highway about two miles south of Jefferson.

The two men escaped in an automobile.

Salem police last night notified Eugene officers to be on the lookout for the automobile which, according to Mr. Bowen, had no license plates.

One of the men was described

as being tall and wearing a high hat. The other was short and of heavy build. He was wearing dark clothes.

New York, Nov. 15.—Picketing of 3000 garment shops by striking workers began today. Every picket was provided with a card of instructions from the union warning against engaging in arguments or making a disturbance.

Army Supplies Cheaper.
Washington, Nov. 15.—A reference of \$22,516,941 to the cost report of the quartermaster general of the army for supplies, clothing, food and quartermaster properties for the quarter ending September 30, 1921, and the same period last year.

Warner's

Rust-Proof

Corsets

The Corsets That Women Like

We know this because we sell so many of them and sell them over and over again to the same customers. It is probably because Warner's is such an "all-round" corset. It is fashionable in its lines, giving any type of figure those firm, trim contours that are just right under tailored clothes it is the soul of comfort, women tell us—and we think that is because it is so well-made and the boning is so skillfully placed. It is certainly the most economical corset you can buy, because it is guaranteed not to rust, break or tear.
