What's New On The Market

Buying prices on hens suffered a reduction of two cents. Heavy hens were quoted at 18 to 25 cents in Portland because of an over supply. Shippers here, however, retained their former prices for the reason that they depend entirely on local consumption for their market during the holidays.

Turkeys offered at 45 cents a pound, retail, are moving rapidly, and the prospects are that late buyers may be unable to obtain birds because of the uncertain deliveries from producers caused by weather conditions. No rise in price due to this is expected.

The first ducks and geese for the holiday trade appeared on the market this morning and were quoted at 20 and 23 cents, alive, wholesale, dressed, wholesale, 27 and 30, the retail price being 35 cents dressed, for ducks; geese, live, wholesale, 18 cents, dressed, 22 cents, retailing for 30 cents. Fine looking home grown rad-

ishes are on the market for 10 cents a bunch; good artichokes for 20 cents each, and Arizona grapefruit, in good condition, three for a quarter.

Four Americans Taken by Bandits But Are Released. Washington, Nov. 22.—Four Americans were captured late yesterday by Mexican bandits at Santa Eulalia, 22 miles from Chihuahua, the state department was advised today. After being held for ransom the party was released at the end of a four-hour period when no ransom was forthcoming.

Man Fined \$50 for Possessing Liquor. Jack Wikoff, arraigned before Judge Earl Race in the police court yesterday afternoon on a charge of having intoxicating liquor in his possession, pleaded guilty.

"You are sentenced to pay a fine of \$50," Judge Race told him. Wikoff paid his fine. He was arraigned Sunday by Officer W. W. Birtchet.

No doubt the nations will feel very virtuous while destroying their obsolete battleships.

Ottawa Names Candidates Today. Ottawa, Nov. 22.—Nomination of parliamentary candidates took place today in every electoral division throughout Canada. The general election will be held December 6.

In the majority of divisions the government party, headed by premier Meighen, has candidates in the field while the liberal (opposition) party, led by W. L. Mackenzie King, is also strongly represented. The progressives, whose leader is T. A. Crerar, former minister of agriculture, placed many candidates especially in the west.

Albany College Campus Flooded. Albany, Or., Nov. 22.—With the heaviest rainfall in the memory of many old timers, the local sewer system is unable to carry off the surplus water and the college campus Sunday became a big duck pond. Basements all around filled rapidly. The kitchen and dining room of Tremont hall, college girls' dormitory, located on the ground floor, were flooded and the cook was forced to use a little four-hole stove on the second floor as a temporary substitute for her range. Several students who roomed at other places but took their meals in the college commons, were forced to go elsewhere.

The water reached the top of the firebox in the furnace in the main building. If the meat packers want to stimulate business they might put on the market some choice cuts in prices.

How to Make Pine Cough Syrup at Home

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Fine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup. To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup.

Either way, you make a full pint—much more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistent loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "3/4 ounce of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

The Block Signals Are Working—

In some respects, human experience is like railroadings. Every moment of the business and social day the block signals are giving right of way to keenness and alertness—while the slow and the heavy must wait on the sidetrack for their chance to move forward.

The ability to "go through" and to "get there" depends much on the poise of body, brain and nerves that comes with correct diet and proper nourishment.

That's why so many choose Grape-Nuts for breakfast and lunch. Served with cream or milk it is completely nourishing, partly pre-digested, and it supplies the vital mineral salts so necessary to full nutrition.

Grape-Nuts has a rich, delightful flavor, is ready to serve on the instant—and is distinctly the food for mental and physical alertness and speed. At all grocers.
